New Youth Archery Program Comes to California

By
David Allain

Scholastic 3D Archery (S3DA) has come to California. We are looking for coaches and potential future coaches to expand this program into California. Most archers are now familiar with the National Archery in the Schools Program (NASP). NASP started in Kentucky as a school based archery instruction program and has expanded to most states. Every year over 13,000 students meet in Louisville Kentucky to compete in a national tournament. A few of the creators of NASP recognized that although school archery participation had grown in leaps and bounds, many students were left wanting more. After learning archery at school, students had the desire to continue their archery training but there were very few opportunities to venture into other aspects of the sport. Many students wanted to learn how to hunt, learn how to shoot more advanced compound bows, use sights, and shoot at 3D animals.

S3DA was created to fill this need for more youth archery opportunities. I like to think of S3DA as the little league of archery. S3DA has the national organization allowing for National competition and support. Each state has a State coordinator and the states are broken up into regions allowing for state and regional tournaments. Almost anyone or any organization can create an S3DA team.

What does it take to start a team you ask? It is very simple, you need an S3DA certified coach, a place to practice and of course you need youth to participate. Coaches and teams are covered by a hefty insurance policy and students have some insurance as well.

What kind of gear is allowed in S3DA? We have recurve, compound, sights, no sights, and traditional classes in competition. We do have speed restriction on the bows based on age. S3DA's classes are very similar to ASA and NFAA. The goal of this program is to get youth archers interested in transitioning to shooting in NFAA and ASA tournaments and to appreciate ethical hunting. (Continued on Page 19)

President's Message by Wayne Raupe

CBH/SAA Elections: Okay, here I go again... As I said in my March Message, this is the odd numbered year in which the Offices of the **President, Vice President and the 2nd Vice President of Hunting** are up for election as their terms will end on March 3rd, 2018. We need interested individuals to toss their hats into the arena and run for the offices. As the deadlines will be here soon you must make your decision ASAP. The process is this... you provide a resume to your Regional Officers indicating that you have an interest in running for the office. I have appointed your Regional Officers as part of the Nominating Committee. The Regional Officers will then review your resume and nominate you for the position. They will send your resume to Pam Severtson, CHB/SAA Secretary, and me. We will then publish your resume in the Magazine and if there is more than one person running for the position, we will hold an election with ballots in the December issue of the Magazine. The members will use the ballots to vote for the candidate of their choice. The ballots will be due, by mail, to Pam by January 1st. The election results will be announced in January. If you are the only one running for the office there will be no ballot vote, however, you will be considered elected by a unanimous vote.

I was CBH/SAA President for two, two year terms 1994-1995 and 1996-1997 and then another three terms from 2012 to present with my current term ending in March of 2018. Some say that after five terms, 10 years, it's time for me to retire. Also there is a chance that I will be moving out of state as soon as I retire... oh that's right... I just remembered I am retired... sooooo... if you are interested in running for the office of President this is the perfect time for you to step up and assume this office. When you do decide to toss your hat into the ring you will also need to select a Vice President as your running mate.

Craig Fritz, 2nd VP of Hunting, has submitted his intent to "**Not Run**" and will retire after he completes his term in March 2018. With that being said, we need someone to step up to fill the position that Craig has held for the last 23 years. If you are a hunter and you are concerned with hunting here in California then now is your chance to make a difference. If you want to be a part of the team that records the animals and

accomplishments of your fellow hunter from now into perpetuity now is the time for you to get involved. Be a part of this "Historic Recording" that will be referred to for generations to come.

As of this date we haven't been hit with any hats being tossed into the arena by enthusiastic folks chomping at the bit to fill any of these positions. I remind you that you will NOT be standing alone as I and others will remain to help and guide you as needed. This is your sport and your organization. Don't let these positions go unfilled.

Mid-Year President's Meeting: Just a **RE M I N D E R** for CBH-SAA Officers, Staff and all Regional Delegates on June 17th we will have our Annual Mid-Year Presidents Meeting in Visalia at the Visalia Sportsman's Association located at 500 Roosevelt Ave. At this meeting we will be addressing the NFAA Petitions that we were not able to discuss or vote on because NFAA has, I hope for only this year, changed their deadlines for submitting and discriminating those petitions to the individual states for review and input. It is imperative that all delegates, or alternates, attend this meeting as we must have full input on these petitions. This also means that as soon as our California NFAA Director, Gary McCain, receives and reviews the petitions he receives from the NFAA he will send them out to all of the Regions. Your Region is then to send the petitions to the clubs in the Region. The clubs then review and vote on how they think the Region should vote at the meeting. The Regional Delegates will then bring your voice to the June Meeting and we will vote on each of the petitions.

During our Annual CBH/SAA Meeting last January there was some discussion about us moving our Annual Meeting date to accommodate NFAA's needs. I'm in strong opposition of moving our meeting date as I'm sure California would not be the only state to have to change their historic meeting dates to accommodate NFAA's lack of thought, accommodation and planning for their petition deadlines and their now Biennial (every 2 year) Meeting date.

CBH/SAA Membership: There is a subject that I haven't touched upon for a couple of years and that is our CBH/SAA Membership. I/we have tried to motivate our local clubs to incorporate within their By-Laws the requirement that any new member joining the club must also be a current member of CBH/SAA. We suggested that for clubs that have member who, for what every reason, are opposed to this requirement to just grandfather them in so that it is their choice to join CBH/SAA or not. In the past we offered a free full page ad in our Magazine, for one of their tournaments, once they have incorporated the mandatory verbiage into their By-Laws or 100% of their membership are CBH/SAA Members. We have very few clubs who have moved in that direction. I know that **Oranco Bowman** in Chino, **Riverside Archers Club** in Corona and **Mojave Archers** in Phelan have all made it a requirement that their members be CBH/SAA members. There may be other clubs that I am not aware of and I apologize for not noting them here, however, the point is we need all of your help, clubs and members, in getting those unattached archers to join CBH/SAA and to start paying their fair share as they are enjoying the efforts, results and protection of the constant work of CBH/SAA. Currently, those of you that receive this Magazine are paying your dues and donating money to the needs of the CBH/SAA Legislative Defense Fund. You make it possible for the Legislative Team to continue to be where they are needed and also you pay for our full time Lobbyist... Gaines and Associates. The unattached archer on the other hand is... oh yes... they are riding in the car, that you are paying for, and they aren't even giving you gas money... Just say-en!!

Until next time... be safe, shoot as often as you can & enjoy this sport. Always remember, no matter what kind of stick you shoot or bow you bend, we must remain one united and strong FAMILY or we will fall!!!!

Macy De La O, represents the growing number of young archers that are taking part in our "State Indoor Tournament". These archers are the future of our sport! Macy asked me if she shoots 1 arrow at 50 yards and hits the gold if I'd get her a Team Impact Shirt. Keep in mind she a cub shooter and only shoots out to 30 yards and you know what, she did it TADOW! "Good job girl", time to get you a Team Impact Shirt!!!

Proud of you!!

CDFW Officers Recognized for Outstanding Acts and Achievements

Several wildlife officers from the California Department of Fish and Wildlife (CDFW) Law Enforcement Division were recently recognized for exceptional performances. Awards were presented in front of their peers during a CDFW luncheon held in January 2017, in conjunction with CDFW's annual Advanced Officer Training. Many of the awards are issued directly by CDFW, while others are issued through non-government organizations that support the mission and efforts of CDFW and its officers. At the core of each award are the exemplary efforts and commitment these officers have demonstrated, above and beyond the normal course of their duties. Awards presented by Chief of Enforcement D. Bess, and Captain N. Arnold.

CDFW Regional Wildlife Officer(s) of the Year

The following officers were selected and awarded recognition for exceptional performances within the six CDFW geographical enforcement districts throughout California, with one being elevated to the status of Statewide Wildlife Officer of the Year: Headquarters, Warden Lyle Chan (Merced); Office of Spill Prevention and Response, Warden Mike Conely (Fresno); Southern Enforcement District, Warden Michele Budish (Los Angeles); Central Enforcement District, Warden Art Golden (Kings); Northern Enforcement District, Warden Jerry Karnow, Jr. (Nevada County and recently retired); North Coast Enforcement District and Statewide Wildlife Officer of the Year, who was acknowledged in a separate news release, Warden Nicole Kozicki (Contra Costa County).

CDFW Exemplary Service Award: Lifesaving – Warden Chad Edwards (Siskiyou) (above) In September 2014, an arsonist ignited a brush fire on the outskirts of the town of Weed. The fire spread into town where it burned more than 150 homes and numerous commercial structures in a matter of hours. Warden Edwards heard the radio traffic regarding the fire and immediately responded to the area. He evacuated homes by transporting people in his patrol truck and flagged down other evacuees with empty seats in their cars to shuttle people out. Working through the chaos of the actively burning areas and aerial retardant dump, Warden Edwards made trip after trip into the burning neighborhoods to rescue stranded families, senior citizens and pets. Warden Edwards acted with bravery above and beyond the call of duty. Amazingly, no lives were lost in this fire, due in part to the actions of Warden Edwards. Below

Shikar-Safari Club International (SSCI) Wildlife Officer of the Year – Lt. Bill Dailey (Inyo) (above)

Lt. Dailey exhibits the inherent qualities of a leader by modeling professionalism, developing innovative programs, contributing fresh ideas, maintaining a positive attitude, and demonstrating and encouraging commitment. In 2016, Lt. Dailey worked with his squad to develop innovative, proactive public outreach strategies to better connect with the community they serve, increase his squad's productivity combatting poaching in their districts and to introduce CDFW's Hunter Education Program into local public schools.

BEAUTY FROM ASHES!

Bear State Bowhunters, as you probably know, is a small archery club in San Diego County that is literally rising from the ashes of some very rough years. The club survived a devastating wildfire and then was forced move from our established range property in Escondido, California. We landed at Lake Henshaw, in San Diego County in 2008 and all figured we would not survive the unforeseen negative impacts. Against all odds, the "new" range is about a one hour drive from the nearest interstate freeway, I-15. A small group of "lifetime members" never gave up hope and slowly but surely the club is starting to grow again. Our range property is very versatile with a campground/resort, a lake, and a restaurant. We think its pretty special and fortunately the word is starting to get out.

Great form, Karen Scott-Freed!

In March, the Bear Ass Shoot exceeded all expectations with 154 shooters attending. Registration was steady right up until about 8:30am. Francis, Corky and Dave did a great job keeping the endless line moving through the trailer. Mike Yerkey manned the flying target most of the day and Taylor Burger kept the steel target shooters honest. Alfonso "Goonie" Gill and his son Sunny did a great job filling in and relieving all of us. Goonie also did a great job as "Master of Ceremonies", for the raffle and awards presentation.

The concession was a sellout, with pulled pork sandwiches on the menu that was no brainer! Thank you Chef Jason Herald, and Sous Chefs Justin White , Thurston Thompson!

Roy Pelky demonstrates proper longbow shooting form except he is drawing the bow with the wrong hand. Now Roy don't be mad at me as I'm just repeating what Jim "JV" Velasquez said.

The Shoot and the Raffle was hyped and advertised continuously on FaceBook the week before the shoot and I think it really paid off. Raffle set a new record of \$1500. We actually had too many raffle items and had to store a few gifts until our next big shoot the "Oak Valley Challenge" on May 21st.

R a f f l e donations came from Willow Creek Archery (Bowtech compound bow \$1049

and a Morrell target bag), Bow N Arrow Shop (Elite compound bow \$949 and one dozen Gold Tip arrows), \$50 gift certificate from Performance Archery. And more donations; a custom knife from Dick Hebbits, a lantern case from Ken Moore, two hunting knives and a rechargeable 1800 lumen tactical flashlight and a survival food box from Nigel Holmin. The club purchased a few more raffle items, a 3D target, hip pack, and a hip quiver. Please be sure to shop at these local archery shops and thank the private donors next time you see them as well.

The success of this club and especially this shoot wouldn't be possible without our members and core work group with some much needed relief from our "new blood" hard working members. We were able to make some m a n d a t o r y improvements in our club this past month. Projects included improving the range road conditions, we also purchased a couple new Rhinehart targets, purchased and arranged delivery of 30 new excelsior bales.

Sherrie Bastian-Smith showing off!!! Yep that's how I see it!!! Me being the President of CBH/SAA had the opportunity to and did destroy not one but two \$20 arrows , because there were 2 of those dang STEEL targets set up specifically to mess with me and for Sherrie to show off!!!

Thanks again for the extraordinary month long efforts from the following members: Mike Yerkey, Derek Burger, Ken Moore, Dave Sullan, Jason Herald, Joel Vexler, Thurston Thompson, Justin White, Alfonso GillCorky Johnson, Frances Chapp, Bill St. Clair, Taylor Burger, Don Fithian, Nicole Runnells, James Salvin, and Mark Omel.

Thank you, Derek Burger

**From the Desk of:
Carlos Funes 2nd Vice President of Field Archery**

As you are reading this article the 2016, State Field Championship Tournament is way done and in the books. The "Tournament" was held at the Oranco Bowmen's Range in Chino Hills, California. Oranco's Range looked fantastic thanks to all the hard work that the Oranco members did for the shoot, in fact it looks great all year long.

The 2017, State Field Championship, coming up on June 10th and 11th, will once again be held at Oranco. I look forward to having the shoot at the Oranco Range because the club sure does know how to host a shoot.

As for 2018, at the CBH/SAA Annual Meeting we had in January, 2017, we realized that there were some important issues that needed to be discussed at a letter date and that we could address them at the 2017, CBH/SAA Mid-Year President's Meeting which will be held at the Visalia Sportsman's Association located at 500 Roosevelt Ave. in Visalia. Based upon the importance of topics to be discussed the Regional Delegates voted to have all three Delegates from each Region be represented and each of those Delegates would have one vote on deciding what direction CBH/SAA would take on each matter just like at our Annual Meeting. One important topic we will be discussing and voting on falls into my arena as the 2nd VP of Field. This has to do with the State Field Championship Tournament.

That is, will we continue with a one site venue or will we have a

multi-3-site venue which included a Southern, Central and a Northern California site. In the past we have had both, the one site venue and then later we changed to the multi-site venue. We went to the multi-site venue for two reasons.

First of all it was the need to promote archery, which came about by having the tournament sites located where it was more accessible to more archers. The other reason was based upon finances.

That is, through more participation in the tournament, we were able to generate more income which covered the tournament expenses and it also generated some income for the General Fund.

Also, to be discussed will be the mandatory assignment of targets based upon all participants shooting with their competition on both days or just on Sunday. We currently allow the shooters to pick who they shoot with on Saturday and then on Sunday it is a mandatory assignment to shoot with their competition on Sunday. I have received several requests to have shooters shoot with their completion on both days.

For now, that's all that I have to report. Until then, shoot 'em straight and in the "X".

Bear State Bowhunters!

shots you don't take!**

A Memory About Bert By Scott Walker

It was about 1964 or 1965 when I went to my first shark derby. I was about 11 or 12 years old. I went with my dad and my brother Mike. When we arrived at Elkhorn Slough, we saw Burt Malech. Dad knew Burt and approached him and they began to talk about bow hunting. My brother Mike and I were getting anxious, as young boys do, so we asked Burt where to hunt for sharks and other fish. Burt not only told us where to go, but what to look for when we were walking the banks for the sharks, rays and other fish. He would say look for a swirl or a shark fin or some sort of movement, then shoot fast because the water is dark and murky. So my brother and I took off and a few hours later I came back with a leopard shark. I was so excited I wanted my picture taken in front of the shark derby sign. I saw Burt Malech and showed him my shark. He wanted to know everything. As a young kid, his kindness and interest in my conquest left a huge impression on me. As a man of "experience" I look back on this time with gratitude and admiration. Burt was a great guy who took the time to make a kid's day. That's the kind of man Burt Malech was.

My experience with Burt Malech was kind and encouraging and the more I learned about him and talked to other bow hunters about him, I see that my experience was not unusual. Bert was a kind, loving man who had a passion for bow hunting and archery. But more important than that, he had a passion and love for bow hunters and archers. He was a people person who liked nothing more than to sit around after a day of shooting and swap bow hunting stories. Many who attended his Shark Shoot each year tell that after the shoot was over everyone would go to

Burt's place for dinner and stories. Even after Bert got to the point where he was no longer able to physically go out and do the shoot, he never lost his enthusiasm for gathering hunters together and hearing about their experiences. Burt received many bow hunting awards and accolades during his lifetime. He was a member of the Archery Hall of Fame and earned the Lifetime Achievement Award. In addition, he was the Historian for CBH for many years. But I think Burt's real legacy lies in the relationships and friendships he made within the bow hunting community. He was known amongst his friends and fellow hunters as an all-around good guy who never said a bad thing about anybody. He was a very humble man who called himself the "poor farmer". He had a great connection with people and he was always interested in what others had to say. Generally, humility is not a trait associated with hunters, but Burt was an exception. He will be missed, but the traditions and relationships he left behind will keep his legacy alive.

We'll miss you Burt!

2017 CalNASP State Tournament

By
Robert Moore

The morning sunrise was partially visible through the clouds as the rain had stopped a short time ago. Volunteer staff were starting to arrive to finish prep and get ready for the first single site state championship for California National Archery in the Schools Program. The previous evening, volunteers arrived to build an archery range in the school's gym. Department of Fish and Wildlife (DFW) CalNASP State Coordinator, Lesa Johnston in cooperation with Placer County Tourism and the CalNASP steering Committee coordinated this tournament to replace the virtual tournaments that had been used for several years. The tournament was held Saturday February 4th at Sierra College in Rocklin. A total of 122 shooters from many locations around the state registered for the single day event to shoot in one of 4 flights.

Shooting equipment for CalNASP are specific, standard Genesis Bow and official Easton NASP 1820 arrow. A shooter can use a "no glove" attachment to the string and nock locators must be tied on, no other attachments to the string or bow are allowed. Sight window must be free of marks and with camo bows the sight window face must be taped. Before each flight an equipment inspection is performed. A shooter can use either a shooting glove or finger tab and an arm guard.

The official NASP scoring target is the 80cm FITA target with a total of 30 shots taken. The participants shoot ten 3 arrow ends, 5 at 10m and 5 at 15m. There are 2 shooters per target with double inspection scoring and judges to decide discrepancies. Divisions include; elementary, middle and high school. Each division will have individual boys and girls winners and can have a team that must include boys and girls.

Top prize for high individual score includes a new Genesis Bow for both boy and girl winners, team trophies for each division and medals for individual winners.

Kings Mountain Archers is holding its annual "3D In The Redwoods" Father's Day shoot on June 18th, 2017 at 9am. We will have 48 Rinehart 3-D targets ready to go for this three arrow shoot. The event will begin at 9am with the range opening at 7am for registration. No pre-registration or camping available for this event. Please remember the weather can vary from fog to sunshine, so bring a variety of clothing. See you at the range. Gary Johnston, President, KMA

Diablo Bowmen's 26th Annual Winter Hunt Bill Potts - Range Manager Diablo Bowmen

We had our 26th annual Winter Hunt unmarked 3D shoot in January. The weather forecast was for the "rain apocalypse". Of course it did not rain for almost the entire shoot, but we had a small turnout because of the forecast. True hunting conditions were present with the mud and saturated ground. The shooters that did come out were rewarded with an outstanding 32 target shoot, including an 8 target string walk and aerial moving targets. Our VP Dan Wright and his helpers set up a fantastic layout. Thank You to everyone that came out to shoot!

I am honored to be the new president of region CA58; Kathy Budding has stepped down after years of service to our region. We are grateful for all of the dedication Kathy gave to our clubs and shops, I have big shoes to fill. Kathy trained me to do range inspections before she handed over the job and we have completed a couple lately, I have included a couple of pictures of inspecting Sonoma County Bowmen's range (located at Lake Sonoma and quite spectacular) along with their president Marilyn Dutra. We have eight clubs and five shops in our region, so there is a lot of inspecting to do.

The weather is having a big impact on our region. Briones Archers in Lafayette and Diablo Bowmen in Clayton both have roads that have washed out and will be closed for an extended period. Diablo does have a secondary access, but it is not practical for most of the members to use due to time and distance. Redwood Bowmen in Oakland has invited Briones and Diablo members to participate in their club shoots, which is a really nice gesture. Redwood Bowmen have recently completed a realignment of one of their 14 target rounds at the request of the park district, This was a big job because it is on steep terrain that is heavily forested in redwood trees. They will be getting the range inspected soon and are excited about their new course.

Happy Shooting,

Bill Potts President NCFAA CA58

Highlights from the CBH/SAA Annual Meeting

by CBH/SAA Secretary Pam Severtson

First of all, "thank you" to OBFA and Oranco Bowmen for hosting this year's meeting at Ontario. As always, you do a great job! From the Hospitality Room on Friday evening, which gave everyone a chance to catch up and visit with each other, through the meetings and dinner on Saturday night, "thank you".

The meetings started on Friday afternoon with the Legislative Meeting led by our Legislative Coordinator Robert Moore. Pretty much a full room of representatives throughout the state discussing the issues that trouble us and what we are up against for our hunting and shooting rights. A proactive stance is being looked at with bowhunter education....this is a work in progress and more information will follow, but if you have any input, you can always contact Robert.

The Saturday meeting started at 8am and was dedicated in the memory of Burt Malech. The great story teller of all time had recently passed and has been difficult on many CBH/SAA members.

Our CBH/SAA President, Wayne Raupe, formally introduced our Vice President George Papac. With the stepping down of Tom Daley from NFAA Director as he is stepping into the NFAA Councilman position (soon) and Gary McCain stepping down from Vice President and stepping into NFAA Director's position, just musical chairs ☺ Officers gave their reports with no great shocks to anyone. The 2nd VP's always doing a great job and looking at what CBH/SAA can do to improve each of the state shoots. Our IBEP Chairman, Johnnie Waddles, gave his report that there were 12 more instructors this year, but many are not CBH members. We need to work on this.....

NFAA petitions were not sent for this meeting as NFAA has restructured when their meeting will be, which is in July. NFAA agrees to send us the petitions by the end of May and in turn, all of us members will need to discuss these with our clubs and regions and voice our opinion. These will be voted on at the Mid Year President's Meeting in June. California will still have a voice at NFAA, even if they changed the dates of the petitions ☺

Some regions were not represented this year and this can present a problem. If a region is not represented for 2 years, they must dissolve their region into another. If you are in the San Diego area or the Humboldt area, please reach out to the region officers and offer some help. If you need to start out slow on representing your area, please let them know. If you don't know who your representatives are, please contact me mpsevertson@frontiernet.net, or call 530-474-3324.

CBH/SAA has approved banners to promote our organization. These are currently in the works. These are for shops, clubs and non chartered shops....we need to increase our membership and one of the ways to do such is reach out to those who don't know about us, which surprisingly is quite a few!

One last item of interest, we have a new newsletter editor – Lori Raupe. Her contact info is listed in here. Thank you Lori for stepping up and tackling the large publication!

**Cherry Valley - Big Horn Canyon Ranch
3D Shoot**
March 19, 2017

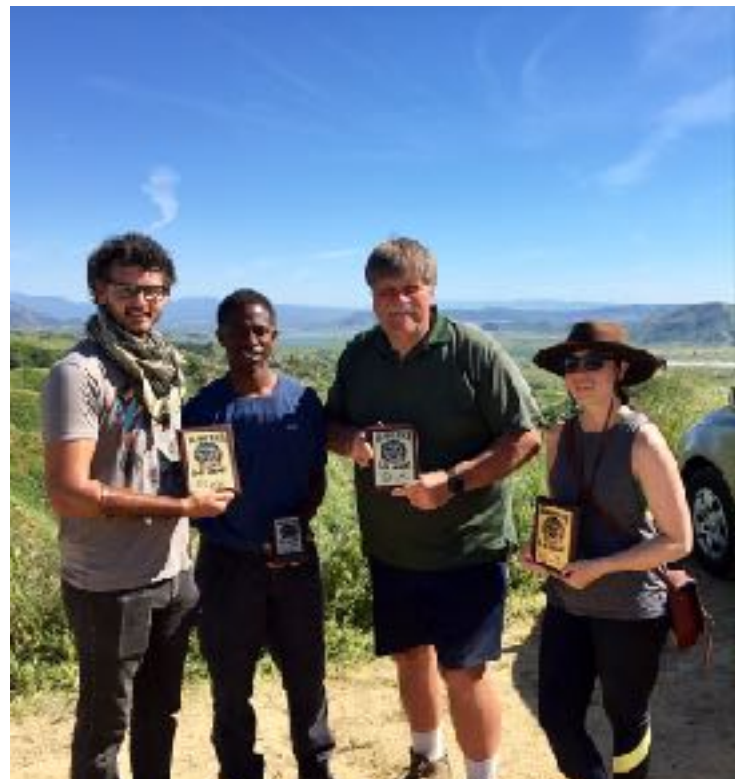

Hi, My name is Richard Barron, I am a avid traditional archer and love the sport of archery, I've been shooting for about 8 years now with my son Spencer. He and I travel all over California and beyond to have fun with 3D archery, we are what you might call hooked on archery. I'll try to give you some insight to the various sites I attend. Some of the sites are mixed shoots, that is compound and traditional, some are just traditional. Realize, I am writing from a traditional archer point of view. I hope to give you some insight into the world of 3D archery and the various locations and clubs that host the events. And encourage you to come out and attend these shoots and support the host club. After all, these are fund raisers for the host club that helps support the club and the sport of archery.

Big Horn Canyon Ranch shoot is one of my favorite shoots. Why? It's a unique site, there isn't a tree on the site, which might seem at first blush not so great, but it's on a high ridge with wonderful 360 degree views of the surrounding foothills. Because of the rains this year the hills were green like Ireland and beautiful. The 3 D targets are set in locations across small ravines, which present a certain challenge to the archer. Most of the shots are in a down hill setting. In some location a miss is a lost arrow to the arrow Gods of the ravine. It all makes for a wonderful and fun experienced. It's really unlike any of the other shoots I've attended and I totally recommend it to anyone who likes a challenge and loves 3 D archery. This shoot is traditionally held the third Sunday in March.

Host Club: Cherry Valley Bowhunters
<http://www.cherryvalleybowhunters.com>
Location: Moreno Valley
Archery Styles: Mixed shoot, compound & traditional
Traditional Stakes: yes (set a reasonable distances)
Mulligans & Doe Tags: yes
3 D Targets: 40 target RB Rating: 5 Stars

NOTE

Results for the 2017 Final Indoor Championships will be in the June magazine! They are available at www.cbhsaa.net at this time.

ARCHERY DEPARTMENT NOW OPEN! IN 3 LOCATIONS

For over 40 Years Turner's has been outfitting Shooters, Hunters and Anglers across Southern California and we are happy to announce our **Full Service Archery Department** to meet the needs of Archers from Beginners to Pros. Whether you're a seasoned bow hunter or a parent with little ones curious about this great sport, Turner's can now get you the gear you need for a successful day in the field or on the range. Turner's is an Authorized Dealer of Bowtech, PSE, Elite & Hoyt Bows. We not only have a large selection of arrows and all the accessories you need from the industry's top manufacturers, we are also a full service pro shop that can assist you with the complete setup, tuning or repair of your archery equipment. We welcome you to stop in our new archery department to meet our experienced Archery Technicians. Test the latest bows on the market in our test range or bring in that old bow of yours and let our pros get it back in shooting condition.

Legislative Information

A Next California Fish and Game Commission meeting (CFGC) will be held April 13th (teleconference). Agenda includes salmon and halibut adoptions and discuss proposed changes to regulations concerning the use of dogs for the pursuit/take of mammals (Section 265, Title 14, CCR). Another meeting will be held April 26-27 in Van Nuys. This meeting will include the adoption of Big Game regulations. No agenda has been posted at this writing.

The next Wildlife Resources Committee meeting will be May 24th in Sacramento; no agenda has been posted but continued discussion on 2018 fishing regulations and Predatory Policy update should be on the agenda.

Predator Policy Work Group (PPWG) met March 20th in Sacramento. Agenda items, 2. Discuss and revise draft predator policy 3. Discuss and possibly develop a recommendation on FGC Petition No. 2015-008 concerning recreational take of American badgers and gray fox 4. Identify and prioritize predator-related regulations to propose for revision.

The state legislature has started the next 2 year cycle for proposed laws. Bills not passed this year can be carried over to 2018. Several bills have already been introduced that affect sportsmen. Here is a list of bills related to hunting and their current positions in the legislature; AB478, increase age requirement for fishing license, in Appropriations Committee. AB521, reduce the tag cost for resident elk tags, in Water, Parks and Wildlife Committee. AB573, depredation permits for wild pigs (spot bill), No Committee assignment yet. AB986 reduced fees for veterans, in Appropriations Committee. AB1544 lead ammo ban relief, in Water, Parks and Wildlife Committee. AB1617, additional funding sources for DFW, No committee assigned. SB234 local regulation prohibition, in Judiciary Committee. SB710 use of suppressors for hunting, in Public Safety Committee. Additional bills related to firearms and DFW budgeting are not listed at this time. Bills could change content when close to expiration with the term gut and amend. Our conservation partners in the Hunting Conservation Coalition also have lobbyists to monitor concerns of sportsmen. This network of information and participation is advantageous to keeping informed of laws and regulations that affect what we do.

Robert

Thank You for your Donations to the CBHSAA Legislative Defense Fund!

By Robert Moore Legislative Coordinator

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, you're Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford.

Clubs, Regions, Organizations and Businesses may show the amount of their contributions as a way to inspire others to do the same. Again, I would like to thank those listed below in addition to those that donated previously for their support.

This Month's Donations include:

**New Youth Archery Program Comes to California
(continued from Front Page)**

Who has S3DA partnered with? S3DA has partnered with many organizations that want S3DA to thrive. Here are a few of the partnerships S3DA currently has in place: Cabela's Outdoor Fund, The Pope & Young Club, Bear Archery, ASA, NFAA, USCA, Pape's Inc. archery distributor, Lancaster Archery, Extreme Archery Products, and many more.

Why should an archery shop support S3DA? Archery shops can start their own teams and teams can practice at their shop. Archery shops sell archery equipment, and guess what, young archers will need to buy some gear. I know many shops were disappointed in NASP because it had not really increased sales as they had hoped. S3DA allows all brands of bows, arrows, sights, stabilizers, etc. California archery retailers, as this new archery program sweeps across California, be prepared to sell a lot more equipment.

Why should archery ranges and clubs support S3DA? I know many clubs have decent youth archery programs. Wouldn't it be cool if your youth archers could get together and compete with other kids in a few youth only archery tournaments? Some clubs don't have youth archery programs and this would be an easy way to start one. Anytime you find youth archers, parents usually decide they want to fling some arrows too. S3DA is a great way to increase Club

memberships. Clubs and ranges can host S3DA tournaments and earn some extra money. A lot of times S3DA will host a shoot in conjunction with another club's tournament.

So does S3DA just participate in 3D shoots? S3DA hosts youth 3D tournaments, indoor target tournaments and outdoor target tournaments as well. S3DA is holding a National indoor target tournament in conjunction with NFAAs Las Vegas Indoor Championship in February. S3DA students will have the opportunity to earn college scholarship offers through regional, state, and national-level tournament participation.

S3DA has three divisions; Elementary, Middle, and High School, all divided into male and female divisions as well. S3DA offers both Individual and team competition

I am looking for potential regional coordinators and coaches. If you have taken a level 2 NTS or higher through USA Archery, I can get you grandfathered in as a S3DA coach with a minimal 4 hour additional S3DA training. If you are interested in starting a team, or training other coaches, please contact me at instructor4cpr@gmail.com.

Keep flinging arrows,

David Allain

The Oasis Shoot is usually held the third Sunday of every March and is the Yolo Bowmen Club's signature event, but has been cancelled for 2017. Because of the ongoing lease dispute with the county, and the range being closed for January and most of February, we simply did not have time to get everything ready for the Oasis shoot. For this year it has been cancelled, but will be back next year!

The shoot consists of 28 3D targets, three arrows per target with marked yardage.

The event typically draws over 300 archers. The range is a favorite among attendees for its shaded and flat course. We would like your help to make our annual Oasis shoot a success! We are seeking contributions to help make our event more successful and accomplish sustainable projects on the range.

If you would like to donate send any size donation to: Yolo Bowmen Archery Club, 30475 County Road 104, Dixon, CA 95620 or for more information: info@yolobowmen.net "

TOURNAMENT RULES:

As printed on all other previous flyers Common sense and common courtesy rules apply which means exactly that. For clarification here they are as follows.

- 1) This is a participation tournament which means sponsors pay big bucks to have people participate therefore you must be present to win.**
- 2)All fish and game rules apply.**
- 3) There is a mandatory check in between the Friday evening before the tournament and 7 am the day of the tournament.**
- 4) You must be at the grandstand at 7 am saturday morning and may not leave the grandstand area unless your number has been called for release in the tournament.**
- 5) You must bring in all fish once shot.**
- 6) During the night shoot stay clear of houses we don't need the lights upsetting homeowners and causing problems for the tournament.**
- 7) You must be in the weigh in area by 530 pm Saturday evening for the raffle and dinner.**
- 8) Matt Petrini has the right and discretion at any time to clarify further the only 1 real rule, common sense common courtesy, you can be disqualified if there are complaints against your boat for not following these very simple rules.**

The folks putting on this tournament are working on a 100% volunteer basis, there is no money made, no donations taken for doing this, there are also no manuals on how to run a tournament therefore we are doing our best and please take it easy on us if there is some sort of mistake or misunderstanding, and if you think something should be done a different way a kind offer of advice would be nice and if its disagreeable, please put on a tournament to your own liking and send us the invite! We are here for fun and that's it, bad attitudes and complaints don't do any good other than to stop the tournament from happening, thanks are the only payment for all the work.

CBH Broadhead Field Invite

The State Broadhead will be held at Oranco Bowmen in Chino Ca. It was a tough decision but the Tejon Ranch said no to the broadhead and many clubs were contacted with no luck. With the deadline just one day away we agreed to do it.

What we would like to offer to all shooters is that we have lots of shaded camping and if you want to come to the shoot and stay for a week or two, you are welcome to do so. We are within a 1 hr drive to Disneyland, Knott's Berry Farm, Universal Studios and many other attractions you can make a Southern California vacation out of it for the whole family.

If you plan to shoot both the Broadhead and the Field, you can come to the Broadhead and leave your trailer and drive home, so when you come back to the State Field your trailer will be all set up.

It is all dry camping and no fires are allowed but pets are ok as long as they are on a leash and under control. We do have water but it is non-potable.

If you have any questions please feel free to call Joe Dotterer @ 951 897-5685 between 6:30 am
