ARCHERY DEPARTMENT NOW OPEN! IN 5 LOCATIONS

For over 40 Years Turner's has been outfitting Shooters, Hunters and Anglers across Southern California and we are happy to announce our **Full Service Archery Department** to meet the needs of Archers from Beginners to Pros. Whether you're a seasoned bow hunter or a parent with little ones curious about this great sport, Turner's can now get you the gear you need for a successful day in the field or on the range. Turner's is an Authorized Dealer of Bowtech, PSE, Elite & Hoyt Bows. We not only have a large selection of arrows and all the accessories you need from the industry's top manufacturers, we are also a full service pro shop that can assist you with the complete setup, tuning or repair of your archery equipment. We welcome you to stop in our new archery department to meet our experienced Archery Technicians.

Test the latest bows on the market in our test range or bring in that old bow of yours and let our pros get it back in shooting condition.

NEW!

NEW 20 YD ARCHERY RANGE NOW OPEN! IN OXNARD & FOUNTAIN VALLEY

Legislative Information

By Robert Moore

The next FGC meeting is scheduled for August 22-23, 2018, in Fortuna. The Commissions website lists this document that identifies potential agenda items in our interest for the meeting, including items to be received from FGC staff and the California Department of Fish and Wildlife (DFW). Wednesday, August 22: Marine-related and administrative items. Public forum, Executive director's report (staff report, legislative update), Adopt FGC meeting dates and locations for 2019, Executive session, Thursday, August 23: Wildlife and inland fisheries-related and administrative items, Public forum, Wildlife Resources Committee, Notice: Archery equipment and crossbow regulation change. There has been some discussion with CBHSAA and DFW on changing part of title 14 section 354 from casting a hunting arrow a minimum of 130 yards which is very difficult to enforce to a minimum draw weight. Current information has been gathered from the western states on their draw weight regulations and given to DFW for Discussions. Notice: Deer/elk tag validation, Notice: Sport fishing (annual), Adopt: Sage grouse preferential points and draw, Potential Agenda Items for August 2018 Commission Meeting 2, Recognize inductees into California Waterfowler's Hall of Fame, Wildlife and inland fisheries items of interest from previous meetings, Action on wildlife and inland fisheries petitions for regulation change, Action on non-regulatory, non-marine requests from previous meetings, Receive DFW informational items (wildlife and inland fisheries), Administrative items (next meeting agenda items, rulemaking timetable, new business)

The next Wildlife Resources Committee meeting is scheduled for Thursday September 20th in Sacramento. No agenda has been posted for this meeting at this time.

Some State Legislature bills that are in the process for this year. **AB 3** (Bonta) – Firearms: Age Restrictions would prohibit the sale or transfer of any firearm by a licensed dealer to any person under 21 years of age and raise the legal age to purchase any ammunition to 21 years of age. *Hunting and shooting training under this provision to minors would now be against the law as currently written*, in Senate Appropriations committee, suspense file **AB 3199**, Holden (D/41-Pasadena) that would prohibit the use of firearms (except for antiques) as a prize in raffles conducted by private nonprofit organizations. The bill is in the Assembly Rules Committee. **AB 2151** (Gray) – Hunting: Antelope, Elk, Bear, and Bighorn Ram Tags: Resident Apprentice Tag would reduce the fee for a resident apprentice (youth) antelope, elk, bear, and bighorn sheep tag to \$20. AB 2151 would not make any changes to the cost of an apprentice deer tag, in Senate Appropriations committee.

AB 2670 (Kiley) – Fish and Wildlife: Natural Community Conservation Planning Act would require the Director of the Department of Fish and Wildlife (DFW) to designate two days per year as “Free Hunting Days” - with one free hunting day in the fall hunting season, and the other free hunting day during the spring hunting season, bill is in assembly appropriations committee. **AB 2805** (Bigelow) – Depredation: Wild Pigs, AB 2805 is Assembly Member Frank Bigelow's (R/05-O'Neals) latest effort to craft a bill which facilitates the ability of landowners to control wild exotic pigs and the extensive damage they do to public and private lands. After a few recent previous attempts to pass similar legislation, Assembly Member Bigelow jump started this effort roughly a year ago by reaching out to the Fish and Game Commission with the request that they work with DFW and interested stakeholders to pull together some recommended bill language, recent amended language will eliminate contained hunting for pigs. This will affect some veteran and disabled hunts. Discussions on how to allow these specific hunts are continuing. Now in Senate Appropriations committee. **SB 1311** (Berryhill) – Fishing and Hunting: Annual Sportsman's Licenses– legislation by Senator Tom Berryhill (R/08-Modesto) – would create annual sportsman's license that provides the same privileges as annual hunting and fishing licenses, but that is valid for a term of one year from July 1st to June 30th. SB 1311 would limit the issuance of these licenses to California residents, bill currently in Assembly Appropriations Committee.

**MEN'S GROUP &
SPORT OF MAN SINCE TIME BEGAN,
AT PARADISE, CALIFORNIA'S
HOPE CHRISTIAN CHURCH
By: Joe Becker**

Over many years, God our Lord and archery/bow hunting have been a huge part of my adult life, along with my biological family of the Becker's which include my wife of 52 years, parents, brothers, sisters, cousins and 6 children of our own. Naturally, after all our years several of our family is presently residing with Jesus we pray.

Now to get to the meat of this article, several years ago, because I love this great family recreation, my wife and I have both been instructors of archery for USA Archery, NFAA, NBEF, Hunter Education, NRA and NASP, I ask our church's board if we could teach beginning archery to any and all who would like to learn how to shoot a bow and arrow following the National Archery in the Schools Program guidelines with similar equipment which is used in thousands of schools across our United States of America.

So we have been teaching 8 session classes, beginning with close shooting at block targets, providing many pages of archery form information and reasons, personal instructions to each student from 12 years or less to grandma's & grandpa's. As with NASP class is beginning with basics for target or Olympic archery, but I do put a twist in our classes. After a couple sessions so each student is able to nock, pull, aim, release the string and watch arrow fly to target butt. I place a 3D Skunk target on top of butt, which for safety an arrow stop curtain is hanging 2 feet behind the butt, stopping all arrows not in target. Sneaky way for us to teach hunting without mentioning the nasty word to many people here in California and across our nation who do not hunt. I do not tell any student to shoot at the skunk on top of their butt, just tell them it counts as a 10 same as the center gold if they hit it, and it fly's off the target butt. Most times, no matter their age first arrow hits the skunk on each target. (Safety rule no cross shooting at another target.)

Our classes are small, so that most times we have more shooting than waiting, and since we have been teaching archery at Hope Christian Church, archery is very popular, in addition to classes, a short archery range is set up for our annual harvest festival for all Paradise Children as a Halloween activity, along with lots of other children activities to keep them off the streets on Halloween.

A couple other archery projects which have become an annual set up, is Hope Christian Church which is a small Christian Non Denominational Bible following Congregation. Our men's group has a Bible Study retreat over a weekend each fall, 10 miles above Paradise, on a large multi acre undeveloped piece of land in the Sierra Nevada Mountains, on this land is a large 3 story Red Barn, rustic but with a kitchen, bath rooms, dinning area and some cots for sleeping bags.

This property is owned by the Vandergrift Family, whose father was a Paradise Judge, horseman and friend of President Reagan's. Lastly they enjoy giving us a great rental cost for our Men's Retreat. Without saying I am requested each retreat to set up and supervise use of our 5 block target butts and 12 Genius compounds in both left and right hand.

For the last 3 years our Men's Group has sponsored a retreat for men who reside at the Chico Rescue Mission, which is 20 miles away in Chico. Most of these men have had life difficulties with liquor, drugs, arrests, or just every day problems coping with life in general. The Chico Mission offers a 12 month God based Bible Teaching with work programs to develop skills. Each of the men residing at the Mission must agree to and sign a commitment of 12 months clean living for the Board and Staff of the Mission. With God's and the Missions assistance many men over the years have been able to start a new life of being a credit to themselves, their families and our Community.

Advertising Poster for Hope's Fall Festival, plus other church activities scheduled.

This Rescue Mission Retreat is a wonderful project which helps our Hope Men as well as the Mission Men, because it provides an opportunity for us to witness and realize also that Jesus and God are real and is alive to walk with us each and every day.

This year at our sponsored retreat, 37 men climbed in our provided transportation on Friday Morning June 8th,
Continued on page 6

From page 5 and then we all headed for Meadow Brook Ranch for a weekend of Bible based learning, camping and outdoor living with many activities. Hope's Men had arranged for Mike Maddy an ordained minister from San Louis Obispo to come and be our guest speaker for the weekend. The work of feeding and managing the retreat was mostly done by our Hope men enjoying every minute as we got acquainted with the men from the Rescue Mission. Friday was a day of settling in for the weekend, with Mr. Maddy leading a Bible study that evening of leaving our sin filled life and starting a new Jesus led life. (using scripture from: Ezekiel Chapter 37, Verses 1 through 14)

Saturday was a day of more Bible led living, fishing, hiking, archery, swimming, eating and just enjoying Gods Sierra Nevada outdoors. Then helping to draw on the message from Friday evening and our new lives with Jesus guiding us. Five men gave their lives to Jesus, and some of the Mission Staff attending took all to a nearby small lake and baptized these gentlemen, washing away their old lives, and giving them a new life with the Father, Son and Holly Ghost.

As mentioned earlier, eating as always is a part of our lives, thus barbecued spare ribs, ear corn, baked beans, salad ending with home made ice cream and chocolate cake finished our evening dinner. Then once again Mike Maddy opened his bible to show scripture of giving up the old and beginning with Jesus and our new lives. Helping to bring this message to life, Hope's Gary Jacques had brought his wood working equipment, and spent the day, taking old oak pallets apart, re-planning and cutting to measurements of a cradle blue print. This renewed wood will be used to make a cradle today. Several of the men watched and assisted Gary during the day adding to skills learned for there future work profession. Then during our evening program this new creation of a small baby cradle was displayed along with some of the old pallet not renewed yet. In addition to the evening message, several Christian songs were played accompanied by most of the men's voices.

Hope's Archery instructions for young lady at last falls Harvest Festival celebrating Halloween, helping our community's children stay off streets and safe.

Photo of Red Barn our Men use during our retreats, to learn more about Jesus and each other

Lastly, I want to mention but definitely not least, most of the men gathered around several who have problems with life, offering hands on prayer talking to God, asking that he touch each of those we were praying for, to eliminate what every problem they have in their life. This was done for several men and we prayed to God & Jesus several minutes each time, knowing that when one or more are united in prayer and believe, mountains can be moved, and miracles take place.

Sunday morning once again is began with breakfast then a Sunday Morning Worship, followed by Thanking Jesus for his example of how to live our lives participating in Communion of the Lords Supper.

Than time to repack all the camping gear, dirty cloths, and barn cleaning and reload everything brought in vehicles and return to the Mission in Chico.

One of the 5 gentlemen who were baptized, committing their new life to Jesus. Washing there old life away, and promising to love the Father, Son and Holly Ghost.

More pictures on page 7

One group of the men shooting archery at our Chico Rescue Mission camping retreat, June 9th at Meadow Brook Ranch. Hosted by Hope Christian Church's Men.

Gary Jacques our wood worker and speaker Mike Maddy, displaying the new baby cradle made from old renewed pallet wood. Some of which is still seen behind Gary. Representing our new Life with Jesus, theme of Mike's weekend messages.

Saturday evening program, following our wonderful dinner of barbecued food.

Musicians Jeff and Darren, playing Christian music

Ending our evening, we gathered around several men, with problems, asking God & Jesus to enter their lives and assist them in giving up old sinful habits. Starting over with new lives with Jesus.

What is the CBH/SAA Range Fund???

Are you from a club that needs a little bit of financial assistance? Need to get over the hump financially until you have your shoot to get back on your feet? This would be for you....

Generous donations, by many archers, have been made to the Range Fund for this purpose.

How do you go about requesting some financial assistance? Get together with your club representatives and draft up a plan as to what your financial needs are and how you plan on eventually paying this loan back.

Then, submit your request to the Range Fund Chairman, Kathy Budding, either by email at kbudding@att.net or by mail to: 12 Joan Drive, American Canyon, Ca. 94503-1072. At that point, this is submitted to the committee for review and then at the recommendation of the committee, the CBH/SAA Board will determine whether this should be granted.

Yes, this has been used before. It is a great program available to the clubs/regions that are chartered with NFAA. If you have any questions, you may inquire with the chairman, CBH/SAA Treasurer or CBH/SAA Secretary. Email information is within this newsletter.

Broadhead Archery Championship

By Roy Brokaw

Cover Story

Pictured on the front cover:

Aura Gonzales, Denice Person, Karen Freed, Julie Robinson, and Lori Prichard

This past Memorial Day weekend, May 26-27, 2018, I participated in the California Bowman Hunters annual Broadhead Archery Championship at Tejon Ranch, about eighty miles north of Los Angeles. I'm told that there are very few, if any, similar tournaments anywhere else in the United States. Probably because of liability issues and the fact that the targets get torn up pretty badly and pretty rapidly after being shot with broadhead hunting points affixed to the arrows. When the shoot was over you could purchase some of the really battered targets for your backyard range at a substantial discount from the price of a new one.

The shoot was an eighty-four target, one arrow, unmarked yardage shoot, with forty-two targets shot each day, Saturday and Sunday. On the second day the shooting stakes are repositioned so that the shot presentation is different than the first day. This year there were compound and long bow stakes and recurve shooters had to shoot from the compound stakes. This tournament is the only one I'm aware of that follows this format which doesn't make any sense to me, but that's how they did it this year. There were no cub stakes because the youngins aren't allowed to compete in this tournament because of the additional danger of razor sharp points affixed to long sticks. What did your mother say about running with scissors?

On Saturday the weather was brutal. It was about 40 degrees when you factored in the wind chill and it was windy and raining and foggy for the first half of the day, just cold and windy in the afternoon. The only time I stopped shivering was when I was at full draw. The problem is that us Californians are not used to weather like this and most people come ill prepared for these conditions. I have to chuckle when I see people wearing little more than bathroom slippers while hiking around in this type of weather but it's more common than you'd imagine. I even saw more than one guy wearing shorts. I was mostly prepared for the weather although it was twenty degrees colder than had been predicted the day before. Most of the scores on the first day reflected the abysmal shooting conditions and my score was almost a third better on Sunday when the weather did a complete turn around and actually became pretty warm. I was looking for

shade under the trees while the day before I was seeking cover from the wind under the trees. As always, I enjoyed my time at the shoot and catching up with old friends. I was very lucky this year and took home first place in the 'Old Fogey' Senior Long Bow Category. I've gotten a couple of second and third place wins in the past but this was a First.

This shoot provides you with an opportunity to hone your hunting skills and to test your hunting bow and arrow combination as you would use them in the field. If your around next year you should give this tournament a try.

Lee Hazelquist, Roy Brokaw

Becoming an Outdoor Women (BOW) Program

by Robert Moore

The BOW program was started years ago with then the Department of Fish and Game. DFG staff led by Susan Herrgesell ran the program and held multiple classes in several locations within the state. CBHSAA participated with Joe and Joan Becker teaching the archery and bowhunting portions. FGC had to give up the program so Susan organized it to a non-profit and continued for several years. CBHSAA continued to participate with Gary and Sandy McCain teaching the archery and bowhunting. Susan retired and turned over the program to the California Waterfowl Association (CWA). CWA BOW coordinator Sarahbeth has continued the tradition and CBHAA has been asked to continue teaching the archery and bowhunting.

This year the spring event was held April 27th through the 29th. Friday afternoon starting at 1pm with the first sessions of fishing, shotgun, rifle, archery, orientation and boating. For the target archery station lasting 4 hours I had both recurves and no let off compounds for the students to start with. The students had a choice after a couple of hours to try actual compounds and/or Olympic style equipment.

Friday evening after dinner everyone went out to Grizzly Island Wildlife Area and spotted Tule Elk. Saturday morning had another target archery session. Saturday afternoon was an IBEP field qualifier session for bowhunter education certification. The ladies finished up the session following a blood trail to find the buck. All passed the state test and received the IBEP certificate. It was an honor to continue the CBHSAA tradition of participating in the BOW program.

CBH Officer Nominations

Dawnel has been nominated by the Cascade Region to run for the position of 2nd VP Indoor for the upcoming two year term starting in March 2019. She has already been appointed by the CBH/SAA Board to fill the position, until the election, as Rusty Mills has stepped down.

On another note, Cascade Region has also nominated Karen Keating to repeat her position as 2nd VP Target for another two year term."

Resume of Dawnel Scott for 2nd VP Indoor

I started my journey into archery in May 2009 as my gift to myself for completing my master's degree. I began with local fun shoots and state competitions in both NFAA and USA archery. By 2011, I had competed in my 1st international tournament at the IFAA in Argentina, winning a silver medal in Veterans Women's Freestyle. I continue to compete in local, regional, state, national and international competitions in barebow, freestyle and bowhunter freestyle classes.

I am a level 3 NTS certified instructor and specialize in working with visually impaired archers. In 2017, I completed my certification classes and testing for judging and am now a certified archery judge.

I am a member of Black Mountain Bowmen and serve as secretary/treasurer for Mission Trail Bowhunters Association (MTBA-CA 56). I previously served as vice president for Northern California Field Archery Association (NCFAA-CA 58).

I am archery co-chair of the Bay Area Senior Games and am currently working to organize the archery event for the 2018 California State Encore Games in October. My participation in local and regional clubs and the Senior Games has provided me with great opportunities to organize and manage events and I look forward to working with the clubs throughout the state for the indoor tournaments.

ATTENTION!!!

Nominations for CBH/SAA Officers

**NOMINATIONS ARE NOW OPEN FOR THE
UPCOMING TERM, FOR 2ND VP INDOOR, 2ND VP
FIELD AND 2ND VP TARGET.**

An individual needs to be nominated by a region. This individual must be a member in good standing with NFAA. Any nominations must be received by the CBH/SAA Secretary by October 1, 2018. Along with the nomination, should include a resume of the individual.

This resume will be submitted to the CBH/SAA Newsletter Editor for publishing. If there are more individuals nominated for an office, then a ballot will be sent out. If you have any questions, please contact any CBH/SAA officer. Thank you.

CORRECTION

2018 State Field Records

F-S-BHFS Hunter Round Bethany Cravea 509

California Archery Foundation.... *what's this all about???*

Ever thought about your children having a chance to go to an archery camp? What about your children, or even yourself, about finally getting your Hunter Safety Course Certificate?

You can....These are just a couple of scholarships available through the California Archery Foundation.

You can also apply for an archery instructor scholarship or an IBEP instructor scholarship.

All applications are listed online at CBHSAA.net under the Resource Center, then forms.

These are available to all members of CBH/SAA and/or NFAA members.

Don't be shy....apply!!!

Cherry Valley Junior Olympic Archery Development, or JOAD, is an amazing and safe program and archery environment for all youth archers of many different shooting styles and skill levels. Our program has great coaches, an amazing atmosphere with people who care about you and want to help you improve. The program is very well structured and organized so that for me as an archer on this team I am able to find a clear path on how to improve and meet my goals as an archer and find ways to get help along the way. My name is Alexis McGraw I am 14 years old and have been with this JOAD program for a little under three years. I joined while it was in its very beginning stages and I am very lucky to have grown with this program as it has blossomed into a very mature and respectable team. I am an aspiring young archer and I started on this team at a lower level of skill but with a want for improvement the coaches and people with this club have made it possible for anyone to improve and now I am a high level advanced archer with a dream of the Olympics. When I first started I would have never believed it would be possible for me to achieve but this program has molded me into an amazing archer.

The team is open to kids ranging in ages from 8 to 20 years old and vary in many different shooting styles such as barebow, Olympic recurve, compound, etc. The team is split up into different classes based on different levels of archers and what they want out of archery. For example, like me some kids have Olympic goals, some are here to get better for their school team and maybe get a college scholarship , and others want to get good enough to bow hunt so they may not want to compete in target competitions as much. The first class is the core class which is mainly about form and is for archers who want to improve their archery skills so they can move up in skill levels or maybe have no interest in competing just bettering themselves. The next class is the

Cherry Valley JOAD

By Alexis McGraw
14 years old,
FITA and
Compound
shooter.

intermediate class which has archers who want to get into the advanced levels of shooting but just aren't all the way there yet. Last there is the advanced level class which is a smaller class but has the most advanced kids in our program whose main focus it to work their hardest at the range and away from the range to reach even higher levels of archery and are competing in high level tournaments and doing well on a regular basis.

Continued on page 12

From page 11 One of the requirements of the advanced class however is to also be mentors to the other classes to help those kids who want the help so that they can improve. If you cannot also be a helping leader then you are not allowed in the advanced class because everyone here cares about one another and wants the others to do their best and will help them achieve their goals.

The coaches in this program are amazing. They are great at coaching all aspects of archery, not only can they teach you the correct form they also are very good at teaching the mental levels of focus and preparation you need for an archer tournament. They are also great mentors for other things like if you are falling behind in school you can talk to them and they can help you by either tutoring you or helping you make a plan on how to have your archery life and your social/school life go hand in hand. They are all very dedicated to making sure you reach your goals they will do everything in their power to help you succeed as long as you ask them. They are very approachable, they are not a big scary adult, they will joke around with you and have fun so that the JOAD environment is fun and not like it is a chore to be doing archery. So it is okay to go talk to them and ask for help which is not something you find everywhere. There are some places where it is required for you to win, not at Cherry Valley JOAD. Our coaches want you to try your very hardest and if you give it your all they say the results will come and I promise you it is true.

Another thing that massively contributes to the success of our JOAD program is the great facilities that we are able to have access to at Cherry Valley Bow Hunters. This entire club has done nothing but support our program by letting us have access to an amazing indoor and outdoor range all the time and members who are always willing to answer questions and help teach the next generation of archery along the way. They are currently adding a 50 meter 6 lane wide outdoor range to help the JOAD kids improve their outdoor skills. We show our support and thanks back to them by helping out around the club and working their amazing shoots they host and going out and doing our best so that all they have done for us is not for nothing. So one of the requirements with our JOAD program is to be a working member of this incredible archery club, Cherry Valley Bow Hunters.

Another really important thing about archery is doing it with good people and all of your teammates on this team will support you. I have made some amazing friendships that I will have for the rest of my life. I have people here that support me and are always pushing me to do my best and I will do the same for them. If you have a problem they are there to help you. You guys are all one big family so everyone treats each other respectfully and with kindness to one is ever left out. One thing I have benefited greatly from is with there being kids of all ages when I have a problem with homework I can bring it to the range and the older students are always willing to help me with it and I have done the same for some of the younger students because again we are a family.

I feel safe when I am with these kids it doesn't matter who you are or how good you are at archery you are always accepted and can always make new friends on our team. I wouldn't trade the experiences I have had with them for the world. Being a good teammate is one of the most import aspects of our JOAD team above all.

With the Cherry Valley JOAD team you make amazing friends and unforgettable memories and improve your archery skills in any way you want based on the goals you get to set for yourself with the help from the amazing coaches, teammates, and parents. Here you will always have a great time doing the sport we all love, archery!

MASTER CALENDAR & SATURDAY SHOOTS

By George Papac

David Bacon our Web Master and I are working on a Master Calendar for the CBH Website. This calendar would be accessible to anyone that goes on the CBH Website. The calendars format will be Month, Weekend (not date), Day (Saturday or Sunday), Event and Venue. The calendar, when it is up and running will show shoots that recur every year on the same weekend. For instance Pasadena Roving Archers holds their "21 or bust" tournament on the 4th weekend In February. The Oranco Bowmen have their "Stump & Varmint" shoot on the 1st weekend in January. I believe this will help CBH members plan their shooting season. It will also help Clubs when they want to add a shoot so that it won't coincide with another shoot in their region. In regards to shoots on Saturday, in compiling information for the Master Calendar I found there were shooting conflicts of clubs having their shoot on the same day as other clubs. This would have no effect if a club in Northern California had a shoot the same day as a club in Southern California. If two clubs schedule a shoot on the same day in their region then the shooter has to pick which shoot to attend. This might be solved by having their shoot on Saturday. I know archers that would attend both shoots if one was on Saturday and one on Sunday. Clubs could alternate shoots one year shoot on Saturday and the next year shoot on Sunday if they want. This could be handled by the clubs talking to one another. In re guards to a paper shoot that would an easy set up to do the same day. This might give a chance for shooters that go to church on Sunday to attend a shoot on Saturday. A Saturday shoot for those that work might be a good alternative instead of getting up at 6am shooting all day and going to work the next day. They could take it easy on Sunday. Anyway it is something for the clubs and shooters to think about.

7 Living Legends That Impacted Our Lives As Hunters

Jul 8, 2016 by Bow Staff @ Bowhunting.com

We've been blessed with a lot of hunting authorities who've made very positive impacts on hunting. They've stood for the sport when others wouldn't. They've advanced our image before the eye of the public. They've made strides in conservation and product development. And while they might not call themselves hunting's living legends. They certainly are.

Bill Jordan

Bill founded Realtree camouflage in 1986. Since then, he's experienced incredible success in creating the best and most realistic camouflage on the market.

But Bill isn't just a legendary entrepreneur. He's also a legendary hunter. The man is a stone-cold killer and knows how to get the job done. And he'll admittedly say that the camouflage patterns he designs have helped him to be more successful.

Based out of Columbus, Georgia, he continues to lead Team Realtree. And he continues to fill tags.

Living legend, Bill Jordan, brought us killer camo and Monster Bucks.

Will Primos

If you don't know who Will Primos is, you're a goofball. Period. End of story. If you don't recognize the Primos name, you've got some catching up to do. He's a legendary hunter, and he's a legendary call maker.

Will crafted his first call at the age of 11. He founded Primos a few years later in the 1970's. But he didn't quit his day job. He kept working in the restaurant business and made hunting products on the side. Eventually the company exploded into the frontrunner of the game call industry.

The company continues to grow today. If you've seen "Primos Truth About Hunting," you've seen the Primos boys fill some tags. And you know by now without me telling you that Will Primos is a legend.

In addition to bringing us some of the best game calls in the business, Will Primos stoked a fire in deer and turkey hunters everywhere through his Truth Series DVDs.

Harold Knight and David Hale

These two living legends are arguably the two most influential men in the hunting industry. Their business, Knight & Hale, started in the basement of a house. Born and raised in Kentucky, they both share a passion for the outdoors that goes unrivaled. Their company is much the same.

Many of their calls are used by championship-level callers, and numerous world championships have been won with their designs.

Today, they continue to hunt, grow the Knight & Hale brand, and live the outdoor lifestyle. And if you've never had the pleasure of watching these guys hunt, I urge you to look them up. They're everywhere. And if you ever get the opportunity to meet them at a sport show, I encourage you to do that, too. You won't be sorry.

Few guys have woodsman skills like David Hale and Harold Knight. They simply know how to be in the right place to kill deer and turkeys.

continued on page 14

Michael Waddell

If you don't know who Michael Waddell is, you haven't turned on a television set or looked at social media. The guy is everywhere. Sure, he's nearly half the age as many of our other living legends, but Waddell changed the face of outdoor programming in a time we needed a fresh start for the younger audience. We preach about hunter recruitment all the time. Michael Waddell has, and is, doing his fair share to light a fire in young hunters everywhere through fun and edgy outdoor media.

Michael Waddell has brought a new flavor to the world of hunting and outdoor media.

Michael started his career as a cameraman for Realtree. He later hosted Realtree Road Trips. He still does that today in addition to hosting his own show, "Bone Collector," as well as appearing on other programs.

He serves as a spokesman for the National Wild Turkey Federation (NWTF) and strives to help conserve our hunting heritage through outreach efforts. A legend, without a doubt.

Brenda Valentine

Brenda Valentine has long been an outdoor icon for millions of Americans. She's lead the charge on women in the outdoors and has inspired thousands of women, and men, to grasp the outdoor lifestyle. She's referred to as the "First Lady of Hunting." That alone speaks volume.

Years ago, she set the bar high for lady hunters everywhere. Few, if any, have come close to the accomplishments that Valentine has.

Brenda is a spokeswoman for the NWTF. She's also a T.V. host, author, public speaker and more. Simply put, this woman is a hunter. And a legendary hunter at that.

First Lady of Hunting, Brenda Valentine, is the real deal. She's earned her spot as a true hunting legend.

Fred's excitement and passion for bowhunting is contagious. He's a fun guy to watch on TV and in person.

Fred Eichler

If you're an avid archer and don't know who Fred Eichler is, you have some catching up to do. This man is in the field nonstop, hunting and guiding archery hunts. Fred was the first to take all 29 North American big game animals with a recurve bow to get the Super Slam. And he was the first to bring the excitement of the Super Slam to the viewing public through his videos.

He knows how to hunt. He knows how to shoot. He's legendary.

Fred is a Realtree prostaff member. He also is a T.V. host and public speaker. He even runs his own outfitting business. The man has spent his life in the outdoors. And it reflects in everything he says and does.

NOVEMBER

October 27th & 28th

*starts at **9:00 a.m. Saturday and 8 a.m.**
on Sunday*

40 Targets Saturday, 20 Targets Sunday
Marked Yardage

**THANK YOU FOR YOUR DONATIONS TO THE
CBHSAA LEGISLATIVE DEFENSE FUND!
BY ROBERT MOORE- LEGISLATIVE COORDINATOR**

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, you're Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford. Again, I would like to thank those listed below in addition to ~~This Month's Donations includes~~ for their support.

Archery Clubs, Regions, Organizations and Businesses:

Oranco Bowmen, \$1500

Individuals:

Amanda Duchardt, \$50, Dan Minatre, \$10, Joe Gonzales, \$10

Matt Petrini, \$20, Marlin Stapleton, \$100

Tournament Donations/Other:

Diablo Bowmen Archery Club, \$100, Cougar Mountain Archers, \$224
