

Terry Mikesell

Kathleen “Terry” Mikesell got into archery from the love of helping her friends out.

Terry is known as the volunteer for everything. You need help, she’d be there to help you out. And, you’d better be ready if she needed your help.

Terry’s knowledge of who to get in touch with, who to talk to about a problem, how to solve an issue, she had the answer for you.

Terry was never known to be shy. You knew where she stood on an issue and she was always open for conversation.

She started her volunteering at Straight Arrow Bow Hunters back in the 1970’s, working a snack bar out of a van. Fast forward to the 90’s, there were countless hours of working the Western Classic Trail Shoot in the kitchen, up at 3am and to bed at 10pm, then back at it the very next day.

Terry became the SAB Treasurer in the mid 90’s & held that position for almost 10 years. She was also the Tournament Director, Purchasing Agent and heck of a burger flipper.

After being involved with SAB for many years, she then volunteered with the Cascade Region. She and Steve Bostain went everywhere together. They worked the shoots together.

Yes, Terry did shoot a bow too. Although she would say that she “flung the arrows out there”, she was always having a great time. Might have cost her a few arrows, but that was okay, she was having fun with other like minded archers.

She competed at the Gene Foster Traditional Rendezvous, CBH/SAA Broadhead, Straight Arrow Bow Hunters fun shoots, Humboldt Archers and Ishi Rock Festival.

After many years of local archery, she got involved with CBH/SAA.

Terry became the CBH/SAA Treasurer in 2007. She always looked out for the best for CBH/SAA. Although she was cautious about the online ways of doing business, she was there to see that online membership was up and running.

Terry was passionate about her work, was a humble woman, worked tirelessly for anyone who needed her and to say the least, she was a very patriotic lady.
