

## *Jan Sciacca - 2020 Inductee into CBH/SAA Hall of Fame*

Jan has always been an outdoors woman. She loves the outdoors, hunting and the Sierra Nevada Mountains. However, she was a bit shy when it came to competing in archery. She wasn't ready for the criticism that could come from people watching her shoot....boy did that change!

Jan was finally convinced by her husband, Chuck, to shoot a 3D tournament with him...and she has never looked back. She, and others around her, realized that she had "it" for shooting a bow. She was a natural.

Here are some of Jan's accomplishments;

Adult Bowhunter – Two day format- Field 485, Hunter 487, Animal 540, Aggregate 1496

Adult Bowhunter – One day format – Field 246, Hunter 243, Animal 276, Aggregate 755

Jan competes along with the men and is always sought after as a partner for team events. She is willing to teach the youth and women archery and encourages them the same to be the best that they can.

Jan IS an archer. Jan IS a winner. And, Jan IS one of the nicest competitors around.

Congratulations!
