## PRESIDENT'S MESSAGE

It's been a busy couple of months. Hope everyone has enjoyed a productive hunting season. I've seen a lot of great pictures and hope to hear a few stories as well.

We finished up the 2025 tournament season with the State 900 and the State Unmarked 3D. Huge thanks to both Tere Johnson and Amanda Duchardt for jobs well done. Putting together the 900 is always challenging with so many venues

hosting, but the turnout was great, and it appears the scoring process and awards ran just as smooth. We had a couple of top shooters challenge the perfect score, but not quite this year. We are sending out 21 Championship belt buckles this year and hope to see even more participation next year in 2026.

The State Unmarked 3D went flawlessly as well. Huge thanks to the Cherry Valley Bowhunters for hosting a great unmarked 3D. Cherry Valley has a great club and always has amazing participation from its members for setup, teardown and food service. Thanks to all of them. I would also call out that their club voted to donate all proceeds to the Legislative Defense fund for this coming year's battles. Cherry Valley has been very generous to CBH over the years and is a great benefactor for all things archery. Huge thanks to Ken and the entire Wagner/Cherry Valley family for such generosity!

I also wanted to also take a moment to thank all of the great manufacturers and shops that have participated in, and donated to, all of our events. We always have donations from many of our top manufacturing partners like Victory, PSE, SKB, Easton and others. Shops are never left out, with Willow Creek, Turner's, Spot, Impact, Lodi, Wilderness, West Coast, Archery

Only, Predators and others too numerous to name. We don't say thank you enough to these people. When you're thinking of new equipment for 2026 and beyond, please keep in mind the people, manufacturers and shops that support you in this sport. It's easy to get caught up in the cheapest price, but the service and quality are way more important. Shop local and support those that support us!

We have a very busy new year planned. Registration is open for the State Indoor 2026. This a great indoor tournament and warm up for those going to Vegas. We have a lot of venues open to shoot and the awards will be nice and spot on for 2026. We have a new 2<sup>nd</sup> VP of Indoor Gabrielle Garrett and she is already doing a great job keeping things organized and on track. We expect to have scores tabulated quickly and posted and a quality award sent out in a timely manner. Thanks to everyone that has been patient with us during the transition.

The State Trad is in February and promises to be a great shoot. Registration is up and running, and I know Bryn Borras and his entire Lodi team are already preparing for it. Tammy Bowles has stepped forward and is already handling all of the logistics and organization behind the scenes as Tournament Director. Tammy is doing a great job for our entire traditional archery community. Continued on page 5

**President's Message from Page 2-**

I think this may be one of the best State Trads yet! Get signed up today.

Last on the event calendar for now will be the State Meetings with Hall of Fame Banquet and, of course, Vegas. Get signed up for both of them today! We need a headcount for the Hall of Fame banquet as soon as possible, and I hear Vegas is filling up fast, so don't miss out.

I did want to make a remark about the Big Game Club. The work we have accomplished is amazing. After a successful State Broadhead, we had a little money for a few new targets, so Bret made some killer deals, and we will see a few new ones on the range next year.

Jerry Maytum has done a fantastic job, along with Randy Long and David Bacon in getting many of the records straightened out and back in order.

We have a new Small Game Chairman in Andrew Mack who has hit the ground running and is cleaning up the small game records and species lists. Andrew has some great ideas for the tournament season next year and we are all looking forward to Palo Verde and Elsinore.

We are confident that we will have a new BGC Record Book available for purchase in 2026!! I want to say a big thanks to Bret for the Big Game Measuring clinic that he did at Oranco Bowmen. Austin and I had a great time and the class was very informative.

Our measurers' list has shrunk considerably over the last few years due to measurers moving out of state and, in some cases, passing away. Anyone who is interested in a measuring clinic (and becoming a certified measurer), please reach out to any member of the BGC, and we will do our best to put one together in an area near you.

Anyone who harvested a listed California big game species this last hunt season, be sure to get it measured and turned in. You never know, it might make the minimum book score and will get you on your way to being a member of the CBH/SAA Big Game Club! We are always happy to have more members.

The legislative team is hard at work as well! We have had the pleasure of participating in a number of meetings and discussions about Fish and Game decisions this last year and I think it has been very productive. I was personally thrilled with the new additional archery Elk tags that the department made available for 2025, and hopefully, the hunting community was too. Those tags came after a lot of work by CBH and RMEF, working closely with Gaines and Associates to get those offered on the books.

The hunting community has always worked for an additional bear tag for those avid bear hunters out there, and it looks like 2026 will be that year!

Continued on page 6

**President's Message from Page 5-** Two Bear tags are on the Big Game regulation recommendations for 2026, and they have momentum. I would like to see the archery and rifle bear seasons pushed together (butted up against each other) so archery Bear hunters get more continuous days in the field. We will push for that in 2027.

We have a sponsor for the “firearms carry during archery deer season,” and our chances are promising. Assembly member Hadwick will carry that bill for us with CBH as the sponsor and others like CRPA in support. We are also looking forward to completing the Bobcat Management Plan and potentially bringing Bobcat hunting back in '27 or '28. The plan is completed in rough form and is currently approaching the peer review stage. It will then go to public review and hopefully a speedy adoption. Sadly, all of this takes time. Governments work on a different calendar than the rest of us, and sometimes we just have to say, “yes, I understand” and move on.

Amanda and the team are also working on revisiting the Gizzard Shad issue for all you bow fishermen out there. More to follow on that as it develops. We made a run at the department on that one a few years back and were not successful at getting that species added to the list, but this is a new crew and may be a bit more receptive. Keep yourselves up to date on all things legislative by signing up for leg alerts on the website.

My last update is Hunter Education. Hunter Ed is evolving and maybe not always in a positive way. Thankfully, we have not had any bowhunting incidents this year that I am aware of, but there have been a number of gun-related fatalities.

The Riverside County Sheriff's deputy was killed in Idaho by his partner while uncasing a loaded firearm from the back seat of the truck. A hunter in Texas was fatally shot while removing a loaded firearm from the backseat of the truck. A hunter in Wisconsin died from a self-inflicted gunshot while bringing his loaded firearm into his tree stand. All of these are preventable.

Carelessness is something we all need to overcome. Hopefully, it doesn't take a tragedy to wake us up. Follow basic safety rules anytime you are around firearms. There isn't a species in the world that's worth your life.

Please make sure you are planning ahead for Hunter Ed classes in 2026. There are fewer of us and fewer classes available. I have people traveling from the Central Valley down to L.A. to take Hunter Ed. Although I'm certainly flattered that people would travel that far just to hear my team talk, I somehow don't think that's why they're coming that far. Availability is at a premium right now, especially in the rural areas. Don't wait till the last minute. Especially, if you have a young person taking the class. They usually struggle and may need a second go at it to pass. Plan accordingly!

If you are in the middle part of the state and need some help finding a class or have enough for a class of your own then call me. I'll always try to help in any way I can.

In closing, I want to thank all of you for your continued support. I really appreciate everyone's membership in CBH and NFAA. Your support of archery in California and beyond is obvious and appreciated. I hope to see all of you at a tournament or event very soon!

# SECOND VP HUNTING

**Bret Scott**

We have a self-contained measurer's trailer with all the supplies to set up a class. This class will cost \$150 for each participant, and this provides all your measuring supplies.

Next, I have some exciting news for the 2026 State Broadhead Championship. As you know, it will be at Oranco Bowmen again on the Memorial Day weekend, May 23rd-24th.

We are going to try something a little different this time with a Hybrid marked yardage setup. Every target over 40 yards will be marked. We hope this will entice more new hunters who have only hunted with a rangefinder and weren't comfortable guessing the longer yardages. We figured everyone should be pretty proficient out to 40 yards, so we will help past that point.

We have purchased 16 new targets for this tournament so you should have fun shooting at some different animals. Look for the Tournament flyers on pages If any Archery shops out there would like to sponsor a target please contact me for more info. Starting January we will start selling the \$10k Raffle tickets as well.

Another change we are making is adding a new Turkey category. We are adding a

## BIG GAME CLUB

Well hopefully everyone had a wonderful holiday season and are chasing deer and javelina in Arizona now!

Congratulations to our two new measurers, Chriss Bowles and Austin Hong. They completed the two-day measuring clinic held at Oranco Bowmen in November. Chriss is in the Ontario area, and Austin is in Wildomar area if anyone needs to get an animal measured. If you are interested in becoming a CBH measurer, please call me to let me know and we will see if we can get enough people for another class.

“Bearded Hen Turkey” category with the minimum qualifying score to be 5” (combination of beard and spurs) So keep your eyes open this spring for a new species to add!

**A BEARDED FEMALE WILD TURKEY. PHOTO: LINDA FRESHWATERS ARNDT/ALAMY**

The new Big Game Record Book is progressing good as well. We plan to have it ready early 2026. We will announce when it is ready and take pre orders for the book.

Good Hunting!

## SECOND VP TARGET

### 24TH ANNUAL CBH STATE TARGET (900) IN THE BOOKS (2025)

The 24th Annual California Bowmen Hunters State Target (900) Tournament, held throughout September 2025, proved to be a milestone event with over 400 archers taking to the line at 11 different host sites throughout California.

#### Tere Johnson

Twenty-four new CBH State Target records were established, a testament to the skill and determination of our competitors who continue to push the boundaries of target archery.

Twenty-one champion buckles were awarded to archers with the highest scores in their respective equipment classes. CBH was proud to present these beautiful new buckles to competitors who demonstrated exceptional skill and consistency across the demanding 900 round format.

But beyond the impressive statistics, this tournament reminded us why we gather each year. It's about the camaraderie shared on the range, the encouragement between competitors, and the collective passion for our great sport.

#### Scores Here

Whether you were competing for a buckle, chasing a personal best, or simply enjoying the company of fellow archers, each of you contributed to making this event special.

# LEGISLATIVE REPORT

## Amanda Duchardt

Greetings CBH/SAA friends and family! We did it! HUGE THANK YOU to Cherry Valley Bowhunters and our raffle donor partners [see pages 9 and 10] for a wonderful State Unmarked 3D Championship event earlier this month and CONGRATULATIONS to our competitors!

First, let me extend another thank you to Cherry Valley Bowhunters for hosting the State Unmarked 3D Championship. Everyone was incredibly gracious and the camaraderie and homey feel at the range made the experience one to remember. Members' support in setting up the range and helping run the show was unbeatable. To top it off, Cherry Valley generously donated their \$1,100 portion of the proceeds back to the CBH Legislative Defense Fund! We are blown away!

Next, special thanks to Paola and Olaf Kilthau and James Galliver, who helped organize the Legislative Defense Raffle and rally our donors. They really stepped it up this year and laid a solid foundation for our Christmas wish lists—check out some of these prizes:

Happy Holidays! As the holiday season continues, I want to express my deepest gratitude to all CBH members for your unwavering friendship and competitive spirit, and especially for your steadfast support of the Legislative Team. I also extend a special thank you to CBH President Chriss Bowles and the Legislative Committee. Our progress—including expanding bear hunting opportunities and preparing for the January push to restore bear hunting with hounds—would not be possible without your support and our membership's participation.

In 2026, we look forward to a new Bobcat Management Plan, which will lay the groundwork for restoring bobcat hunting in California. We need your help! Please stay tuned to our newsletters, Facebook, and Instagram for the latest news.

I'll look forward to seeing you at the annual meeting in February, where our lobbyist Bill Gaines will join us for the Legislative session on Friday afternoon!

Reminder: Whether you have been involved in archery or hunting your whole life, or are new to this sport, you have something of value to add to the conversation, and I encourage you to reach out to me and the CBH Legislative Committee to share your knowledge and experience! We look forward to hearing from you soon!
