# A Big Strutting Long Beard for the Record Book

By Mary Williams

My husband EW Williams and I had yet to have an opportunity to get out for California's spring turkey season and it was getting close to the end of the general season and start of the archery season. We finally found a window of opportunity where we could go on a hunt so we sat down and planned our trip to San Diego County. We decided to leave home very early Sunday morning, May 1<sup>st</sup>, and arrive at the property around 6:30am to begin our planned two day hunt. Thirty minutes into the hunt we found ourselves on a ridge overlooking a large meadow. We immediately saw two hens and a gobbler in the meadow approximately 150 yards from us.

#### President's Message-by Wayne Raupe

Well there was a little email mix up with the May issue of our CBH/SAA Magazine and I am sure you noticed it if you get you Magazine electronically. Electronic mail is a wonderful thing unless you push the send button before you are ready or if you accidentally have the wrong document attached to your message. This is what happened last month so all of you that got the electronic version of the Magazine received the unproofed issue first. Subsequent to that, Pam, CBH/ SAA Secretary, received the CORRECTED order then got the correct version to them so all your new adventure "Captain Roy". was well with the snail mail version. As we all California archers are under attack again by the know "stuff" happens and we got it corrected and extreme liberal left that thinks the only way we can we will do our best to make sure that this doesn't be protected is for them to take our protection We inconvenience and hope this didn't negatively to protect us. We will no longer have the ability or impact any of you or the clubs.

On to some bad news... and then some good news. ourselves from the criminals that are NOT First the BAD news... Some of us just learned, in disarmed! In this round we are being attacked by the last couple of weeks, that the CA Department Lt. Governor, Gavin "I Want to Be Governor" of Fish and Wildlife (DFW) had another strong Newsom. He is pushing his gun control and influential advocate for California's wildlife, initiative, coined the "Safety for All Act of 2016", habitat, hunting, fishing and Hunter Education through the initiative process so he can make a retire about a month ago. Yep, lots of us were left name for himself by getting his initiative on out of the loop as Roy Griffith, Assistant Chief California's November 2016 Ballot. He thinks by Law Enforcement, retired. Most of you might doing this it will give him an edge on becoming remember him as Captain Roy Griffith and that he the next governor of CA. He knows that most was in charge of the Hunter Education Program. It likely, that sending it through the legislative was quite a surprise to me as well as I had talked process where the legislators and the Governor with him in December at the Department of Fish would have to give it their blessing, it would die. and Game (DFG) Commission Meeting in San So he is doing his best to get it on the ballot so that Diego and he said nothing to me about his the "uninformed", ill-informed" and the anti-gun retirement. He will be missed by all of us who zealots who don't understand and hate the Second knew him, worked with him and relied upon his Amendment, can vote on it. Interestingly enough experience, knowledge and professionalism. So Mr. "I Want to Be Governor" is not willing to now for the "GOOD" news... well Roy Griffith is give up his guns nor take away the guns of his still in the mix and we will be seeing and working security squad. He and his family, just like the with him on the same kind of issues except he will wealthy and other government officials and their be on the outside of the DFW. He is now families, will have their full complement of guns employed by the California Rifle and Pistol and ammunition as will their armed security. Yet Association (CRPA) advocating preservation of firearm ownership, hunting and California defenseless and vulnerable to armed proper management of California's fish and criminals and an armed government. wildlife. He will be a huge asset to them and us. It

version and sent it out to you so you received to will be a pleasure to work with him in his new Magazine links from her but only the second one is capacity and there will be many occasions to work the corrected one. Those of you that received the side by side as issues of the CRPA are ultimately hard copy, via snail mail, received the corrected the issues of CBH/SAA. Enjoy your retirement version as we sent an urgent "STOP THE PRESS" Roy... er... well retirement... not so much. Enjoy

#### **SMALL GAME REPORT**

The 2016, 21<sup>st</sup> Annual Tilapia shoot is in the books! We had 15 die hard bowfisherman show up to chase the elusive Tilapia in Palo Verde, on the Colorado River. The weather wasn't the greatest, we had wind and partly cloudy conditions which made seeing in the water a challenge, but... we slayed Carp and Tilapia!

Travis Scott took first place and a trophy for the biggest Carp with a 16lb 5oz specimen, 2<sup>nd</sup> place was Bret Scott with 12lb 11oz, and 3<sup>rd</sup> place was Jake Ashbaugh with 9lb 7oz fish.

Dylan Roney took top honors on Tilapia with a 2lb 13oz fish for 1<sup>st</sup> place, Travis Scott took 2<sup>nd</sup> place with a 2lb 12oz fish and Bret Scott took 3<sup>rd</sup> with a 2lb 10oz fish. A couple of trick shots were taken on 4-7 oz Tilapia, (I think they were just showing off).

All in all, another successful Bowfishing Tournament for the Small Game Club, with a couple new faces. I hope to see everyone out at the Lake Isabella Carp shoot coming up after the Broadhead on June 4<sup>th</sup> & 5<sup>th</sup>! Water is up and the carp are thick! I also want to thank everyone for the support they are showing for the Small Game Club. Remember to keep turning in your critters! Bret

## Thank You for your Donations to the CBHSAA Legislative Defense Fund!

By Robert Moore Legislative Coordinator

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, you're Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting

our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford.

Clubs, Regions, Organizations and Businesses may show the amount of their contributions as a way to inspire others to do the same.

Again, I would like to thank those listed below in addition to those that donated previously for their support.

This Month's Donations include:

Archery Clubs, Regions, Organizations and Businesses:
Yuba Sutter Bowhunters, \$400
Antelope Archers, \$240
Broken Arrow Bowhunters, \$100
Individuals:

The gobbler was in full strut, feathers puffed up, his beard was sticking out of his chest and looked like a rope. We decided to make the stalk and started our approach, keeping cover between us and the birds. When we had closed the distance to about 50 yards of the birds, EW told me to continue the stalk on my own to the last piece of cover. The cover was somewhat sparse so I was hoping that my Human Energy Concealment System (H.E.C.S.) suit was going to do its job and keep me concealed. When I reached that last bit of cover I moved to the left side of it (I'm a lefty) just enough to give my bow clearance for drawing and shooting. As I moved the gobbler looked my way and alerted but then settled back into strutting and showing off for his lady friends. The H.E.C.S. suit apparently did its job as the gobbler acted like I was a nonthreatening object. I ranged the gobbler and it was 35 yards from me, a distance that I had shot many times over the last couple of months at the Oranco Bowman Archery Range. I drew the bow with confidence when the gobbler tuned away from me then I bracketed his vitals with my 30 and 40 yard pins when he turned broadside. I applied pressure to the trigger of my release. The V1 Victory arrow tipped with a three blade, 75 gr WacEm broadhead hit the bird perfectly. I turned with eyes wide and arms waiving to look at EW and I quietly but excitedly yelled... "Did you see that shot?!!" EW was beaming with pride and excitement as this was my second turkey with a bow but this was my FIRST LONG BEARD and potential a CBH/SAA Big Game Club (BGC) Record Book Bird. I focused my attention back on the gobbler and started tracking him and I found him piled up 25 yards from where he was when I shot him. EW looked at his watch and said... "It's only 7:30am!!!" Then he gave me a hi-five, some hugs and congratulations on making an awesome stalk and for keeping my cool all the way through to the end of the shot. We took a moment to honor the bird and thank God for the opportunity of taking this beautiful bird... THEN THE PHOTO SHOOT STARTED!!!!

EW contacted Bret Scott, an Official Measurer for the CBH/SAA BGC, Pope & Young, and the Boon and Crockett Club, and asked him if he would measure my gobbler. Bret said he would and would meet us in Riverside at the Trophy Room Taxidermy shop, where I am having owner, Keith Hopkins, mount this beautiful bird for me.

The final numbers are: Beard 9 - 10/16 inches + right spur 14/16 inches + left spur 14/16 inches with a total score = 116/16 inches and my gobbler ranks #104 in the book!!

I am one HAPPY bowhunter!!!

#### Student Archers in CDFW State Competition Rack up the Scores

#### March 16, 2016 https://cdfgnews.wordpress.com/author/korr2013/

The California National Archery in the Schools Program (CalNASP), hosted by the California Department of Fish and Wildlife (CDFW), has concluded its sixth annual Virtual State Archery Tournament and the students wrapped up the season with some impressive scores.

"We would like to congratulate all of the students that participated in this year's Virtual State Archery Tournament and we would especially like to commend the top boy and girl shooter of the tournament," said Lesa Johnston, CDFW CalNASP Coordinator. "These young archers took their training very seriously and worked hard throughout the school year to develop the skill it takes to be precise and consistent in a competition."

Manly Arvizo, a 12th grader at Sultana High School in San Bernardino County came in as the top boy shooter and top overall shooter in the state competition with a score of 290 points out of a possible score of 300. Manly came in second in last year's tournament. Manly is planning to enter the Marine Corps after graduation, so when he is not practicing archery, he focuses on physical fitness training. Manly is also a member of his school's Outdoor Club and enjoys a variety of outdoor pursuits.

Melissa Osorio, an 11th grader from Kearny High School in San Diego County, is the top girl shooter for the second year in a row with a score of 284 out of a possible 300. Melissa also came in second place as overall shooter in the tournament. When Melissa is not practicing archery, she enjoys spending time with her friends, playing tennis or watching movies.

Both shooters will each receive a new Genesis Special Edition compound bow donated by the manufacturer to the schools. Their coaches will present the bows to them.

The Virtual State Archery Tournament is designed to give students the opportunity to challenge their mastery of the sport in a supportive environment in which they can compete with other students statewide without traveling. Students compete at their

own school either in a gymnasium or an outdoor range and their scores are posted in a national database that not only ranks the state scores, but also provides coaches with national rankings to report to students. The state tournament is a qualifier for the national tournament, which will be held in Kentucky this May.

Honorable mentions were given to: James Bui, ninth grader from Sultana High School, rank two as the overall boy shooter and third overall state shooter; Selena Schmidt, 10th grader from Sultana High School, second place overall girl shooter and fourth overall state shooter; Lilly Bell, 12th grader from Sultana High School, tied for second place overall girl shooter and fourth overall state shooter; Patrick Allain, 12<sup>th</sup> grader from Calaveras High School in northern California, third overall boy shooter and number five shooter in the overall state ranking.

Archery is a sport that can be enjoyed by students of all abilities and sizes – it can be enjoyed outdoors and encourages students to lead a more active lifestyle. ## Broiled Tilapia with Horseradish and Herb-Spiked Mayo

#### Recipe courtesy of Robin Miller

Total Time: 16 min

Yield: 4 servings

Prep: 10 min

Level:

Cook: 6 min

Easy

#### Ingredients

- Cooking spray
- ✓ 1 lemon
- ✓ 4 (6-ounce) Tilapia fillets
- Salt and freshly ground black pepper
- √ 1/2 teaspoon garlic powder
- √ 1/3 cup light mayonnaise
- 2 teaspoons prepared horseradish, or more to taste
- 2 tablespoons chopped fresh chives
- 2 tablespoons chopped fresh parsley leaves

#### ADD CHECKED ITEMS TO GROCERY LIST

#### **Directions**

Preheat the broiler. Coat a large baking sheet with cooking spray.

Finely grate 1 teaspoon of zest from the lemon and set aside. Squeeze the juice from the lemon over both sides of the fish. Season both sides of the fish with salt and pepper, to taste, and the garlic powder. Place the fish on the prepared baking sheet and broil until fork-tender, about 3 minutes per side.

Meanwhile, in a medium bowl, combine the mayonnaise, lemon zest, horseradish, chives, and parsley. Serve the fish with the mayonnaise mixture spooned over the top.
