### PLEASE NOTE:

CBH/SAA is not responsible for incorrect information printed on ads; are not created by CBHSAA. If changes or corrections must be made they must be made in writing prior to printing. All articles, stories and advertisements are the opinions and statements of the contributors and do not necessarily reflect the editorial opinions of this publication.

HOW TO SEND YOUR AD: Go to [CBHSAA.net](http://CBHSAA.net) and look for the instructions on the home page. **Advertising with CBHSA** then look for “**Submit Your AD**” button. **The ad deadline is the 25th of the month, with a one month lag.** For example if your ad is for the June issue, submission would be April 25th. Expect a confirmation within 5 days or call 619-368-2948 on or before the deadline. Send all submissions in a generic format such as **jpg, doc, or pdf**. Note: some fonts may be replaced so the ad is legible. If you send a PDF file, or embedded fonts, please send files less than 1MB in size. **PAYMENT:** Please send payments to CBH/SAA Treasurer - Terry Mikesell, PO box 491990, Redding, CA 96049-1990, or payments options are available online when the ad is submitted. Payments must be received prior to the deadline with a Check, Credit Card or through PayPal - [www.cbhsaa.net/advertising.html](http://www.cbhsaa.net/advertising.html).

**MEMBERSHIP, MISSING MAGAZINES, OR ADDRESS CHANGES:** The post office WILL NOT forward your MAGAZINE. Send your address changes to CBH/SAA - 7710 Camino Vista, Shingletown, CA 96088 or email mpsevertson@frontiernet.net. If you are also a member of NFAA, the CBH Secretary will forward the changes to NFAA headquarters.

Good day and I hope this newsletter finds you well. As some hunting seasons wind down and others in Arizona get ready to start, I want to encourage everyone to be safe out there and use good common sense. Most of us, hunter education instructors, get all the horror stories from around the country and most of them could be prevented by using common sense and applying what has been learned from experience and class work. The story of the gentleman in Arkansas comes to mind. Out hunting with his Grandson and made the mistake of approaching a downed buck from the front instead of behind like we are all taught. The animal jumped up and charged him, goring him in the abdomen and chest. He never made it out of the woods. Sadly, this is a story the grandson will never forget either. As we head to the woods for a day or week of hunting please remember they're called big game for a reason. They're a lot bigger and stronger than they look on TV and much more unpredictable. Please be safe out there.

Hopefully everyone has taken time to contact their region representatives and discuss petitions and nominations for the upcoming CBH/SAA meeting and calendar year. The nominations are now closed and petitions were due and have now been sent to the regions for review and discussion. I would encourage every CBH member to contact their regional reps and at least discuss the petitions as they are written. If you don't know your regional

reps then contact your club president and they will put you in touch. I encourage everyone to come to Visalia, CA for the CBH/SAA State meetings on the weekend of January 10-12, 2020. We will be having two solid days of meetings concerning the petitions, decisions on the locations of all state championship shoots and other important statewide business. We will also be installing the officers for the next 2-year term and appropriating funds for a variety of ongoing projects. There will, of course, be the Saturday evening Hall of Fame Banquet and the installation of five new and very deserving Hall of Fame inductees, so make plans now! We would love to have record crowd for all the scheduled events.

If you want to get involved and know where your money is going, there is no better way than coming to the state meetings. Registration information is in the newsletter or on the website.

Please make plans for the State Traditional Championship the weekend of February 15-16, 2020. It will once again be held at Verdugo and we expect it to be a success again. Last year's shoot hosted well over 100 shooters and I heard nothing but great things about the shoot and of course the host club. Find the flyer in the newsletter or on the website. Get signed up early as I know George will be printing tshirts for the event again and will need sizes and numbers.

Keep in mind the State Indoor Championship being shot at multiple sites throughout the state. 2<sup>nd</sup> VP of Indoor Target is Dawnell Scott and she does an incredible job of compiling all of the scores and getting awards where they belong. She is the one to contact if you have any general questions, otherwise contact your chosen host site for more information. Make sure to get signed up early as most shops have limited number of lanes and limited schedules. The entire tournament is shot in January so you have only a few days available. Keep in mind that it should be a great warm up for the Vegas Shoot in February!

Please mark your calendars for the International Sportsman's Expo in Sacramento on the weekend of January 18-19, 2020. CBH/SAA is always represented at this event and

this year we will be working with the CDFW in promotion of the R3 initiative. Robert Moore and his team will be hosting an archery booth and helping CDFW with a few targets and some archery at their event simultaneously. For more information about getting involved, please contact Robert Moore. His contact information is in the newsletter. We will need all the help we can get. The young outdoors people are the future here in California and this is a perfect time to get archery in front of them.

In closing I would like to touch on a couple of things. Please make sure to stop by your local archery pro shops for your archery needs. Continued on page 10

# TURNER'S OUTDOORSMAN

CHINO HILLS • PASADENA • OXNARD • VICTORVILLE • FOUNTAIN VALLEY • WEST COVINA

# TURNER'S OUTDOORSMAN

## ARCHERY DEPARTMENT NOW OPEN! IN 6 LOCATIONS

Chino Hills • Victorville • Pasadena • Oxnard • West Covina • Fountain Valley

For over 40 Years Turner's has been outfitting Shooters, Hunters and Anglers across Southern California and we are happy to announce our **Full Service Archery Department** to meet the needs of Archers from Beginners to Pros. Whether you're a seasoned bow hunter or a parent with little ones curious about this great sport, Turner's can now get you the gear you need for a successful day in the field or on the range. Turner's is an Authorized Dealer of Bowtech, PSE, Elite & Hoyt Bows. We not only have a large selection of arrows and all the accessories you need from the industry's top manufacturers, we are also a full service pro shop that can assist you with the complete setup, tuning or repair of your archery equipment. We welcome you to stop in our new archery department to meet our experienced Archery Technicians. Test the latest bows on the market in our test range or bring in that old bow of yours and let our pros get it back in shooting condition.

**NEW!** NEW 20 YD  
ARCHERY RANGE  
NOW OPEN  
IN OXNARD,  
FOUNTAIN VALLEY  
& WEST COVINA!

## Legislative Information By Robert Moore

A FGC meeting was held December 11 and 12 in Sacramento. At time of this article the meeting was yet to be held. Agenda items, 6. Mountain lion Receive 90-day evaluation report from the Department for the petition to list mountain lion (*Puma concolor*) as a threatened or endangered species under CESA. (Pursuant to Section 2073.5, Fish and Game Code) The Department will recommend that this item be continued to a future meeting. 7. Wild trout waters policy Receive Department recommendation and consider adopting proposed amendments to the Commission's Designated Wild Trout Waters policy. (Pursuant to Section 1727, Fish and Game Code) 8. Possession of nongame animals (nutria) Consider adopting proposed changes to regulations for possession of nongame animals, in order to exclude nutria (*Myocastor coypus*) from the list of nongame animals that can be possessed alive with a special permit. (Amend Section 473, Title 14, CCR) 9. Delta Fisheries Management Policy and Striped Bass Policy Discuss and consider adopting a Commission Delta Fisheries Management Policy and an amended Striped Bass Policy. 10. Executive director's report Receive an update from the executive director on staffing and legislative information. (A) Staff report I. Consider staff request to submit comments to the California Law Revision Commission for Phase I review of its tentative recommendation for a new California Fish and Wildlife Code (B) Legislative report and possible action I. Discuss HR 3399 and consider authorizing a comment letter to support including California in the federal nutria eradication program 11. Strategic planning Receive an update on the strategic planning process and discuss potential goals and objectives. 12. Department informational items (wildlife and inland fisheries) The Department will highlight wildlife and inland fisheries items of note since the last Commission meeting. (A) Director's report (B) Law Enforcement Division (C) Wildlife and Fisheries Division, and Ecosystem Conservation Division I. Inland salmon 2019 season update and water flow II. Update on Wildlife Waystation closure transition 13. Tribal Committee Discuss and consider approving draft agenda topics for the next committee meeting. Consider approving new topics to address at a future committee meeting. (A) Work plan development I. Update on work plan and draft timeline II. Discuss and consider approving new topics 14. Wildlife Resources Committee Discuss and consider approving draft agenda topics for the next committee meeting. Consider approving new topics to address at a future committee meeting. (A) Work plan development I. Update on work plan and draft timeline II. Discuss and consider approving new topics 15. Mammal hunting Consider authorizing publication of notice of intent to amend mammal hunting tag quotas and seasons regulations. (Amend sections 360, 361, 362, 364, and 364.1, Title 14, CCR) 16. Waterfowl hunting (annual). Consider author-

izing publication of notice of intent to amend waterfowl hunting regulations. (Amend sections 502 and 507, Title 14, CCR) 17. Public use of Department lands Consider authorizing publication of notice of intent to amend wildlife areas and ecological reserves regulations. (Amend sections 550, 550.5, 551, 552, 630, and 702, Title 14, CCR) 18 Central Valley sport fishing Consider authorizing publication of notice of intent to amend Central Valley sport fishing regulations. (Amend sections 2.35 and 7.00, and amend subsections 7.50(b)(5), (68), (124), and (156.5), Title 14, CCR) 19 Klamath River Basin sport fishing Consider authorizing publication of notice of intent to amend Klamath River Basin sport fishing regulations. (Amend subsection 7.50(b)(91.1), Title 14, CCR) 20 Klamath River Basin 2084 (90-day extension) Consider adopting a 90-day extension of the upper Klamath-Trinity river spring Chinook salmon emergency regulations. (Re-adopt subsection 7.50(b)(91.2), Title 14, CCR) 21 Klamath River Basin 2084 (certification of compliance) Consider authorizing publication of notice of intent to implement a certificate of compliance for the upper Klamath-Trinity river spring Chinook salmon emergency regulations. (Add subsection 7.50(b)(91.2), Title 14, CCR) 22. Foothill yellow-legged frog Consider and potentially act on the petition, Department's evaluation report, and comments received to determine whether listing foothill yellow-legged frog (*Rana boylei*) as an endangered or threatened species under CESA is warranted. **LEGISLATIVE REPORT** continued from page 5:  
 (Pursuant to sections 2075 and 2075.5, Fish and Game Code) Note: Findings will be adopted at a future meeting. Wildlife and inland fisheries petitions for regulation change Consider requests submitted by members of the public to adopt, amend, or repeal a regulation. (Pursuant to Section 662, Title 14, CCR) (A) Action on current petitions I. Petition #2019-019 AM 1: Remove reticulated Gila monster from list of restricted species II. Petition #2019-020: Increase brown trout bag and possession limit within the Klamath-Trinity River basin III. Petition #2019-021: Change leader length restriction for fishing tackle in anadromous waters from less than six feet to less than thirteen feet (B) Action on pending regulation petitions referred to staff or the Department for review – None scheduled at this time

25. Wildlife and inland fisheries non-regulatory requests from previous meetings Consider action on non-regulatory requests submitted by members of the public at previous meetings. Recess

DAY 2 – DECEMBER 12, 2019, 8:30 AM

37. Commission administrative items (A) Next meeting – February 5-6, 2020 in Sacramento (dates to be reconsidered) (B) Rulemaking timetable updates (C) New business Adjourn

The next Wildlife Resources Committee will be held Tuesday January 16<sup>th</sup> in the Los Angeles area. Agenda has not been established at this time.

#### **Legislation:**

Below is a list of bills signed by the Governor that have a huge impact on hunting and wildlife.

#### **AB 44 (Friedman) – Fur Products: Prohibition, SIGNED**

As chaptered October 12th, AB 44 – legislation by Assembly Member Laura Friedman (D/43-Burbank) – will make it unlawful to sell, offer for sale, display for sale, trade, give, donate, or otherwise distribute a new fur product in California for monetary or nonmonetary consideration. The bill will also make it illegal to manufacture a fur product in the state. AB 44 will go into effect on January 1, 2023.

AB 44 defines “fur product” as any article of clothing or covering for any part of the body, or any fashion accessory, including, but not limited to, handbags, shoes, slippers, hats, earmuffs, scarves, shawls, gloves, jewelry, keychains, toys or trinkets, and home accessories and decor, that is made in whole or in part of fur.

AB 44 expressly states that “fur product” does not include taxidermy, and defines taxidermy as “the practice of preparing, stuffing, and mounting the skin, in lifelike form, of any fish, reptile, amphibian, bird, or mammal”. The bill, among other things, does not apply to a dog or cat fur product; an animal skin or part thereof that is to be converted into leather, which in processing will have the hair, fleece, or fur fiber completely removed; cowhide with hair attached; and deerskin, sheepskin, or goatskin with hair attached. AB 44 also exempts “used” fur products but does

require that a person that sells or trades an exempt fur product maintain a record of each sale or trade for at least one year.

#### **AB 273 (Gonzalez) – Recreational and Commercial Fur Trapping: Prohibition – SIGNED**

As chaptered September 4th, AB 273 – legislation by Assembly Member Lorena Gonzalez (D/80-San Diego) – will, among other things, make it illegal to trap any fur-bearing mammal or nongame mammal for purposes of recreation or commerce in fur and prohibit the purchasing or sale of the raw fur of any fur-bearing mammal or nongame mammal. Coined the “Wildlife Protection Act of 2019”, AB 273 also eliminates fur dealer and fur agent licenses.

#### **AB 1254 (Kamlager-Dove) – Bobcats: Take Prohibition SIGNED**

will fully prohibit the hunting of bobcats statewide. Commencing January 1, 2025, the bill will authorize the Fish and Game Commission to reopen a bobcat hunting season in any area determined by the Commission to “require” a hunt. However, the bill will require that, before a bobcat season could be reopened by the Commission, the Legislature will have to appropriate funds specifically for, among other things, Department of Fish and Wildlife (DFW) to complete a bobcat management plan to inform bobcat management decisions. Further, the bill specifies that the bobcat management plan shall include: 1) a current statewide bobcat population estimate based on the best available science; 2) an assessment of the overall health of the statewide bobcat population; 3) a comprehensive strategy to manage bobcat populations and their habitat throughout the state, including, but not limited to, an assessment of the effects of climate change, such as from drought and wildfires; rodenticides; and human development on the state’s bobcats, the bobcats’ prey, and the bobcats’ habitats; 4) an investigation of efficacious nonlethal solutions to prevent bobcat predation on livestock; and 5) recommendations for regulatory or statutory changes necessary to implement the bobcat management plan. AB 1254 will also require the Commission to set hunting license and bobcat hunting tags fees for any subsequent seasons in which bobcat hunting is allowed at the levels necessary to fully recover all the reasonable administrative and implementation costs to DFW and the Commission associated with the hunting of bobcats. The recent addition of language which requires an appropriation from the Legislature for, among other things, DFW to develop and implement the management plan and the Commission to reopen the bobcat hunting season is especially troublesome. Although the language eliminates development of the plan being yet another unfunded mandate placed on DFW, it places an additional stumbling block in the way of a possible future reopening of the season by requiring that the Legislature specifically earmark funding for that purpose – a difficult “ask” at best, given the current makeup of the building would, until January 1, 2025, fully prohibit the hunting of bobcats.

Continued on page 7

**LEGISLATIVE REPORT** continued from page 6  
Commencing January 1, 2025, AB 1254 would re-authorize the Fish and Game Commission -- through its normal mammal hunting rulemaking process -- to reopen a bobcat hunting season in any area determined by the Commission to "require" a hunt. The language of the bill specifies that, in doing so, the Commission shall consider the potential impacts of a bobcat hunting season, including: 1) bobcat populations; 2) bobcat wild prey; 3) disease abatement; 4) the control of invasive species, especially nutria; 5) consideration of public values with regard to the hunting of bobcats; and 6) the administrative, implementation, and enforcement costs to DFW and the Commission associated with bobcat hunting.

The above bills basically eliminate any trapping and fur trade.

A concern within the process of those bills relates to the Governor requesting favorable modification to language or he wouldn't sign. Legislature didn't make the modifications and sent him these bills and he promptly signed them. From our lobbyist Bill Gaines and CWA lobbyist Mark Hensley and CRPA lobbyist Roy Griffith, they expect with the Governor caving on those bills that new bills will be introduced to the elimination of certain hunting of species will be introduced after the first of the year. The original bobcat bill had bears included in the language but was removed so it would be more favorable to pass. Another word, not enough people hunt bobcats to give enough resistance within the process. They expect a bill to eliminate bear hunting will be introduced soon.

**SB 395 (Archuleta) – “Wildlife Traffic Safety Act” – SIGNED** As chaptered October 13th, SB 395 – legislation by Senator Bob Archuleta (D/32-Cerritos) – will, upon appropriation of funding by the Legislature, improve public safety and help protect our wildlife resources by reducing the frequency of vehicle-wildlife collisions on California's roadways. Coined the “Wildlife Traffic Safety Act”, SB 395 will also help clean California's roadways, while reducing the needless waste of a healthy, free-range wild food source. This legislation was sponsored by the California Deer Association with the assistance of Gaines & Associates, and in coordination with the Road Ecology Center at the University of California at Davis and the California Rifle and Pistol Association.

As chaptered, SB 395 will, upon appropriation by the Legislature, authorize the California Fish and Game Commission to establish a pilot program by no later than January 1, 2022 for the issuance of wildlife salvage permits through a user and cell-phone-friendly web-based portal developed by DFW to persons desiring to salvage the meat of deer, elk, antelope or wild pigs killed as a result of a vehicle collision on a roadway. The bill requires the Commission to prescribe the requirements for applying for and receiving a wildlife salvage permit. The bill also

authorizes the Commission to restrict the roadways where wildlife salvage may be conducted and the species subject to salvage. Motorists who do not choose to salvage animals, although not required, can still report them to facilitate their removal and possible use.

SB 395 will, upon appropriation by the Legislature, require DFW to develop and implement the pilot program to collect and compile information and data on wildlife-vehicle collisions no later than six months after the Commission establishes the pilot program. The bill limits the pilot program to a maximum of three geographically dispersed sites identified by DFW to be areas of frequent wildlife-vehicle collisions. The bill also authorizes DFW to coordinate with other state agencies that remove dead wildlife from roadways to determine the scope of data collected on wildlife-vehicle collisions. At the conclusion of the pilot program, SB 395 requires DFW to report to the Commission on the number of wildlife-vehicle collisions identified during the study period, barriers to additional data collection, the feasibility of creating a statewide wildlife-vehicle collision reporting system, and the estimated cost of implementing a statewide wildlife-vehicle collision reporting system.

Although the “meat salvage” aspect of the bill highlighted most discussions, the reporting aspect is the key component. SB 395 will facilitate critically needed reporting of where vehicle/wildlife collisions occur so Caltrans, DFW, CHP and other state agencies can better assess where future wildlife highway crossings would provide the greatest benefits for both wildlife and motorists would improve public safety and help protect our wildlife resources by reducing the frequency of vehicle-wildlife collisions on California's roadways. Coined the “Wildlife Traffic Safety Act”, SB 395 would also help clean California's roadways, while reducing the needless waste of a healthy, free-range wild food source. This legislation is sponsored by the California Deer Association with the assistance of Gaines & Associates, and in coordination with the Road Ecology Center at the University of California at Davis.

**Note:** SB395 starts the process for a program to be implemented. As mentioned above and pasted here, “upon appropriation by the Legislature, authorize the California Fish and Game Commission to establish a pilot program by no later than January 1, 2022 for the issuance of wildlife salvage permits through a user and cell-phone-friendly web-based portal developed by DFW to persons desiring to salvage the meat of deer, elk, antelope or wild pigs killed as a result of a vehicle collision on a roadway. The bill requires the Commission to prescribe the requirements for applying for and receiving a wildlife salvage permit. The bill also authorizes the Commission to restrict the roadways where wildlife salvage may be conducted and the species subject to salvage.” Until the legislature and Commission final this law wildlife salvage is still illegal.

# Eureka, Kansas

Roy Brokaw

On Sunday, October 27, 2019, I began my drive to Eureka, Kansas, from Los Angeles for my second Whitetail hunt with the 'Fall River Outfitters.' Fall River Outfitters is a small, one man operation run by a gentleman named Al Gulick. Al has one hundred tree stands and around thirty cameras set up all over the approximately ten thousand acres he leases for hunting. Al is a great guy and very helpful, plus as a lifetime resident really knows the area.

I spent three nights on the road in my RV staying at truck stops and rest areas. I had an interesting breakfast at Lonita's Cafe in Roy, New Mexico. Lenity's serves hash browns and 'toast' with their french toast, I've never heard of that before, but I guess if you're feeling starch and carbohydrate deprived this will fix you right up. I arrived in Eureka on Wednesday afternoon October, 30th. After being there for about fifteen minutes Al asked if I was ready to go out for an afternoon hunt, I declined because I needed to get my equipment in order. The following morning I got up at about 4:00AM and was in the tree stand about an hour before daybreak. It was my first morning and it was 13 degrees. I saw several does and a couple bucks but most were well out of long bow range. I sat in the stand until about 10:00AM when my frozen feet made me cry uncle. At 3:30PM I was back in the stand, I saw a few does and their yearlings, a couple were within range but I was looking for a good Buck. I got a doe last year and was determine to get a buck this year.

Day two was about the same as the previous day but a bit warmer. I saw some does within range and a couple of bucks at sixty yards behind scattered trees. Getting out of the tree stand in the evening I startled two does I didn't know were there, apparently right behind the stand. They started making a barking sound which to me sounded like two little Chihuahuas, kinda scared the crap out of me. I asked the more experienced hunters if they had ever heard deer make that kind of vocalization? They said they hadn't, I swear that I did.

On day three it got decidedly warmer and I saw nothing at all morning or night and was very disappointed. On the morning of day four, Al moved me to another stand

and I didn't see anything there either. Later that afternoon I decided to go back to the original stand. The wind wasn't quite right but I like that location, a lot. The stand is set up about sixty yards from where I shot my doe last year, I just like the way this stand looks and feels. I saw a couple of doe's but it was extremely windy and there wasn't too much activity except for a Possum poaching some corn.

On Tuesday the morning, day five of my hunt, I drove into the field and parked in my usual spot, about a quarter of a mile from the stand. Two does were standing where I usually parked and I scared them away as I drove in. It was overcast and very dark when I arrived at my stand and I got settled in about an hour before daylight. I could hear movement down on the ground and the sound of deer eating corn but couldn't see anything, it was pitch black. As it started to get light I could make out the silhouettes of three deer. I so badly wanted to see a buck I could have sworn I saw antlers, I reached up and got my bow off of the rack. As it got a little lighter I could just barely make out three does.

It still wasn't shooting light and they stayed in the area eating until it was almost light enough to take a shot. All of a sudden they started to get nervous raising their heads, looking around and sniffing. I thought that they had pinned me although I hadn't moved. Shortly thereafter they moved off and disappeared into the trees. Then, all of a sudden out of nowhere a big buck walked in towards the stand from a direction that I had not seen them come in before. I

figured he was the reason the doe's had gotten so antsy. He walked around just out of range behind a couple of trees and then finally came into range and put his head down to eat. I stood up and started to draw my bow but the fletching on the arrows in my bow quiver brushed against the shooting rail on the stand and made a sound, he raised his head and looked in my direction. There I was at half draw with my sixty pound bow for what seemed like an eternity but I waited until he glanced away to let down. It was ten minutes to seven and there was finally sufficient light to take a shot, when he lowered his head the second time I came to full draw, took aim, and loosed

**FIRST ANNUAL  
HOLLYWOOD CELEBRITY  
SHOOT  
THANK YOU!**  
JAMES SWAN

Thanks again for your support. We had about 60 people total for the first Annual Hollywood Celebrity Archery Shoot, including 16 NASP kids from San Diego. See photos -- <https://www.facebook.com/snowgooseproductions/> The pictures give you a feeling for it. The fires have really had an influence in that area. The CVA range did not catch fire, but the smoke still lingered and drove my eyes nuts. Some of the folks who said they would be there could not attend because of delays in shooting due to fires forced people into overtime. Nonetheless Frank Stallone, Diamond Farnsworth, Tim Abell, several musicians, stunt people and an Oscar-winning foley artist, combined with retired game wardens from "Wild Justice" gave us plenty of celebs. And some folks like the half a dozen stunt women who had to go to location want to come next year.

Frank Stallone was the winner for celebs. but Diamond Farnsworth stole the show as he brought along a vintage bow -- in "Rambo" he was Sylvester Stallone's stunt double and he did all the trick shots -- so that was the bow he brought to show everyone.

The real winners were the kids. They shot from 11 and 16 yards and one won a bow, and several more won targets. The real winner was Logan Siebla the teacher from IDEA HS in San Diego. The last event of the day was two arrows shot at giant rabbit 100 yards away (with a baseball sized target tacked on the giant rabbit as the bullseye), winner take the \$1100 Mathews bow. Dave Gore, national archery champ was in the lead until Logan stepped up to shoot. His first arrow missed the rabbit by ten feet. So the second arrow he just decided to let go and use The Force. His second shot hit one inch closer to the exact center than Dave's and so Logan left with the bow.

People are already talking about next year. We are forming a team to produce it.

James Swan, Ph.D.  
Co-Executive Producer, "Wild Justice," Nat. Geo.  
Channel & CEO, Snow Goose Productions

EUREKA, KANSAS continued from page 8

my arrow. I held my form and saw the arrow enter his right side with a very audible thump. He reacted to the impact and ran straight ahead about thirty yards, looked back, and then disappeared behind a fallen tree. I immediately heard a crash and two loud raspy breathes and then silence. I was sure he was down and out but I sat in the stand for about thirty minutes and waited. When I climbed down I walked to where he was standing when I took my shot and there was my arrow covered from point to fletching in pinkish colored blood. I followed the blood trail for about thirty-five yards and there he was. Blood was still percolating up through the exit wound of the far side lung. I had made a great double lung shot, I guess all those 3-D tournaments paid off. I figure it he was dead within about twenty-seconds of being shot.

I walked to my car, called Al, and waited for him to arrive with his truck. We loaded up my deer and drove a few miles to where another of his hunters had gotten a buck. We field dressed both bucks and then drove back to Al's place where we hung the deer from the rafters in the garage. My buck, a large eight point, weighted in at 171 pounds field dressed. I skinned the buck and kept the antlers. We drove to Woodson County Prime Meats, in Yates Center, Kansas, about thirty miles away to have the deer processed. I figured it would be easier bringing it back already packaged after having difficulty last year trying to find a butcher in the Los Angeles area that would process a deer. When we arrived at the processing plant there were already eight bucks laying outside waiting for processing, mine got priority treatment because it was already skinned and was taken directly into the cooler. Several other deer were hanging in the cooler. They told me they processed about five hundred deer last season. I told them that I was in a bit of a hurry to get on the road to head home. The next morning they called and said that my meat was ready to go. I couldn't have been more happy with their work, the meat was wrapped in white butchers paper and labeled very professionally with my name and the cut of meat on every package. It filled the two ice chests I had brought with me, if I had shot a doe too, which I had considered, I don't know how I would have gotten the meat home.

This was a great adventure and I enjoyed my time at the lodge, really just an old two story farm house. Visiting with and talking to the same guys who I meet last year was a lot of fun. Continued on page 10

EUREKA, KANSAS continued from page 9

Next year I may go back or I may try something different. Maybe a bear hunt in Washington, or Elk in New Mexico, who knows what adventures lay ahead.

**WE NEED YOUR STORIES!  
THE DEADLINE FOR THE  
MARCH EDITION IS  
JANUARY 25TH!**

Send in your pictures and  
also include a short story.

President's Message continued from page 3

I certainly understand the need to find your best price and I know it can be tempting to head for the internet for archery equipment. Please keep in mind that the archery shops are there for all of us when it comes to hosting tournaments, JOAD programs for our kids or even that quick adjustment that you just couldn't get right yourself...which they often times do at no charge! These are the entrepreneurs that we look to for raffle gifts at our shoots. Much of which comes out of their own pockets. Let's make sure we're supporting those that support us! Last bit of advice surrounds equipment. We had an incident recently that brought fair chase to the forefront and caused more than a few headaches. When it comes to trophy hunting, I think we would all like to see the biggest and the best in the record books. BUT, you have to do it by the book. Please make sure you are doing your research and checking all applicable F&G laws AND all fair chase rules for any submissions. It's ultimately up to the hunter to make sure the harvest complies with Pope and Young and CBH/SAA BGC fair chase rules and guidelines. Much like Fish & Game code, the fair chase rules can and might change. If you have questions or are unsure then contact the appropriate club and get some clarification. No one wants to harvest a record setting animal only to have it disqualified. Until next time, good luck and safe shooting to all!

## Bear Hunt Manitoba, Canada Bob CaSteel

This past May, my son Shawn and I (pictured below) embarked on a small adventure up into Canada, to a little community area called Birch Creek which is 242 kilometers north-northwest of Winnipeg in Manitoba Canada. We joined up with StickFlingers guide service, Owner Ryan Derlago who guides only bow hunters and runs a great camp with Excellent accommodations.

My son and I both scored on big bears. We both scored 6'-2" x 6'-2" squared hides and they weighed in at 300 lbs. I got mine on the evening of May 13th and My son got his on the evening of May 14th, 2019. My sons bow was a Hoyt Red WRX Carbon Ultra 1, #73 lbs, 28" draw with a number 2 Cam. He used FMJ Arrows, with Trocar broad heads. I used my recurve on steroids the Oneida Phoenix set at 60 pounds. I shoot instinctive with fingers but no sight. My arrows are aluminum xx78 super slams and I used GrimReaper broad-heads. It was a great hunt and a blessed time. May The Good LORD Bless You all and May your hunts be a great time.

## Breast Cancer Benefit Shoot for SAB Life Member

by Pam Severtson

The weather could not have been any better to host this emotional shoot for one of our Life Members.

A Big Thank You to all of those who helped put this on; Lesley Pearson – she drew all of the targets and painted the “characters”...with some assistance from Valerie & Marissa Castro.

Then, a painting party on the Saturday before the shoot, we painted the red hearts on the targets....thanks to; Dave & Diana Wannamaker, Matt Severtson, Mike Greene, Richard Aubrey, Stephanie Gagliardi, Monica Standifer.

After they were dry, we had more help to put them all out! Daniel & Braydon Craig, Jim Waters, Glen Pine, Tim Standifer, along with the others.

Thanks to Tom McMahan and Michele Stacy for their help Sunday morning and again to Daniel Craig and Mike Greene for helping take them down.

Thanks to the kitchen & raffle crew; Monica Standifer, Diana Wannamaker, Valerie Castro, Tim Standifer and Linda Rathbun.

A BIG Thank You to those who donated to the raffle; Landscape Designs and Sportsman’s Warehouse for the shot gun (which tickets are still available, \$10 each and the drawing will be at the banquet Jan 4th), PSE for donating a bow!!!! Victory Archery for donating 6 ½ dozen fletched arrows, Lisa Thomas for her famous cookies, Spider Archery and Moxley Media for the shirts (which are still available for \$20, contact me), Turner’s Outdoors (Southern California) for their accessories and hats, Wade Smith of Brite Strings and Michele Steineke Photography.

I had made free paracord carabiner key chains for those who participated in the shoot, so if you weren’t there, you missed out. And, everyone walked away with a pink Straight Arrow pin for their quiver or hat.

There were plenty of hot dogs and pink cookies to eat that day too.

I also realized that this club is the “huggiest” club ever. So many hugs that day, unbelievable.

Thank you everyone for either helping get this shoot together, donating, shooting, or just by being there. It meant a lot to Donna and Al and meant a lot to the rest of us who love them dearly.

## YOUTH SMALL GAME HUNT BY RAY REZENDES

Hey Jason, Just wanted to drop you a quick note to let you know how much Lucas and I enjoyed the Youth Small Game Hunt at Tejon Ranch. This experience was an amazing opportunity for the youth and the future bow hunters of California. Everything was amazing. From hiking the mountain, to finding small game, to teaching the kids the art of bow hunting, as well as cleaning and BBQing their game, was great. Your committee in attendance were also a tremendous help. Samantha, Darick, Rojen, as well as yourself, were all fabulous with the kids and did a tremendous job working with the kids from all aspects of bow hunting.

This experience has propelled Lucas's interest into bow hunting even more than it was (which I didn't think was possible). Instead of falling asleep on the ride home, which is typical for Lucas, he talked the entire way about how much he learned, how much fun he had, and he was already talking about the next bow hunting experience.

I really appreciate everything your team did from a parent stand point. I do hunt but would not consider myself an avid hunter, and I wasn't sure where to begin with Lucas when he first started shooting his bow. This hunt has helped me get a base to help develop Lucas as a bow hunter. Who knows, maybe I'll start as well.

Thanks again for a great experience. We are looking forward to the next one.

## FROM OUR HISTORIAN

**Scott Walker**  
And [OdinsonArchery.com](http://OdinsonArchery.com)

### The Legend's Story – The Archery of Howard Hill

**Howard Hill** (November 13, 1899 – February 4, 1975) was an archer who was unofficially referred to as the “World’s Greatest Archer”. He is the only person to win 196 archery field tournaments in succession. He was also a football, baseball, and basketball player at Auburn University. He was inducted into the Alabama Sports Hall of Fame in 1971 for his skill in archery. Howard Hill is one of the most decorated archers in target shooting, hunting, and flight archery

competitions, he is also a celebrated writer and producer. During his career, he produced 23 films about archery for Warner Brothers. He also shot 10 different movies of his own, and was a technical adviser in far more movies to provide advice in the archery field of the movies. He killed over 2,000 animals with his long bow, including an elephant, becoming the first white man to kill an elephant with a bow and arrow. He used four-foot arrows, while pulling a 115 pound bow to take the mighty beast. In 1928, he set the new world record for the furthest flight shot in archery, at 391 yards. That same year, he won his 196th field archery competition in a row. Later in his life, in 1959 he was awarded a plaque for his outstanding achievements in archery.

Later in 1971, he was inducted into the Alabama Sports Hall of Fame, later being inducted into the Bow Hunters Hall of Fame in 1975, in the year of his death. He liked to make difficult trick shots, like shooting an apple or prune off someone’s head from sixty feet away. He would then perform the same stunt with an even smaller item from a greater distance. He produced several short documentaries on archery, often performing difficult trick shots like shooting a flipping coin or splitting a wooden ball in half while it is rolling on the ground. He would shoot difficult trick shots from the alternate position of lying on the ground, holding the bow with his feet.

To go with his great ability in trick shooting, he showed amazing talent in hunting. Altogether, he took some 2,000 animals with his traditional long bow style. Some of his great trips have been filmed or documented, one of these is Howard Hill vs. Lion, another one of these short documentaries is Howard Hill vs. Elephant. These two videos, of the very

many, show just a couple of examples of his great hunting ability, and perhaps one of the reasons he is considered by some to be one of the greatest hunters of all time.

Here are some of the events that have, over the past 80 years, made a lasting impression on the people throughout the world concerning **Howard Hill** and archery....

1. – Shot **exhibitions** in 3 world’s fairs.
2. – Produced **23 short subjects** for Warner Brothers.
3. – Filmed “**Tembo**” in Africa—was shown in 57 countries and in seven different languages—RKO release.

**Continued on page 17**

**Howard Hill Continued from. Page 16**

1. – Did all the shooting in the following feature pictures: **Robin Hood, Elizabeth & Essex, They Died with Their Boots On, Dodge City, Virginia City, Buffalo Bill, Bandits of Sherwood Forest.**
2. – **Hunted** in 12 countries of the world.
3. – Took well over **2,000 animals** with a bow and arrow.
4. – First white man to kill an elephant with a bow and arrow.
5. – Appeared in 5 wild west shows.
6. – Published two best seller archery books: **Hunting the Hard Way** and **Wild Adventure**
7. – Appeared in 14 major Sportsman's Shows.
8. – Toured the United States putting on exhibitions for schools and general public.
9. – Won 196 Field Archery tournaments in a row.
10. – Won the Florida State Target Archery tournament in 1928.
11. – Wrote the first set of archery Golf Rules in 1928.
12. – Won 7 National Archery Golf Tournaments.
13. – Set new flight record of 391 yds., 1 ft., 11 in. on Feb. 26, 1928 at Miami, FL.
14. – Pulled 172 lb. bow—heaviest bow pulled by any man on record until recent years. (Items #16 & #17 verified by Dr. R.P. Elmer in Encyclopedia Brittanica, 1932.)
15. – Drew 35,000 spectators in Grants Park, Chicago in 1941, where the crowd tore the shirt off his back, and took his arrows, bow and quiver as souvenirs.
16. – Won the International Field Meet at Milwaukee, WI in 1942.
17. – Awarded a plaque by Archery Council of CA in 1959 for his outstanding achievements in archery.

21.— The Helms Athletic Foundation Hall of Fame in Los Angeles, CA has on display arrows Hill shot in Robin Hood, his two books, and pictures.

22.— In January 1962, was elected an Honorary Life Member of the Professional Archery Association.

23.— In 1971, placed in the Alabama sports Hall of Fame.

24.— In 1975, A.B.C. Bow Hunter's Hall of Fame.

**OFFICIAL ABC GAME RECORDS — Dec. 1976 Issue**

- Lynx – 43 lb.. live weight, taken in Canada by Howard Hill of California.
- Moose – 800 lb.. live weight, taken in Wyoming in late 1940's by Howard Hill of CA.
- Javelina – 66 lb.. live weight, taken in Arizona by Howard Hill of CA in late 1940's.
- Mountain Sheep – Had 11/2 curl of horns. 15 3/4 inches around base of each horn.
- Taken in Wyoming in 1940 by Howard Hill of CA.
- Mountain Goat – 7 inch horns, 300 lb.. live weight. Taken in Wyoming by Howard Hill of CA around 1940.
- Alligator – 90011 score. Measured 9'11" tip to tip. Bowbagged in Florida by Howard Hill in the '30's. Howard lived in Florida then.

Hunting with a bow appealed to Howard much more than did target archery. Consequently, his love of hunting was to take him to all parts of the world following the game trails and pitting his skill against all kinds of game, some that nearly cost him his life. Howard's greatness is probably reflected most in his long list of game taken with bow and arrow, dating back to 1925 when he bagged his first moose and white tail deer while on a hunting trip in Canada. From 1925 until he passed away in 1975, Howard compiled a record of kills that will undoubtedly never be equaled.

# Diablo Bowmen 29th Annual Winter Hunt

Sunday, January 26, 2020

(Please check our website or Facebook for cancelation due to any unforeseen weather event)

32 Unmarked Reinhart Targets

Featuring: 8 target string walk (8 arrows) – Steel Pig - Rocking Horse – Flying Goose

Categories: Release; Fingers; Range Finder, Trad; & Long Bow

2 arrow [10-8-5 scoring]

Registration 7:00 am to 8:30 – Shotgun start at 9 am  
Lunch will be available

	Pre-Registration	Day of Shoot
Adults & Senior:	\$22	\$25
Master Senior:	\$18	\$20

**2020 CBH/SAA State Broadhead Championship Tournament Rules**

1. This tournament is designed to appeal to the bowhunter as opposed to the tournament archer. It is designed to offer the hunter some benefits without his/her becoming entangled in the aspects of a Field tournament. NFAA rules do not apply to this event
2. The State Broadhead Tournament shall be either a one or two day event.
3. The 2nd Vice President of Hunting or his delegate shall govern this tournament.
4. The range for this event shall be laid out in such a manner as to simulate hunting conditions when possible.
5. Archers shall use hunting tackle for this event which is in keeping with California State Fish & Game Laws on Big Game Hunting.

**A. Scoring:**

- 1) Vital - 10 Kill - 8 Wound - 5
- 2) An arrow must be in the target to score, except a "Pass-through" which must be witnessed and scored as witnessed by other shooters in the group.
- 3) "Bounce-ins and "Glance-offs" shall not score.
- 4) "Antlers" do not score.
- 5) Shaft of arrow must touch the line for higher score.
- 6) Double scoring is required.
- 7) This shall be a one-arrow tournament at unmarked yardages.

**B. Divisions and Styles of Shooting:**

- 1) Divisions
  - a) Seniors (65+)
  - b) Adult (18-64): Male and Female
  - c) Young Adult (15-17): Male and Female
  - d) Youth (12-14): Male and Female
- 2) Styles
  - a) Sight (S)
  - b) Non-Sight (NS)
  - c) Release (R)
  - d) Recurve (RC)
  - e) Longbow (L)

**C. Awards:**

- 1) CBH/SAA Membership (Regular or Associate) is required to compete for awards.

- 2) Guest Class is one class (Male and Female combined) and there will be no awards.
- 3) No awards will be mailed.
- 4) Cubs and Peewees will not be shooting for awards but will receive a participation award.

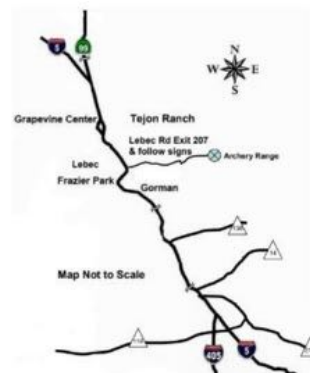

**D. Tackle:**

- 1) 2 stabilizer bars in total, no single bar over 12". A quivalizer is not considered a stabilizer.
- 2) Bow quivers are allowed in all styles.
- 3) No magnifying scopes are allowed.
- 4) No compound bows over 80 pounds peak draw weight. Recurves and longbows have no limit
- 5) Binoculars are allowed. No rangefinding binoculars allowed on the course, even with the battery out. NO RANGE FINDERS PERIOD!
- 6) Broadheads must be dulled and meet Fish & Game Codes at all times during the shoot – expandable broadheads are allowed if they meet Ca. Fish & Game Codes. Expandable broadheads must open and not be altered to stay closed.
- 7) Practice blades are allowed if they meet Fish & Game Codes (7/8" minimum diameter)
- 8) Broadheads may be subject to size testing at any time during the tournament.
- 9) All bows shall be limited to 300 fps with a 3% tolerance for differences in chronographs.
- 10) Arrow speed may be checked anytime during the tournament.
- 11) Longbows: Any type of arrow shaft is allowed.
- 12) Longbows: Must be shot off the shelf
- 13) Clickers allowed in all styles.

**E. Miscellaneous:**

- 1) Cubs & Peewees: For safety reasons Cubs and Peewees will shoot field points only.
- 2) Parents will be responsible for the supervision of their children at all times.
- 3) All protests to the Protest Committee must be in writing within thirty (30) minutes of the end of the tournament and include a \$25.00 fee which will be returned if the protest is upheld.

- 4) There must be a minimum of three shooters per target at all times.
- 5) Top shooters from each style will be grouped in top flight groups on the 2nd day of the tournament, cubs and peewees will not be allowed to shoot in top flight groups. No exceptions.
- 6) No target or sight notes allowed (sight tapes ok)
- 7) No discussion of yardage prior to shooting. Discussions afterwards must be done in a manner to ensure that other archers who haven't shot will not be assisted.
- 8) No one is allowed on the tournament course before or after the tournament shooting hours –except for tournament officials.
- 9) Spectators will only be allowed with unanimous approval of the group.
- 10) Rule violations can result in disqualification.
- 11) NO cell phones, computers or any other electronic devices allowed on the range or bow.
- 12) Tournament officials will have communication devices for emergencies and range duties.
- 13) Unsportsmanlike conduct can result in disqualification.

**Thank You for your Donations to the CBHSAA Legislative Defense Fund!**  
**By Robert Moore- Legislative Coordinator**

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, your Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford. Again, I would like to thank those listed below in addition to those that donated previously for their support.

This Month's Donations include:

*Archery Clubs, Regions, Organizations and Businesses:*  
**Nevada County Sportsmen \$268, Cherry Valley Bowhunters  
\$2000**

THANK YOU

THANK YOU

*Individuals:*  
**Amanda Duchardt \$50, Arthur Duffy \$40**
