It's been a busy couple of months, so let's catch up and get right to it. Hopefully, everyone enjoyed some holiday cheer, family time, and maybe some late-season hunting. I saw several charity archery shoots around the state, and I want to thank everyone who took part. It's great to see archers from around the state giving back to the community and giving to those who may not be as fortunate.

I headed up to Sacramento in early December to take part in the Fish and Game Commission meetings and testified to our support of the recommended big game regulation changes. We are in line to get about 30 new archery-specific Elk Tags for 2025 in a variety of areas around the state. This is great news, considering the difficulty of getting new tags. The Department also notified us that the bear and sheep plans are forthcoming and should be done soon.

January brought the new year and the beginning of a new legislative session. I sat in on the first Hunting Conservation Coalition meeting of the year, and it was a spirited discussion, to say the least. I just recently returned to Sacramento and attended the Wildlife Resource Committee meeting for January. There are some concerning developments. But, let me start by saying thank you to every hunter in California for our outstanding participation with CWD testing. The department got almost 1,800 test samples, and almost all were usable. So far, there have been **NO NEW POSITIVE TESTS OF CWD STATEWIDE**. This is, of course, great news. I would, however, say that the state is planning for CWD testing in 2025, and there is a recommendation to give the Director of DFW the

authority to declare a CWD "hot zone" anytime he sees the need (i.e., one positive test in a particular zone). This is a concern to me as I do not like authoritarian power of any kind, but we might be able to live with it. The concern I have is the discussion of forcing hunters in a DFW hot zone to de-bone all meat and surrender the balance of the carcass and head to DFW before leaving the zone. This is just idle talk at this point, but as we know, talk can many times lead to action. We made the point that this would receive very little, if any, support from the hunting community. More to follow as it becomes available.

There was significant discussion around simplifying the system for hunters to get preference points refunded. This is an issue when hunters run onto land closures and have seasons shortened or curtailed due to those closures. This is especially problematic when you use max points to draw a tag you've waited your whole

life to get. We testified that this program is important to hunters, especially considering many of the land closures here in Southern California. It does not need to apply just to fires, but to ANY official land closure. While we recognize that this is a burden on the department administratively, the refund of preference points is just the fair thing to do, especially in light of the difficulty in drawing big game tags in California. The last issue of note is the take of non-game animals in California. After about 10 minutes of discussion, it became clear that this agenda item was completely centered on coyotes. There is an undercurrent of support from the anti-hunting community and some key members of a commission staff to place season and bag limits on coyotes. More on pg 7

# CBH Legislative Committee Update

Amanda Duchardt

CBH/SAA Legislative Director

Greetings CBH/SAA friends and family!

The Legislative Team is back and eager to reengage in our efforts to advance and protect hunting, conservation, and archery opportunities in the State Legislature and Fish and Game Commission (FGC) forums.

First, a quick update on the efforts to track and halt the spread of Chronic Wasting Disease (CWD) in California. The California Department of Fish and Wildlife (CDFW) collected over 1,600 CWD samples (from hunter harvest and roadkill) as of December 2024. Despite a significant delay in CDFW announcing a **free CWD incentive raffle drawing**, a total of 133 hunters that submitted harvest samples for CWD testing participated. CBH/SAA, along with other NGOs, partnered with CDFW and donated prizes to the raffle. CDFW plans to include information on next year's incentive raffle in the upcoming Big Game Digest so keep an eye out for your chance to win!

The next **Fish and Game Commission (FGC) Meeting is scheduled February 12** in Sacramento, CA. The meeting will be live streamed; visit <http://www.fgc.ca.gov> the day of the meeting to watch or listen. To provide public comment, join in person at the Sacramento location, via Zoom, or by phone. For complete instructions on how to join via Zoom or phone, visit [fgc.ca.gov/meetings/2025](http://fgc.ca.gov/meetings/2025).

Leading up to the FGC meeting, CBH/SAA President Chriss Bowles attended the January 15 **Wildlife Resource Committee (WRC)** meeting in Sacramento. Key discussion topics, which may become agenda items at future FGC meetings, included:

- **Striped Bass Slot Limit:** General agreement on the slot limit with no expected pushback, suggesting a quick adoption.
- **Preference Points:** Consensus on the need for a streamlined system to return preference points to hunters affected by wildfires/land closures. Commissioner Anderson advocates for a hunter-friendly, case-by-case approach, while others stress the importance of clear guidelines to avoid misunderstandings.

- **CWD Testing:** Positive participation from hunters with no positive CWD tests so far. Discussions included the need for more samples from northern zones and potential collaboration with CalTrans for roadkill samples. Revised regulations would allow the CDFW to declare "CWD hot zones."
- **Falconry:** Contentious debate over unannounced inspections, which falconers oppose as a violation of the 4th amendment. Lawsuits are ongoing, and falconers seek to remove this requirement from federal regulations.
- **Non-Game Mammals:** Heated discussion about coyote management, with some advocating for humane treatment and others supporting urban control. There is talk of reclassifying coyotes as game animals with high bag limits, though this lacks support from the hunting community.
- **Management Plans:** The Bear and Sheep Plans are expected to be finalized at the end of January. Bobcat Plan is also progressing on schedule. Continued next page

**Legislative Committee Update from page 3** I strongly encourage everyone to attend the **Friday Legislative Session at the CBH Annual Meeting on February 21** for a full and comprehensive update on legislative issues. Here are a few samples from the **California Hunting and Conservation Coalition (CHCC)** to get started:

Following elections last November, we observed that there are a significant number of new legislators because of prior representatives terming out and/or other departures. Although the legislature is still controlled by a Democratic super majority, there were several close races, decided by fewer than 2,500 votes, that could influence key committee decisions. While that is a generally positive sign for hunting and conservation legislation, we are exercising caution. The consensus is that the CHCC will continue to rely on “winning through litigation” rather than affecting change through new policies. We’ve also been informed that the Legislature has a hard cap of 5,000 new bills. It will be interesting to see how legislatures prioritize issues. Here is list of potential legislative topics that the California Hunting and Conservation Coalition (CHCC) is advocating for and would like to see addressed:

- **SHARE Program:** Propose amendments aim to remove outdated restrictions and pay landowners based on the quality of hunting opportunities. Allow non-government organizations (NGOs) to be contracted to manage hunts and enhancing the program's effectiveness.
- **Duck Stamp Amendment:** Efforts to apply contracting exceptions to the Duck Stamp program face labor opposition and prevailing wage issues.
- **Duck Stamp Amendment:** Efforts to apply contracting exceptions to the Duck Stamp program face labor opposition and prevailing wage issues.
- **Mute Swan Invasion:** Mute swans are disturbing habitats and displacing native waterfowl. Proposals include allowing hunting of mute swans year-round with a valid license, though enforcement and animal rights concerns remain.

- **Mountain Lions:** Discussions on proactive hazing of mountain lions using dogs before they become problematic. Evaluating statutes to craft a bill that aligns with Prop 117.
- **Bear Hunting:** Addressing the challenge of limited bear tags and the non-viability of spring bear hunting and baiting in California. Emphasis on public education and legislative support for science-based wildlife management.
- **Managed Wetlands:** Reintroduction of the 828 Managed Wetlands bill, previously vetoed by the governor. Focus on addressing concerns and engaging sponsors like Audubon.
- **Firearm Regulations:** Cleaning up Title 14 statutes related to firearms while deer hunting, with input from current law enforcement.

**Reminder:** Whether you have been involved in archery or hunting your whole life, or are new to this sport, **you have something of value to add to the conversation and I encourage you to reach out to me and the CBH Legislative Committee to share your knowledge and experience!** We look forward to hearing from you soon!

Have you considered **donating to the CBH/SAA Legislative Defense Fund**? Now is the time!

With your annual donation of \$100 (e.g., ~\$9/month or cumulative \$100/year donation) to the CBH Legislative Defense Fund, we would like to thank you with a gift of the CBH/SAA Legislative Defense 2025 Challenge Coin. This year’s coin memorializes our ongoing efforts to ensure timely completion of the Bear Management Plan and future efforts to ensure bear management and hunting opportunities based on science. ## March Big Game Club Report Bret Scott

Hi everyone, you should be aware of the upcoming State Broadhead Tournament location at Oranco Bowmen May 24<sup>th</sup> and 25<sup>th</sup>, in Chino, California by now. But did you know you can sign up online on our CBH website? It's very easy and convenient.

Go to our website CBHBGC and take a look at the flyer with the NEW rules we have adopted for the tournament. We are trying to get up to the current times with bow equipment and classes. I'm sure you will be pleased. This should be a great tournament, with challenging targets, and a pig roast Saturday night!

One of our committee members, Travis Scott is going to start posting on Instagram: [cbh.saa.big.game.club](https://www.instagram.com/cbh.saa.big.game.club) We will be posting club news, tournament info and pics, animals turned in and much more! Be sure to take a look

We are also kicking off our 10K Raffle for the Broadhead. The winner of this reverse raffle (last ticket drawn) will get \$10,000!! But that's not the only winner. Tickets are \$100 each, you can buy one for yourself or split the cost with your buddies. The first ticket drawn gets their \$100 back, then every 10<sup>th</sup> ticket drawn gets \$100, then the next to last ticket gets \$500.

Then.....all the non winning tickets go back into the barrel for three more chances at \$250. Odds of at least getting your money back or maybe walking away with \$10K are pretty darn good.

Remember Pig hunting is open year round and all you need is a hunting license and a Wild Pig Validation. No limit on the number of hogs you can harvest! I actually had time to chase some hogs a few months ago with a couple of buddies, Jack and Frank, in Central Calif. Good times and meat in the freezer, everyone got hogs! Also a good excuse to keep the bow tuned with broadheads to get ready for the State Broadhead, just saying.....

### **WANTED YOUR STORIES**

**Do you want to have your story published? We would love to read about your adventures!  
The deadline for the March Newsletter is:  
January 25th!  
Send your story to Lori Raupe  
[lori.cbhsaa@gmail.com](mailto:lori.cbhsaa@gmail.com)**

**President's Message** from page 3 ~ We testified that this is a *solution in search of a problem* and is a rabbit hole that no one wants to go down. Coyotes are abundant in all the western states and overpopulated in most. Municipalities have significant problems with urban coyote predation of pets and other small mammals. There are numerous reports of coyotes attacking small children and even adults. To take away the ability of hunters, landowners, and livestock owners to remove coyotes as needed and at whatever time or number is an absolute non-starter for the bowhunting community. The meeting was long and, at times, contentious, but the discussion was important. I will report later about what happened at the full commission meeting in February and expect additional dialogue.

Most of us know that the hunter education certificate process has moved from online back to the classroom. Do yourselves a favor and get signed up for classes NOW if you need a certificate for this coming season. As per my previous article, many of the Hunter Education Instructors (HEI) have either retired or died. Classes are limited, and very few classes have unlimited seating. My class is unlimited seating in Corona, CA. I had people signing up from as far away as Tulare due to limited classes. My next class is this month, and we already have 25 sign-ups with people from as far away as Lompoc. All that being said, if you are interested in becoming an instructor, please give me a call. I would happily point you in the right direction and get you started.

January is always Indoor season, and I hope everyone had the ability to get out and shoot the State Indoor. This is a fun tournament and a great tune-up for Vegas. We have some great state championships coming up this year, and I hope you can all be a part of them. The State Traditional Championship is in February in Lodi, and it should be a lot of fun. Alan Eagleton will be

running the shoot again this year, and Lodi always puts on a great archery tournament. At the time of this publication, the CBH/SAA State Meeting and Big Game Banquet is right around the corner. We are meeting in Visalia once again and have a brand new hotel and conference room. Bret Scott and his Big Game committee are planning a great awards banquet for this two-year scoring period and there will be some very worthy recipients. See the CBH/SAA website for the flier and electronic registration.

Listen up, everyone; get ready for the Vegas Shoot '25! This should be interesting, as the entire thing has been moved to a new venue and shoved back on the calendar. I hear a lot of folks are very excited to shoot, and many for the first time. Best of luck to all, and CBH/SAA will see you there. Come by the CBH booth and say "hi." We'll have some "stuff" there, and I'm always happy to stash your bow for you (CBH/SAA members) if you want to walk around and come back for it later.

Last but certainly not least, I will start the State Broadhead ball rolling!! The Big Game Committee is hard at work and looking to make this a fantastic Broadhead for the ages. We are hosting this shoot at Oranco Bowmen and will be starting the layout in the next couple of months. Tickets for the 10K "drawing" are already on sale, so get them now from any BGC Committee member and start planning how you're gonna spend it! There will only be 250 sold at \$100 each. Get yours before they sell out.

We are also soliciting sponsorships for target signs at the Broadhead, with banners throughout the course. All this sponsorship money will go to promote further BGC activities and Legislative efforts for bowhunters throughout the state. Next Page

## A Friend Indeed

**President's Message** from page 7~ What better way to get in front of the California Bowhunting community if you have a shop or business? See a BGC committee member for details today. This will not be the last time you hear from me about the Broadhead, so just pony up the money now, and you can shut me up early!!

In closing, I want to say congratulations to everyone who harvested game this season and certainly to those who took advantage of opportunities in Arizona and beyond. Everyone watch your safety and shoot straight. And as always, support those who support you. Get out to your local archery pro shops here in California and spend your dollars locally. These are the folks that are supporting you!! I had the pleasure of spending a few minutes with Mike Woltering of Wilderness Archery up in the Sacramento area on my last trip. I look forward to visiting all the shops when traveling this year. When you see the expertise and experience that goes into shops like Wilderness, you understand the passion that your local pro shops have to help you shoot and hunt with confidence. Just go see them today!

# Gone Fishing

I've finished life's chores assigned to me,  
So put me on a boat headed out to sea.  
Please send along my fishing pole  
For I've been invited to the fishin' hole.

Where every day is a day to fish,  
To fill your heart with every wish.  
Don't worry, or feel sad for me,  
I'm fishin' with the Master of the sea.

We will miss each other for awhile,  
But you will come and bring your smile.  
That won't be long you will see,  
Till we're together you and me.

To all of those that think of me,  
Be happy as I go out to sea.  
If others wonder why I'm missin'  
Just tell 'em I've gone fishin'

## PROVIDED BY ROGER'S DAUGHTER, PATTY CADY SAPIANS

Roger was at home on the water and loved being in nature. He always made himself available to take others to his favorite fishing holes; that is just the kind of guy he was, generous in a big way. He enjoyed having his friends see success more than he did for himself.

On January 25th, we were notified that Roger had passed away at about 10am. In recent years, he had become unable to care for himself and lived with his daughter Patty and her husband Mario.

The last time Wayne spoke to him had been

just three days before. Wayne said, "He was in good spirits and sounded good. As always, we ended our conversation with telling each other 'I love you.'"

As it should be when friends say goodbye.

We can all learn a lesson from our friend Roger and others in the archery family: be generous with your time, tell those you love how much you care for them, and don't let those opportunities pass.

Until we see you again, farewell, Roger.

**Thank You for your Donations to the CBHSAA Legislative Defense Fund!**  
**By Amanda Duchardt - Legislative Coordinator**

The CBH/SAA Legislative Team would like to extend our wholehearted thanks to all those who donated to the Legislative Defense Fund. It is our goal to promote wildlife conservation and protect our archery and hunting heritage within the state political system. With your donations, the CBH/SAA Legislative Team can attend important meetings and address issues that are impacting our sport. We can also meet our financial obligations to Gaines and Associates, who represent us in the state capital and FGC meetings throughout the State. Additionally, it is our responsibility to cover any legal expenses when we need to retain a legal team to protect us and our sport. This is why your donations, in any amount, are so important. Again, we thank those listed below, in addition to those who donated previously, for their support!

**This Month's Donations Include:**

**Evan Stapp \$25 - Katherine Budding \$120**
