be taken in order to obtain a hunting license. Recently I had a lengthy, but enjoyable conversation that posed the question; *What do I need to do to become a bowhunter?*

Our organization is called **CBH/SAA** and as such includes two distinct factions of the sport of archery. Both groups are fascinated with the ability of a “stick” to launch an arrow. And with practice that arrow can become an accurate tool for hitting the “bullseye.” Target archery is well defined and represented with numerous clubs up and down our state. Finding an archery store for lessons or a mentor to teach you the finer points of tournament shooting is easily obtainable.

Finding an individual to mentor you in hunting skills can be much more of a challenge since for the most part hunting with a bow is an individual sport. Sure you share the camaraderie hiking up the hills and purifying water.

HOW to BECOME a BOWHUNTER By Rodney York

Recalling the draw the woods had on me as a boy is not difficult. I felt the need to be outside. My focus was on the birds and animals in particular. Every chance I had, I was outside with the animals and far preferred that over school, and even girls. Since I lived in a small mountain community and our land was contiguous to that of the United States Forest Service properties, my ability to roam surely was not curtailed.

The hours that I spent motionless watching the interaction between quail and cottontail rabbits created a thirst to learn more about the deer that inhabited the same land. As years passed my age finally would allow me to pursue game to add to our family dinners. My father advised me there were steps that must

Archery Returns in Paradise

By Joe Becker

The Camp Fire, November of 2018, basically burned much of Butte County and pretty much all of Paradise, California. The Paradise Bowhunters and Hope Christian Church were out of all archery activities. The forty-two target field range and all equipment to support the Paradise Bowhunters was totally burned, also Hope Christian Church where Joan & I were members and had taught beginning archery classes for several years, was in ashes.

Joan and I saved our 27 foot RV, pickup and car. Everything else was gone. For the first month after the fire we lived in the trailer. Then we moved back to Yuba City to Sutter Estates, an assisted living complex. With Joan having COPD, her lungs continued getting worse. She Joined our Lord in Heaven in July 2019. The following March of 2020, I moved back to my property in Paradise and purchased a manufactured home. It has taken until October of 2021, to have it ready for occupancy.

Paradise Bowhunters are still out of business, but Lord willing, they will be able to start rebuilding archery ranges again in 2022.

For the first year after the fire Hope Christian Church was used Chico Church, and never missed a Sunday service since the fire. Since early 2020, they have rented a building in Magalia to call home, and presently have began progress to build on their property in Paradise where the original church stood.

Next to talk about archery. This past spring I decided to once again offer a beginning archery class. Johnnie Waddles loaned the NASP equipment to use. On the back section of my lot, we built a 30 yard by 24 foot archery range. We printed flyers for students to sign-up for an eight session, sixteen hour beginning archery class. We followed the steps of NASP's outline, and viewed the NASP video. Included in the class, besides shooting, I provide paper work, attempting to cover and discuss all information about archery in our state. This covers from equipment to organizations, local pro shops and archery terms commonly used in the sport of archery. My goal is to assist any person desiring to shoot a bow the basics. Most people learn the hard way, but hopefully they will join a CBH/SAA club in the future, plus purchase their equipment at a pro-shop that is knowledgeable in archery.

How to become a bowhunter continued from page 4- Trading stories through the smoke of what fire remains of the charred cedar stick are the highlights, but the stalk is primarily characterized as singular.

To follow is my attempt to outline some necessary steps for one who wants to consider bow hunting. The first two items do not necessarily need to be done first but they can take some time to fulfill since they must be scheduled. The spring is a great time to start this pursuit. In these classes you will learn fundamentals and safety procedures. Some classes are now available on-line but also have a field day where you are required to be there in person. Plus, the in person classes can put you in touch with individuals who share your interest (who knows this may lead to life-long friendships - many of mine have).

Consider these steps:

(1) Contact the California coordinator for the **International Bowhunter Education Program**; Johnny Waddles, 8658 Sandy Bay Court, Sacramento, CA 95973
(916) 381-4130

john_waddles@yahoo.com

(2) An official **Hunters Safety Course** is required to obtain a hunting license here in California as well as for other states. These classes will cover rifle, shotgun and archery tackle and some technique.

If you are truly lucky you could get instructors who allow you to practice some tracking and blood-trailing.

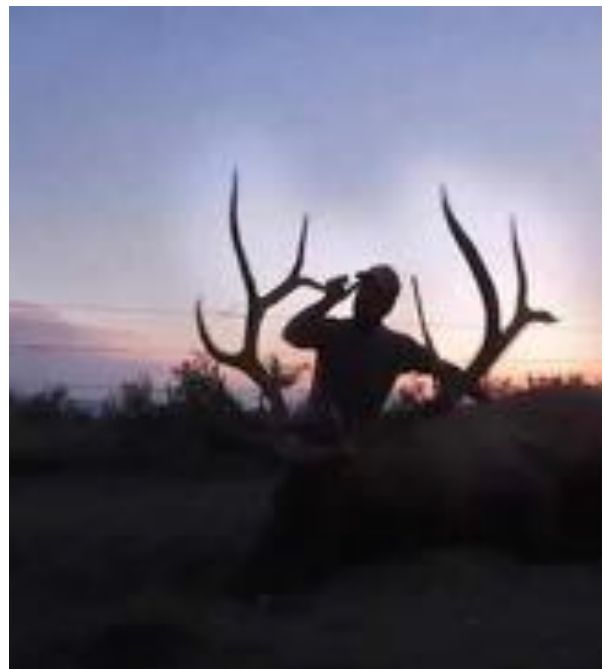

Go to website: <https://www.bowhunter-ed.com/california/>

(3) This is a direct link to CBH/SAA Big Game Club website. There will also be a Facebook link immediately visible. <https://www.cbhbgc.com/> and this site: <https://www.facebook.com/CBH.SAA.BIG.GAME.CLUB/> will provide you with the most current issues and pictures from the field with hunting successes. By joining the Facebook group you will become familiar with members and may work out a meeting with them.

(4) Attending the CBH Annual Big and Small Game Club Meetings. And also attend the awards banquets, where successful hunters and their animals are showcased. This year it is held in Visalia. If you have questions please give me a call @ (559) 877.2701 and we'll talk bowhunt'n.

(5) Of course in this day and age the internet is another form of information. You can check on *Youtube.com* for channels that have videos of bowhunting techniques.

That is just a start, bowhunting is a journey of endless opportunities. Com'mon and join our ranks.

26th ANNUAL TILAPIA SHOOT

APRIL 9-10

JBarr

Ladies and Gentlemen, Boys and Girls, who is ready to go outside and do some BOW FISHING? Grab your gear! If you don't have a bow set up for bow fishing, borrow one. If you can't borrow one, go buy one at your favorite bow shop, I am sure they would appreciate your business! And you will have it for future events! The Small Game Club is hosting its 26th Annual Tilapia Shoot April 9-10, 2022, at Palo Verde, just south of Blythe, California. This is a two-day shoot for everyone who loves to bow fish and also for those who are just starting out. This is the place to do it. WHY you ask? Because you will have plenty of opportunities to shoot at Tilapia and Carp. So, don't be shy, and come have some fun. Even if you can only come for one day, that is okay too, we would love to have you.

Some quick notes and facts below:

#1 Register your biggest fish, for free, with the Small Game Club and if it meets the minimum weight requirement you may see your name and photo in the next publication of the CBH/SAA Newsletter and CBH/SAA Big Game Club Record Book!

#2 *This is a must read*: check out Amanda Duchardt's article "Bow fishing 101: Preparing for the Palo Verde Tilapia Shoot." This informative article was in the CBH Newsletter (May 2020, page 6) Worth reading to get all the information you need.

or information to share?
Maybe a family tradition?
Contact: Lori Raupe, CBH Editor,
she will help you with your story!
Deadline for May issue: March 25th!**

Archery Returns from page 5 - So far I have offered 2 classes, one last spring with 6 students, and another one this fall with 8 students. In both classes we had people who do not attend Hope Christian Church. My goal for the classes are to reach the public here on the ridge, and teach anyone over 8 years of age who believes archery is in their future. Until Hope Church is rebuilt, or Paradise Bowhunters range is reestablished, I plan to continue offering classes at my home. I continue to maintain my instructor status with NASP-Hunter Ed, and Bowhunter Education all with California Fish & Wildlife Department.

We need your help! Legislative Coordinator-Robert Moore has given his notice of retirement from his position. In addition, we need two CBHSAA State Legislative Representatives. Two regions have vacant positions, Regions 3 and 4. Region 3 covers Alameda, Contra Costa, Marin, Napa, Sacramento (partial)*, San Mateo, Santa Clara, Santa Cruz, San Francisco, San Joaquin (partial)*, Solano, Sonoma, and Yolo (partial)* counties. Region 4 covers Fresno, Kern, Kings, Madera, Mariposa, Merced, Monterey, San Benito, San Luis Obispo, Stanislaus, Tulare and Tuolumne counties. Anyone interested please contact Robert.

**Thank You for your Donations to the CBHSAA Legislative Defense Fund!
By Robert Moore- Legislative Coordinator**

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, your Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford. Again, I would like to thank those listed below in addition to those that donated previously for their support.

THIS MONTH'S DONATIONS INCLUDE:

Archery Clubs, Regions, Organizations and Businesses:
