PLEASE NOTE:

CBH/SAA is not responsible for incorrect information printed on ads; are not created by CBHSAA. If changes or corrections must be made they must be made in writing prior to printing. All articles, stories and advertisements are the opinions and statements of the contributors and do not necessarily reflect the editorial opinions of this publication.

HOW TO SEND YOUR AD: Go to CBHSAA.net and look for the instructions on the home page.

Advertising with CBHSA then look for “**Submit Your AD**” button. **The ad deadline is the 25th of the month, with a one month lag.** For example if your ad is for the June issue, submission would be April 25th. Expect a confirmation within 5 days or call 619-368-2948 on or before the deadline. Send all submissions in a generic format such as **jpg, doc, or pdf**. Note: some fonts may be replaced so the ad is legible. If you send a PDF file, or embedded fonts, please send files less than 1MB in size.

PAYMENT: Please send payments to CBH/SAA Treasurer - Terry Mikesell, PO box 491990, Redding, CA 96049-1990, or payments options are available online when the ad is submitted. Payments must be received prior to the deadline with a Check, Credit Card or through PayPal - www.cbhsaa.net/advertising.html.

MEMBERSHIP, MISSING MAGAZINES, OR ADDRESS CHANGES: The post office WILL NOT forward your MAGAZINE. Send your address changes to CBH/SAA - 7710 Camino Vista, Shingletown, CA 96088 or email mpsevertson@frontiernet.net. If you are also a member of NFAA, the CBH Secretary will forward the changes to NFAA headquarters.

TURNER'S OUTDOORSMAN

ARCHERY DEPARTMENT NOW OPEN! IN 6 LOCATIONS

Chino Hills • Victorville • Pasadena • Oxnard • West Covina • Fountain Valley

For over 40 Years Turner's has been outfitting Shooters, Hunters and Anglers across Southern California and we are happy to announce our **Full Service Archery Department** to meet the needs of Archers from Beginners to Pros. Whether you're a seasoned bow hunter or a parent with little ones curious about this great sport, Turner's can now get you the gear you need for a successful day in the field or on the range. Turner's is an Authorized Dealer of Bowtech, PSE, Elite & Hoyt Bows. We not only have a large selection of arrows and all the accessories you need from the industry's top manufacturers, we are also a full service pro shop that can assist you with the complete setup, tuning or repair of your archery equipment. We welcome you to stop in our new archery department to meet our experienced Archery Technicians. Test the latest bows on the market in our test range or bring in that old bow of yours and let our pros get it back in shooting condition.

NEW! NEW 20 YD
ARCHERY RANGE
NOW OPEN
IN OXNARD,
FOUNTAIN VALLEY
& WEST COVINA!

Legislative Information

By Robert Moore

The next FGC meeting will be held August 19-20, 2020 by webinar/teleconference. No agenda has been posted at this time.

The next Wildlife Resources Committee meeting will be September 17 by webinar/teleconference. No agenda has been posted at this time.

Legislation

AB 1387 (Wood) – Sport Fishing Licenses: 12 Consecutive Month Licenses; would, in addition to offering California residents a traditional calendar year fishing license, require DFW to offer a license that is valid for 12 consecutive months beginning on the date of purchase upon payment of a fee that is equal to 130% of the cost of the traditional calendar-year sport fishing license. AB 1387 would require DFW to provide applicants for these licenses the option of signing up for automatic renewal of the license by electronic payment and would set the fee for licenses issued upon automatic renewal at the same price as a calendar-year sport fishing license. **Update: Now on the Senate side, AB 1387 has been referred to the Senate Natural Resources and Water Committee but has not yet been set to be heard. AB 1387 has until August 7, 2020 to meet legislative deadline for being heard and passed out of Senate policy committee.**

AB 2106 (Aguilar-Curry) –Nesting Bird Habitat Incentive Program: Upland Game Bird Stamp/State Duck Stamp. Legislation passed in 2018 required the Department of Fish & Wildlife (DFW) to establish the “Nesting Bird Habitat Incentive Program” and authorized DFW to make payments or provide other incentives to encourage landowners to voluntarily cultivate or retain upland cover crops or other upland vegetation on their idled lands to provide habitat and nesting cover for waterfowl, upland game birds, and other species. AB 2106 would help generate the funding necessary to implement the Nesting Bird Habitat Incentive Program by raising the California upland game bird stamp and the state duck stamp by \$5 each. AB 2106 would also create the Nesting Bird Habitat Incentive Subaccount within the California Waterfowl Habitat Preservation Account and require the incremental revenue to be deposited in that Subaccount and available upon appropriation to DFW for the Nesting Bird Habitat Incentive Program.

Update: AB 2106 passed the Assembly and is now in the Senate AB 2106 has not yet been set for hearing in Senate Natural Resources and Water Committee.

AB 2523 (Gray) – Fish and Game Commission: Youth Hunting Program: Special Hunting Permits As amended May 6, 2020, AB 2523 by Assembly Member Adam C. Gray (D/21-Merced) would require the California Fish and Game Commission to establish a program to increase opportunities to hunt big game, upland game birds and migratory game birds for youth under the age of 18 with terminal illnesses or who lost a parent in service to the state or country. AB 2523 defines “in service to the state or country” as a person who died while actively serving in the Armed Forces or in local, state, or federal law enforcement

or fire service. The legislation defines “terminal illness” as an incurable or irreversible condition with a corresponding life expectancy that does not exceed 60 months. The bill would require the Commission to report any findings to the Legislature and the Governor on or before January 1, 2022, on the progress of the program.

Update: AB 2523 is held under submission in Assembly Appropriations Committee and didn't get pulled before deadline and technically is dead.

AB 3022 (Obernolte) – Junior Hunting Licenses: Age Eligibility

Legislation passed in 2014 increased junior hunting license age eligibility from 15 to 17 years of age. However, that bill included a “sunset” provision which requires the age eligibility to revert to 15 years on July 1, 2020 – the beginning of the upcoming 2020/2021 hunting license year – unless the provision is extended by subsequent legislation. As introduced, AB 3022 by Assembly Member Jay Obernolte (R/33-Hesperia) proposes to extend the “sunset” for one year to July 1, 2021. To have the bill take effect before the 2020/2021 license year begins on July 1, 2020, AB 3022 also includes an urgency statute which states the bill will take effect immediately upon enactment. **Update: AB 3022 held under submission in Assembly Appropriations Committee and didn't get pulled before deadline and is technically dead.**

AB3030 (Ash Kalra) Protect Lands and Water: Would declare it to be goals of the state to, by the year 3030, protect at least 30% of California's lands and waters; to assist with the protection of 30% of the nation's oceans; and to support

Legislative Information-Continued from page 4 efforts to protect at least 30% of the world's lands, waters and oceans.

AB 3030 is dangerously poorly written and ambiguous. Among many other things, although the bill calls out goals for the total percentage of our lands and waters that should be "protected", its language fails to identify the extent of existing protections already in place (i.e. the baseline). Even more troubling, the bill does not expressly define what the legislation means by the word "protect". As such, should the intent of AB 3030 be interpreted (and thus implemented) wrongly over the next decade, the "protections" the bill calls for in AB 3030 could easily result in sweeping closures to public access to much of California's lands and waters, and the hunting and fishing opportunities they currently, or could provide.

Update: Now in the Senate, AB 3030 has been referred to the Senate Natural Resources and Water (SNRW) Committee that it is likely to be heard on Wednesday, August 5th.

SB 1175 (Stern). Animals: prohibitions on importation and possession of wild animals: live animal markets. **Update:** Now in the Assembly, SB 1175 has been set to be heard in the Assembly Water, Parks and Wildlife Committee on Tuesday August 4th. That hearing will begin at 10:00 AM

**UPDATES FROM
CONEJO VALLEY ARCHERS
DAVID JOCKISCH**

We just heard yesterday that the Governor of California, Gavin Newsome, has again closed down in-store service-based business' due to a spike in the positive test results in the ongoing COVID situation.

Well, personally, I don't know about you, but I am ready to get back to my normal life of spending Saturdays participating in tournaments and on the range with friends and fellow archers.

In anticipation that this will pass, the Board of the Conejo Valley Archers, at our last webinar meeting, has decided that we are not going to let the current shut down stop us from the future planning of our club's events. We have decided to tentatively plan and prepare for these events and are excited to let you know that our Fun in the Sun and Spark of Love events are on the calendar, quarantines permitting.

Our Fun in the Sun "Zombie Monster Novelty & 3-D shoot", coordinated and hosted by John Downey, is schedule for Sunday, October 4th, 2020.

Continued on page 8

CALIFORNIA BOWMEN HUNTERS BIG GAME CLUB POSITION STATEMENT

The California Bowmen Hunters-Big Game Club (CBH-BGC) has historically utilized the Boone & Crockett (B&C) / Pope and Young (P&Y) Measuring system (copyrighted 1887) to record trophy animals taken with a bow and arrow in California. CBH-BGC received copyrighted, but revocable, permission many years ago to utilize not only their scoring system, but their score forms, affidavits, and use of the term 'Fair Chase'. Both P&Y and B&C require an almost identical code of conduct and ethical requirement listed under their respective Fair Chase Affidavits for any animal submitted to their record programs.

On June 14, 2020, your CBH-BGC voted unanimously to continue to align with Pope and Young and Boone and Crockett's Fair Chase requirements and measuring system. Under their rules of "Fair Chase" neither club allows any animal harvested using electronic rangefinding bow sights (Garmin, Burris, IQ, etc.) for entry into their records program. This would violate number III of B&C's Fair Chase Affidavit, as well as #7 of P&Y's Fair Chase Affidavit. (<https://www.boone-crockett.org/bc-position-statement-fair-chase> - <http://www.pope-young.org/fairchase/default.asp>)

While the use of such electronic sights may be legal in California, they, unfortunately, will not be accepted into the CBH-BGC records program, as they clearly violate our rules of Fair Chase. This should, in no way, minimize the trophy taken or the hunter who utilizes such equipment; we (CBH-BGC) simply must maintain the integrity of our records program and continue to practice and encourage Fair Chase.

The Rules of Fair Chase for P&Y and CBH-BGC:

The term "Fair Chase" shall not include the taking of animals under the following conditions: ()

1. *Helpless in a trap, deep snow or water, or on ice.*
2. *From any power vehicle or power boat.*
3. *By "jacklighting" or shining at night.*
4. *By the use of any tranquilizers or poisons.*
5. *While inside escape-proof fenced enclosures.*
6. *By the use of any power vehicle or power boats for herding or driving animals, including use of aircraft to land alongside or to communicate with or direct a hunter on the ground.*
7. *By the use of electronic devices for attracting, locating or pursuing game or guiding the hunter to such game, or by the use of a bow or arrow to which any electronic device is attached with the exception of lighted nocks and recording devices that cast no light towards the target and do not aid in rangefinding, sighting or shooting the bow.*
8. *Any other condition considered by the Big Game Committee as unacceptable.*

In closing, the Fair Chase concept extends beyond the hunt itself; it is an attitude and a way of life based in a deep-seated respect for wildlife, the environment, and for other individuals who share the bounty of this vast continent's natural resource.

DOVE & FIG KABOBS

What you need:

- 16 dove breasts
- 16 fresh figs or dried figs reconstituted in water
- 1 cup red wine
- 3/4 cup teriyaki sauce
- 3/4 cup barbecue sauce
- skewers for the dove kabobs

What to do:

1. Carve dove breasts from the bone and set aside.
2. In a saucepan, add the red wine, barbecue sauce and teriyaki sauce and whisk together.
3. Let simmer for 10 minutes.
4. Transfer the marinade to a bowl and dip the dove breasts into the liquid. Let soak for 1-4 hours.
5. When ready to cook, set the oven to broil.
6. Slice the figs in half and skewer the dove breasts and fresh figs.
7. Place on a sheet tray with a rack and cook in the oven for 10 minutes, rotating the skewers halfway through.
8. Let cool and serve at your dinner party! These are great appetizers.

2020 Small Game Committee

CHB/SAA Broad of Directors has approved the following committee members for our Small Game Club. Please welcome your new committee.

Chairman William J Barr
 J Barr <wbwestmark@sbcglobal.net>
 Amanda Duchardt
 Gilbert Olivas
 Rodger Cady
 Scott Dayton
 Wayne Raupe

We want to thank these individuals for stepping forward and carrying the torch forward with their efforts. If you live in, or north of Sacramento and have a burning desire to assist; please contact J Barr directly, he would love to speak with you! — The more involvement we have from our northern hunters the stronger our organization. This would be true for our Big game Committee as well. If your interest lies there please contact Rodney at York@ry69bgc@gmail.com

UPDATES continued from page 5

This Tournament will follow the same ghoulish theme of years past, where we are preparing for the apocalypse of the walking dead. You may also find a few petrified animals along with steel bonus targets out there: The distinct ‘plink’ of arrows hitting steel and the sound of arrows shattering, makes John’s laughter that much louder and maniacal.

Regarding our Conejo Valley Archers Spark of Love Toy Drive., we have the sad news that Rose Hoberg, who has for many years taken on the task of coordinating and hosting this event, has decided to step down: **Thank you Rose for your years of dedication, love and giving to the children.**

In her place, our big hearted and lovable, John Downey (unbelievable as that may seem given my statements above) has decided to step in, allowing our club to continue the beautiful expression of giving, to children in need, that Rose has shared within our community. This event is scheduled for Sunday, December 6th, 2020.

Today, I am asking that you get these on your calendars now and plan to join us.

I will be providing our flyers and more details in the near future as we have a better understanding of the long- and short-term effects the pandemic brings.

Until we can see each other on the range and in person, take care of yourselves.

- Presidents Meeting - Mid-Year Report June, 2020 2nd V.P Hunting

Thank you for your confidence in trusting me with this office and it's responsibilities. I have appreciated the phone calls and the text messages you have sent with support, encouragement and asking if there's anything you can do to help. Additionally, Pam, Terri, Lori and Chriss have been very helpful - Thanks to each of them.

As you know we didn't have a state Broadhead Shoot this year - the good news is we secured a sponsor willing to donate \$6,000 towards the shoot.

We had some outstanding bills roughly \$1,800 for target repairs and (6) new ones and another \$1200 for (12) new 3-D targets that we ordered and we're not able to use. These bills have now been paid and our targets are all paid for and ready for next year's shoot.

It's been beneficial in that we could use this time to rebuild and get back on track, restoring programs and confidence in the organization the way it should be.

I want to thank the board for approving the Big Game Committee. These are outstanding and devoted sportsmen, archers and hunters who want the very best for the State of California in archery and ethics. We have had six committee conference meetings using Uber and I want to thank Lawren Wiley for helping to get this set up and hosting each meeting.

We have dealt with some very difficult issues already in our three month tenure.

Suspension of Big Game Club membership and removal of previously harvested animals. Also a unanimous decision by the committee after numerous hours of deliberation and thought to continue to align with Boone and Crockett and Pope & Young in all areas of *Fairchase* i.e. Garmin sites and the like. Even though these are legal in California their usage will nullify entry of harvested animals.

In the Small Game Club we now have a committee chaired by J Barr and I want to thank the board for approving this committee as well. This committee has the resolve to have more youth oriented programs and to increase their participation and social media as well.

Along with the idea of social media the Big Game Committee has authorized David Bacon to begin collaboration between all of social media sites information so that it is readily available no matter which site you are on. We have allotted \$800 towards this cause and David has agreed to donate 1/2 of his time on the project.

I also want to let you know that Lawren Wiley has been appointed as our Social Media Specialist and will be attempting to have some form of information and/or interaction on our websites on a daily basis (a huge goal). Additionally, photo galleries will be set up. The immediate plan is to have news items, species photos, success photos, scenery and old time photos. (Can you name these people?)

Craig Fritz has generated an idea for a Mobile Measurers Clinic where we will stockpile antlers, horns, skulls, spurs, tusks and beards. A generous donation has been received from a former measurers wife (Thank you Charleen) who has offered to give us roughly 12 different animals for our measuring clinics.

Meantime, Joe Wylie has stepped forward and is compiling a current list of measurers across the state is roughly 80% done with contacting these people. Look in these pages to find your name,... if you are a measurer and not listed please contact Joe with your pertinent information.

Continued on page 11

Many of you share a deep love for this time of year. The breeze is beginning to pick-up, thunderheads mount, and nature announces the coming of fall. The trees chime in and unfurl colorful displays of their dying passion to reveal the prelude of winter. Some, or all; draw us deeper into the woods. We choose to walk one more mile or scale the ridge which lies just ahead and seemingly out of reach. The donning of down jackets, beanies and scarfs now become a necessity over the closet in which they were stowed the last five months. Our mouths no longer yearn for lemonade and ice tea, but now crave piping hot chocolate with a liberal abundance of whip cream smothering the buried marshmallows. Yes, fall is at our doorstep.

The soft fuzzy velvet has been stripped from antlers and the stain of willows and pine sap now decorate the bone in rich cocoa apparel which each male wears with pride. The "whistle" of the bulging elk declares fall has indeed arrived. How impossible it must be for anyone to attempt to stay inside? Enjoy the beauty of each day outdoors!

Presidents Meeting - Mid-Year Report June, 2020 2nd V.P Hunting Continued from page 10

Currently we are showing only three areas in the state that have the three necessary measurers needed for committee measurements. This is necessary for two year awards and all new state records to be recognized.

Looking forward we are entertaining the possibility of a new Big Game Club logo and are working on several different ideas. Also the possibilities of newly created awards.

Big game members requested business cards similar to LEG REPS and that project has been fulfilled.

As you know, a major part of the 2nd V.P. of Hunting is keeping track of game harvested as well as a two-year awards banquet. Bret Scott has led the effort and undertaken the project of developing new score sheets which have the current affidavit worded in compliance with Pope and Young and Boone and Crockett Clubs. We spent roughly \$400 to that end. Looking back at the 29th Recording Period we are unusually low in submissions. Usually there have been around 200-300 entries. This two year period is less than 10% of that hovering around 30 entries. We have been attempting to chase down animals we have heard were submitted but this is fairly futile without the assistance of hunters and measures who submitted the needed paperwork and funds. To further frustrate our members many animals recognized at the previous awards banquet are not recorded in the Master database on-line. We are pursuing those we know about but we need YOUR HELP PLEASE!

Graciously, Rodney York

FROM OUR HISTORIAN

SCOTT WALKER

WORLDARCHERY.COM

THE HISTORY OF ARCHERY

Archery is one of the oldest arts still practiced today. The evolution of archery began at the start of mankind's history, and evidence of ancient archers has been found around the world.

Although archery probably dates back to the Stone Age – around 20,000BC – the earliest people known to have regularly used bows and arrows were the Ancient Egyptians, who adopted archery around 3,000BC for hunting and warfare.

In China, the earliest evidence of archery dates to the Shang Dynasty – 1766-1027BC. A war chariot of that time carried a three-man team, a driver, a lancer and an archer. During the Zhou (Chou) Dynasty that followed – 1027-256BC – nobles at court attended archery tournaments that were accompanied by music and interspersed with entertainment.

Continued on page 11

Congratulations Travis Scott!

Cover Story

J. Barr/Travis Scott

Congratulations to Travis Scott on adding a striped skunk to his growing Small Game list. While on a pig hunt Travis noticed this little critter at a distance and realized he can use one of those to help him achieve his Double Eagle (50) different species. The stock was on as Travis slithered to get closer and a better shooting advantage. It did not take long for that to happen and his arrow hit what he was aiming for.

Congratulations Travis you're almost there.

Travis writes, "The great thing about adding your critters to your Small Game list is that you can be scouting, on another hunt or you can target a small game animal during its open and legal season. When registering your Small Game go to <http://cbhbgc.com/SmallGame> then click on Small Game Rules/Small Game Club Application then click on the GREEN tab at the bottom of the rules and fill out the form with your photo; and pay the \$3 application fee, it's that simple."

When Chinese people introduced Japan to archery in the sixth century it had an overwhelming influence on culture.

One of Japan's most well-known martial arts, originally known as "kyujutsu" (the art of the bow), is known as "kyudo" (the way of the bow). Modern kyudo is practiced primarily for physical, moral and spiritual development. After certain ritual movements, a kyudo archer steps onto the shooting line to shoot at a target 36cm in diameter, 28 meters away, set in a roofed bank of sand. The kyudo bow is 2.21 meters long and made of laminated strips of bamboo.

In the Greco-Roman period, archers in both warfare and hunting settings were frequently shown on pottery.

Middle Eastern superiority in archery equipment and technique reigned for centuries. With bows like those of the Assyrians and Parthians, who were probably the first to master archery from horseback, Attila the Hun and his Mongols conquered much of Europe and Asia, and Turkish archers threw back the Crusaders.

The English longbow became a force in the middle ages and was used in many famous European battles such as Crécy and Agincourt. A law in England that forced every man of adult age to practice archery every Sunday was never repealed, though it is presently ignored.

The first-known archery competition relatable to modern times was held in Finsbury, England in 1583 and had 3,000 participants.

Since the advent of gunpowder, archery's importance in warfare decreased – and it instead developed into a recreational and competitive sport.

Thank You for your Donations to the CBHSAA Legislative Defense Fund!
By Robert Moore- Legislative Coordinator

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, your Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford. Again, I would like to thank those listed below in addition to those that donated previously for their support.

THIS MONTH'S DONATIONS INCLUDE:

Individuals:

THANK YOU

**Amanda Duchardt \$50, Marlin Stapleton \$100,
Joe Becker \$200**

THANK YOU
