Well better late than never, I wanted to get a few remarks out to you before Lori closes for the month. Sorry, I missed the last couple of newsletters, but I'm sure there was plenty of detail in the newsletters to keep everyone informed. So in no particular order...

We have had some outstanding State Championship-level shooting over the last couple of months. Attendance has been down as expected, but the players have really shot well and we have seen some new state records and great competition. Thanks to Thomas Rolls and the entire NOMAD archers team for a great State Broadhead.

These guys always work tirelessly to make sure the course is in great shape and everyone is well taken care of. The wind was a factor the second day, but as I always say "archery is an outdoor sport". We did have one broadhead-related injury early and it's always a painful lesson in staying focused and careful with broadheads...they're sharp! Huge thanks to all of the sponsors for their generous financial support. It was great to have a big influx of cash and prize giveaways to generate cash. It does take money to host this competition and every dollar is helpful. Best wishes to Gary and Sandy McCain as they bid their "final final final" farewell to the BGC and a huge welcome to a certain newcomer!

Huge thanks to Mark Rubio and the entire Yolo Bowmen team for hosting a great State Field. I was not able to attend but 2nd VP Dan Stafford of course did a fantastic job running the scoring and I have heard nothing but great comments. I think attendance was definitely affected by the current fuel prices and inflation in our great state, but congratulations to all who made it as we appreciate the support. Special congratulations to Wendell Souza on a monster score in the Pro division and to Ken Wagner as he continues his quest for Grand Slam.

We just finished the State Unmarked 3D tournament at Oranco over the weekend as a piggyback to the yearly Firecracker shoot. I know this is a shoot that

the BGC may be putting back on the shelf, but due to some heavy lobbying by Al Wiscovitch, the show went on for at least one more year.

Thanks to Al and Brad Belvedere for setting up the course and running it for the team. It was a difficult and complex layout with extremely demanding shots. The weather conditions were unlike anything seen in recent memory. The competition was stiff and somewhat chippy in certain classes, but in the end, I think the top archers were crowned. There was

especially tight competition in the Male Adult BHFS class, but even after a late charge by second place, the Champion held on by 3 points and took the trinket. More during the news at eleven.... All kidding aside we had fun, great job Oranco!

Big Game Draw has come and gone and I assume everyone got everything they hoped for from Santa? Doubt it, but it was worth a try. I'm sure that drought conditions will make for another tough hunt this year but best of luck to all. Be advised that CDFW has resumed in-person Hunter Education. An online hunter ed is still an option

for now but if you would like your youngsters to get some more focused class time then get online and get into a class near you. Although it can be tough to keep the young guys/gals focused thru a long day, it can also be beneficial as safety and ethics is always a priority in class.

The Legislative team has been hard at work reviewing the latest decisions coming out of Sacramento and advising on the same. Obviously, everyone is up to speed on bear legislation at this point and thankfully that has been tabled for at least another year. I know Amanda and the team will have a more detailed report later in the newsletter and I won't steal the show here, but obviously, the junior hunting license is a win along with some other pieces that have fallen into place. Right now the thing to keep an eye on is your firearm rights.

Continued on page 8

A Message from the President

Legislative Team Update

by Amanda Duchardt
CBH/SAA Legislative Coordinator

Hello CBH/SAA friends and family!

The CBH/SAA Legislative Committee has been hard at work again this month and will continue to be very active through August 31, when the legislative session closes. Although these newsletters provide our team with a platform to update you on past actions, we occasionally need your **URGENT** support to contact your representatives in the State legislature and urge them to vote for or against certain legislation. Grassroots efforts play a critical role in helping defend the privileges of archers, bowhunters, and other sportsmen and women in California. If you would like to receive Legislative Updates, including **CALL TO ACTION** emails, visit <https://cbhsaa.net/Legislative/LegHome> and click "Click here to sign up for Legislative Updates"! Also, stay tuned for opportunities to opt in to receive **Voter Voice** notifications, which will make these call to action items even easier to respond. **THANK YOU in advance for your support!**

The CBH/SAA Legislative Committee is also primed to begin some fundraising. As you may be aware, the CBH/SAA Legislative Defense Fund pays for our lobbyist, sponsors the Annual Outdoor Sporting Caucus Trap Shoot, and covers the cost of any legal actions for/against CBH/SAA. We will also be hosting the quarterly California Hunting and Conservation Coalition (CHCC) meeting on August 2 in Sacramento and plan to initiate a subscription to Voter Voice that will allow us to engage you more effectively. In total, our annual operating budget is \$18-20k, assuming no legal action is needed. Unfortunately, without the continued support of our individual members and clubs, we will run out of funds next year.

One of the exciting fundraising events we have planned is the **CBH/SAA Archery Showcase at Oranco Bowmen in Chino, CA on October 23, 2022**. The goal of this tournament-like event is to increase member and non-member awareness to everything CBH/SAA has to offer and why this organization is SO important to the sport of archery including individual archers, bowhunters, bowfishing enthusiast, archery clubs, and archery shops To achieve that goal, we plan to showcase the benefits of membership including a variety of State Tournaments, the Big Game Club, the Small Game Club, the Archery Hall of Fame, the Legislative Committee, and more! We hope to generate new memberships, reactivate past members, and give

you a TON of reasons to retain your membership. Proceeds from the event will benefit the Legislative Fund.

The shoot is tentatively planned for about 50 arrows and will "showcase" field/hunter/animal targets, 900 round targets, and 3D targets in unique hunting scenarios. In each section of the course, shooters will learn about how they can participate in the State Field Tournament, State 900 Tournament, Big Game Record Book, CBH/SAA Bowfishing Tournaments, and the Golden Eagle Award... just to name a few highlights.

We are seeking **raffle donations**, **volunteers** to assist before and during the event, and **vendors** that would like to set up booths in the assembly area. If you are interested in helping, please reach out to me at CBHLegTeam@gmail.com. My contact info is also on the CBH/SAA website.

We have ambitious plans for this event, but our success will depend on our donors, volunteers, and everyone that shows up to shoot and have a GREAT time.

Legislative Team Update continued from page 5-GREAT time. We are very EXCITED about this unique opportunity and **hope to see YOU and all your archery friends this fall**. Special thank you to Oranco Bowmen for stepping up to host and supporting the Legislative Team. I'm proud to call Oranco my home range. More details and flyers are in the works. STAY TUNED! (pun intended)

Finally, special thank you to the members and guests at Oranco who collectively donated nearly \$350 to the Legislative Fund during our monthly club meeting and the Firecracker 3D/State Unmarked 3D Tournament! Thank you to all our donors listed at the closing of the newsletter including **Silverado Archery Club, Cherry Valley Bow Hunter Archery Club, Diablo Archery Bowmen, and Cougar Mountain Archers!** You are appreciated!

Other Legislative Team actions and updates this month:

- Signed a coalition letter of opposition for **SB 505 Firearms Liability and Insurance** – legislation was introduced (via a gut and amend process) that would make a person who owns a firearm strictly civilly liable for property damage, bodily injury, or death resulting from the use of their firearm. SB 505 would do nothing to reduce criminal use of firearms, but would unlawfully tax California's law-abiding hunters and shooters, impact our wildlife and their habitats, and disproportionately affect disadvantaged communities and the ability of the economically challenged to keep themselves and their families safe by exercising their Second Amendment rights.
- Signed a coalition letter of opposition for **AB 1227 Firearms and Ammo Excise Tax** – in May 2022 Assembly Member Marc Levine gutted and amended his AB 1227 to impose an additional excise tax in the amount of 11% on the sale of long guns, firearm parts and ammunition and 10% on the sale of handguns. Identical to AB 1223 – legislation also authored by Assembly Member Levine that we actively opposed and finally defeated in late January 2022 after a long battle. CBH/SAA Members that are signed up to receive Legislative Alerts also received a **CALL TO ACTION** email with information on how to contact their Senator and urge

him/her to VOTE NO when/if this bill makes it to the Senate floor for a vote.

- Signed a coalition letter of opposition for **AB 1737 Children's Camps** – legislation that would place substantial new costly requirements on nonprofit conservation organizations who run youth outdoor camps – causing many camps to shut down and taking a big bite out of our collective R3 efforts to introduce youth to our outdoors.
- Signed a coalition letter of support for **SB 370 Big Game Management Account** – this legislation would clarify that DFW may enter into agreements with for-profits, non-profits and federally recognized Indian tribes for the use of Big Game Management Account (BGMA) funds to deliver programs and projects that promote big game species and their public hunting opportunity.
- **More updates at:** <https://cbhsaa.net/Legislative/LegReports>
- **Reminder:** Whether you've been involved in archery or hunting your whole life, or are new to this sport, **you have something of value to add to the conversation and I encourage you to reach out to me and the CBH Legislative team and share your knowledge and experience!** Our contact info is in this newsletter and on the CBH website. We look forward to hearing from you soon!

For the most recent updates and to donate to the CBH Legislative Fund, please visit the CBH website Legislative pages including <https://cbhsaa.net/Legislative/LegHome>.

NOTICE

Big Game 30th Recording Period has ended. After your 60 day drying period get your animal scored and submitted to:
Records Chairman Art Cain.

Deadline for September issue is July 25th!

He would often ask. My ears translated this into a challenge, to emulate clashes with nature via filming them.

With that practice came a deeper interest in not only the animals but also the totality of flora and fauna.

Cameras, both still and moving, became part of my natural attire.

Ready, Set, Go!

Little did I know as a small town country child, that my love for hunting with a bow could transport me to so many places. In these new environments I could meet so many new and wonderful people, enjoy delicacies and the diversities of cultural practices. My Grandmother Alva had predicted this even while I was yet but a teen. The reality had long ago set in through lived experiences. It was only the 20th of Jun, and already “the bow” had taken me from my California home to Utah, Texas, Indiana, Michigan and Colorado. It continued to amaze me; the brotherhood of the bow.

Seems as though an individual can travel nearly anywhere in the world and the camaraderie of stick and arrow provide instant friendships and deeper bonds in life. Indeed it is a privileged life I have been granted, to enjoy so much of the wealth of nature. To bask in wilderness so deep that the nearest journey leads one along for 26 miles before arriving. (Weminnoch Wilderness, CO).

Blessed with a joy to share these experiences with any willing to listen (or those stuck in the airline seat next to me) I am able to babble nearly endlessly about my journeys. Also at a young age I was challenged by my father to verify the likes of wildlife which I expounded on with perseverance. “Do you have proof, of all these wonderful encounters?”

The inconvenience of my pack with less space and more weight were rewarded with the abundance of the assets in the ability not only to share, but to reflect, most enlightening.

With reflection came deeper appreciation and knowledge. Small details were uncovered and wildlife behaviors were unveiled. (Great Horned Owl). Abilities to share some of these were now easier to pass along to those less fortunate or beginning the process afield. Which leads us back to extended seasons in the wild, expanding destinations and the meeting of new people. All of which were enjoyed again by the first part of this summer. Being able to represent *California Bowmen Hunters* and *Bent Bow Outdoor Productions* has been not only my privilege, but also my thanksgiving. Sharing these filmed outings has led to periodical engagements around our beautiful country.

Continued on page 8

A Message From The President- from page 4- There are currently 2 bills afoot in the various committees in Sacramento that will severely restrict and tax your firearm rights. Many of you may be archery shooters only and that is fine, but most of us either own or know someone who owns a firearm or multiple firearms. My concern at this point is that they may eventually come after archery equipment for the same taxation and consideration. As ludicrous as it seems, we could see significant increases in the cost of archery equipment along with individual liability insurance requirements. Stay tuned to the CBH Leg team for more updates!

I have spent a couple of recent weekends putting on archery exhibitions/classes for local groups in the area and have 2 more to go this summer. The reason I bring this up is more of a request than anything. I know we are all busy, but please make sure you take time out to help with these little demos. They are very beneficial to the young shooters and can begin to grow our next generation of shooters and your clubs. Many of the non-profits like the scouting organizations (both boys and girls) and inner-city clubs do not have access to the equipment and facilities that we provide. All of our clubs and shops have at least decent quality starter bows with arrows and target systems to provide a fun experience for young people. I know it's a challenge to spend an entire day in the heat helping the little ones, but it can be very rewarding and is incredibly important. That being said, I have a couple of opportunities for SoCal. We will have 4 clubs helping out for the Raahauge's Youth Adventure Day on July 16th, but we can always use more help if you are new to your club and CBH. I am also extending an invitation to any shop that would like to come set up a booth in the archery area. This is an event to get kids outside and we usually see somewhere around 1,500 kids and adults of all ages thru the archery shoot. Last year during COVID saw almost 3,000 people for the whole event. It would be great opportunity to get your shop out in front of some young people and their parents if that sort of thing interests you This is FREE of charge for your shop. My second opportunity is the Compton Hunt Club Youth Outdoor day on Saturday July 23rd.

This will be at the Compton Hunt Club and will also be an archery demonstration. Please reach out to me if you as a member are interested in either.

In closing I would like to congratulate the BGC on the purchase of the first ever Big Game Club Mobile Measuring Clinic Trailer. Craig Fritz was instrumental in tracking down a great trailer and getting it customized to store all of the BGC measuring tools and antlers/horns/teeth etc. This trailer and tools will be used to provide measuring clinics up and down the state and familiarize people with the Pope and Young measuring process. I know that not all CBH members are hunters, but this is a really nice tool that will be used not only for measuring trophy class big game animals, but also for education. As we all know, much can be learned from the harvest and much can be applied to game management throughout the state of California.

As always I thank each and every one of you for your membership and dedication to archery in California. Until next time I wish you well on your hunts and tournaments and ask you to be safe and shoot straight! ...preferably not in my direction. All the best to you.

Ready Set Go, continued from page 7-On the latest apportionment in Berrien Springs, Michigan times we My life long friend, hunting and filming partner Ron Crouch and I were invited to conduct a seminar (<http://youtu.be/ljVqS-BVEcy>) for those gathered for *Compton's National Traditional Bowhunters Annual Rendezvous*. The four day extravaganza was home to over 2,000 participants daily and over 200 youth (some pictured on the cover and page 7) Life there was greeted each dawn similar to Californians home state welcome. Continued on page 9

Important Online Registration State Tournaments

Karen Keeting
2nd VP CBH/SAA – Target

Online pre-registration for the State Indoor and Target Tournaments is a reality that we must face now and in future years. The electronic pre-registration process is not perfect; though the advantages far outweigh the disadvantages.

Continued on page 11

The camaraderie was thicker than any noted in the last 50 years of this type of an events. The methodically planned and perfectly executed youth day was again the best ever witnessed by this author. The brotherhood of the bow is sometimes beyond our comprehension and can be thicker than blood.

In Texas the use of “feeders” and minerals are... allowed but doesn't minimize the tediousness of sitting motionless in an elevated stand. And, as is with a windy day in elk country the noise and motion produced by gale winds gives some advantage to a stalking hunter; even when the quest is an Africa Black Buck. This buck had been hard at his battles and lost the majority of his spiral horns before the arrival of this hunters' camera. Swaying branches and the rustling of leaves did well to mask the unnoticed approach to within 11 yards. The same fate was delivered to the spotted Axis buck of India.

So much more; but out of room in this edition of our newsletter. Keep um Sharp

Ready Set So, continued from page 8- The mornings began the same, peppered with the lonely sound of the cooing doves as sunlight filtered through the sweet maple tree leaves. Twelve inch smallmouth bass were landed and fried in the same manner as home with evenings closing out by the light of the famed eastern lighting bugs. Turns out bows are strung there in the same fashion as they are in our Golden State. Summer is just as hot but adds 86% humidity to the index. Skipping to events: a highlight of the four days was spending time with long-time acquaintance, Clay Hayes; now known to many as the winner of “*Alone*” (Season 8). His seminar ended with the confirmation that all said and done: There is nothing like family. Clay continues to stress his insignificances and the importance of taking time to appreciate others (as seen engaging with thirteen year old William Holtz of Iowa).

IMPORTANT ONLINE REGISTRATION Continued from page 10-A few of the main advantages is that electronic pre-reg allows the host site to prepare for (purchase targets, foods, etc) the correct number of participants, and specifically for indoor, the pre-reg process provides a tool for the host to manage how many archers in each time/date slot. This was extremely important when we were faced with Covid restrictions. Over the last couple years, Indoor and Target has seen a few different registration programs that have required coordination by the Indoor and Target VP's, the CBH Treasurer and the site hosts. For the Indoor alone, over 600 checks are handled multiple times making the process cumbersome and time consuming.

For the 2022 State Target Tournament to be held in September, I worked with an organization, Runreg.com, that has been successful with the online pre-registration process for other sport activities. With their help, I was able to create a platform asking each archer their pertinent information (name, gender, address, email address, phone number, age group, bow style, NFAA membership number or USA archery with CBH membership number, and emergency contact information). I was also able to submit the CBH/SAA waiver which every archer was required to read, review and then initial that they had done so.

The host site is given a list of archers who have pre-registered for their event. At the end of the tournament, the host site coordinator only needs to mail the completed score card from each archer to me. They no longer need to send any money through the mail. I have listed the positive aspects for using an online format for our State Tournaments.

- Most tournaments of any kind require online pre-registration for numerous reasons which include: Host site will know how many archers to expect at their tournament;
- Host sites will know how much food to prepare or have on hand on the day(s) of their event;
- CBH 2nd VP (Indoor, Target, Field) has archer names' clearly spelled correctly;
- All pertinent information from the archer is collected (age group, bow style, and NFAA membership number or USA archery with CBH membership number);
- Emergency contact information is collected for each archer;

- Host site no longer need collect cash or checks from archers since the online pre-registration platform has already collected the required fee (a nominal fee is charged by the online platform (Runreg.com) for each archer);
- Host sites only need to mail in the score cards and expense sheet to the respective CBHSAA 2nd VP; this must be done within 1 week after the completion of their tournament.
- CBH/SAA 2nd VP is able to confirm national membership prior to the tournament;
- CBH/SAA 2nd VP is able to provide the results more quickly to our Webmaster and Newsletter Editor.

In this next section, I will walk you through how to complete your online pre-registration. If you have any difficulty, please reach out to me at cbhvp900@gmail.com or you may contact Runreg.com directly.

First step: Copy and paste this URL in your web browser... <https://www.RunReg.com/cbhsaa-state-target-tournament>

- Click on the "Register" tab
- You will be re-directed to register with "Outside". You will need to create an account so you will need an email address. If you do not have an email address, please call me at 408 515-1281.
- Click on the host site where you want to shoot.
- At the bottom of the page, click on the blue button "Register with *Outside* or *Runreg* account.
- Please complete the page "Participant Contact Information"
- Optional: Team Information (not necessary)
- Click on the waiver and read it
- Additional information – please complete by choosing the date and location of where you wish to compete. **For SFA only (San Francisco Archers)**, Host site has a 9 am start time and a 1 pm start time on 9/10 & 9/11. Please click on the date and time you wish to shoot.
- Choose your age group
- Choose your bow style
- Write-in your NFAA membership number & expiration date or your USA archery membership number & expiration date along with your CBHSAA membership number & expiration date.

IMPORTANT ONLINE REGISTRATION Continued from page 10

- Answer the question “Are you shooting in the Guest Category?” Choose one answer
- Click on “Yes” to this statement... “I have read and signed the waiver”. When you click on yes, you are signing the waiver.

•Ignore Special Offers.

- If you want to register another archer or want to sign up for a different bow style, please click on “Register another participant”

- If and when you are done, click on “Proceed to checkout”.

Checkout will take your credit card payment information.

For Cubs, youth, and Young Adult with a National Membership (NFAA or USA with CBHSAA), when you are one of these age groups, your cost will be reduced by \$20, from \$40 to \$20. If you are shooting in this age group but as a guest, your cost will be reduced by \$5 from \$40 to \$35.

For those 18+: If you are shooting in the guest category, your cost will be increased by \$35 from \$40 to \$75. I encourage everyone to buy an NFAA and CBH/SAA membership for \$80 if you do not have an Archery National membership.

RunReg charges a nominal fee for using this site. This is how they recoup their cost and allows me to create this platform free of charge for CBH/SAA. Remember Paypal not only charges CBH/SAA but also the archer (which is why we are not using PayPal).

In conclusion, I understand that change is difficult for people. Change may create feelings of anxiousness or fear. You may even choose not to participate in this event because of the online pre-registration format but I want to encourage you to embrace this change that clearly benefits CBH/SAA archers and those running these events. Even if you do not have an email account, I am able to help you register for this event. Give it a try...you may surprise yourself by how well you are able to navigate this online pre-registration.

Thank you for your support as we move forward into the future.

Lake Isabella Carp Shoot

By Amanda Duchardt

The 2022 Lake Isabella Carp Shoot is in the books. The CBH/SAA Small Game Club hosted a small but dedicated group of bowfishing enthusiasts at Lake Isabella on June 11-12 for what turned out to be a better-than-expected event given the low water levels. Participants took to the water by boat and stormed the shore in search of spawning carp.

The spawn peaked earlier in the week but there were plenty of fish still flopping about. Altogether, the group harvested nearly 300lbs of carp!

Special congratulations to our 1st place winners **Dylan Roney** (adult male – 119lbs), **Jack Roney** (youth male – 44lbs 13oz), and **Marcine Hughes** (adult female – 93lbz 4oz)! Dylan also took home the largest carp jackpot with a 7lbs 1oz carp.

Several other anglers brought in carp but as non-CBH members, they were not eligible for trophies or the carp jackpot. Regardless, we enjoyed meeting some new friends and hope to see these folks again!

Continued on page 12

So, if you know any folks that like to bowfish, encourage them to become members of CBH/ SAA and come out and enjoy the competition and camaraderie with us. Also, one of the unique aspects of this tournament is the potential prize for catfish. Thanks to the CBH/ SAA Legislative team and their work with the California Department of Fish and Wildlife, Lake Isabella, in addition to Big Bear Lake and the Sacramento-San Joaquin Delta, is one of just three locations in the state of California in which it is legal to bowfish for catfish. So, if you are looking for small game species credit or our new catfish trophy, come join us next year!

Speaking of small game species credit.. some of our new friends gave us pointers on where to look for goldfish. If you are having trouble finding this illusive species for you Golden Eagle Award – come talk to us on the Small Game Committee! Wink!

Looks Like there is gold in them hills! ;)

For more information email: info@salinasbowmen.org

Or call Jim Cox Adventures (831) 769-0200

The Island Shoot originally started in 1982 when the Channel Islands were not allowed to be hunted any longer. We incorporated some of the species found on the Islands into our Island shoot. Members created paper mache targets and used real horns. They included native island fox, feral pigs and imported animals such as black tail deer, Spanish sheep and even buffalo.

Island Shoot Pricing

Adults	\$30
Kids (7-18)	\$20
Couples	\$40
Family	\$45

CBH/SAA STATE TARGET CHAMPIONSHIPS

September 2022

“900 ROUND”

**Adults, Seniors, Silver Seniors, Master Seniors & YA 60-50-40 Yards
Longbow, Recurve Off the Shelf and Youth 50-40-30 Cubs 30-20-10**

Revised 11/20/17

ATTENTION!!!!

At the Annual Meeting there was much discussion on the newsletter and how it should be distributed....

We NEED your HELP!!!

We would like to decrease our cost for the newsletter, but in order to do so, we need to have more of you sign up for the newsletter to be EMAILED TO YOU!!!

There was discussion as to having it as email only....but, we know this will not work for some of you. If you must receive it by mail, we must know this by July 1st.

If you are NOT receiving the newsletter by email yet and choose to change over to email *now*, please send the CBH/SAA Secretary an email advising such. Please one email address per household. Send the head of household name to: mpsevertson@frontiernet.net.

If you are choosing to still receive it by the post office mailing, you may either drop us a note to; CBH, 7710 Camino Vista, Shingletown, Ca. 96088 or, call and leave message at 530-474-3324

Thank you for all your help

Thank You for your Donations to the CBHSAA Legislative Defense Fund! By Amanda Duchardt - Legislative Coordinator

The CBH/SAA Legislative Team would like to extend our wholehearted thanks all those that donated to the Legislative Defense Fund. It is our goal to promote wildlife conservation and protect our archery and hunting heritage within the state political system. With your donations, the CBH/SAA Legislative Team can attend important meetings and react to issues that are impacting our sport. We can also meet our financial obligations to Gaines and Associates, who represent us in the state capital and FGC meetings throughout the State. Additionally, it is our responsibility to cover expenses such as when we need to retain a legal team to protect us and our sport. This is why your donations, in any amount, are so important. Again, we thank those listed below in addition to those that donated previously for their support!

This Month's Donations Include:

Silverado Archery Club \$500, Cherry Valley Bow Hunter Archery Club \$1000, Diablo Archery Bowmen \$80, Cougar Mountain Archers \$184, Amanda Duchardt \$50, Alejandro "Alex" Romero \$25, Rojen Beshu \$20, Iraj "Eric" Parsa \$20, Kirk Jesse \$20, Jose Lara \$20, Roland Fraterrigo \$20, Al Wiscovitch \$20, Pete Whitworth \$20, Bill Waltz \$20, Mark Manning \$20, Ted Zehfuss \$20, Vernie Urbano \$20, John Mathiesen \$5, James Rodriguez \$20, Joey Saldana \$2, Benjamin Madano \$20, Sam Sanchez \$20, Peter Piche \$10, Miguel Perez \$5, Mark Grodis \$15

THANK YOU!
