## California archer sets record in Yankton tournament

*Associated Press Sep 26, 2016*

YANKTON, S.D.— History has been made in Yankton, as a 21-year-old archer from California became the first female archer to finish with the highest score in any National Field Archery Association tournament.

Paige Gore recorded a two-day score of 1418 at the third annual Outdoor National Target Championships, the Yankton Daily Press & Dakotan reported. The top male shot a 1412 over the two days.

National Field Archery Association President Bruce Cull confirmed Gore's new record.

Gore credited her achievement to a change in her mindset.

"I used to get asked all the time before I left for a tournament, 'Who's going to be your biggest competition?'" she said. "That's probably the worst thing you can think."

She says she stopped thinking about her competitors and started focusing on beating her own scores.

Gore recorded a score of 890 out of a possible 900 on Saturday, followed by a round of 528 out of a possible 600 on Sunday.

"I don't just want to be good in my own division, or just among all the girls," Gore said. "I think there's part of me that wants to earn more respect; that I can shoot with the big boys."

Only one other woman competed in Gore's division this weekend.

## President's Message -by Wayne Raupe

Well again I am not home and am composing another short President's Message on my cell phone. However, this time I have the luxury of doing it in a motel room instead of in a treestand with no cell or WiFi service. However, I must say there was a lot more interesting wildlife to watch there than there is in this motel room!

January, 2017 is fast approaching and for those of you that will be participating in the State Indoor "450 Round" Championship Tournament be sure that you get your Pre-registration to the club or shop that is hosting the tournament in your local area. Room is limited at all of the venues and some hosts may be hosting more than one date so make sure you have all of your ducks in a row well before the tournament date.

I hope all of you 900 Round shooters were able to participate in the CBH/SAA 900 Round Championship Tournament and I hope you shot your best scores ever. For those of you who shot the lights out and are the State Champion in your age/class let me remind you that you may be eligible for, or on your way to, the Grand Slam Award. To be eligible for this Award you must be the State Champion in all four CBH/SAA State Championship Tournaments and must have accomplished that all within a twelve (12) month period. Because cubs are not allowed to shoot in the State Broadhead Tournament they only need to be State Champion in the remaining three tournaments and again have accomplished that all within a twelve month period. So set your sights high and win the required four Championships and receive this very prestigious Grand Slam Award at our Annual Banquet following your accomplishments.

For those of you who are interested in helping wildlife in the Owens Valley area there is a water guzzler repair project scheduled for April, 2017. This guzzler is in a remote area and provides water for the local wildlife which includes deer and elk. The Southern California Chapter of the Rocky Mountain Elk Foundation (RMEF) will be a participant. I have asked Mike Orton, CBH/SAA Member and Chapter Chairman, to submit a public service announcement for placement in our Magazine in upcoming issues so watch for it as he will be providing more information.

By the time you receive this magazine the November 2nd elections may be near or even past. In either case I hope you put lots of thought into voting and vote/voted to protect our country and our way of life. If we continue to elect those that have no regard for our sport, proper management of our wildlife or the 2nd Amendment we will surely lose our hunting rights not only in this state but in our country and our wildlife will be devastated. Without hunting there will be no financial resources to manage and protect the wild animals we love. As history shows and is currently the case in many countries around the world today, any species that has no

value to the people will be destroyed by the people. Our "special friends" the animal rights activists either do not understand this or they just don't care and are only concerned with getting their pockets lined with money. I asked Robert Moore, CBH/SAA Legislative Coordinator, to have David Bacon, CBH/SAA Web-Master to post a video on the website that addresses proper conservation of wildlife and hunting in several countries in Africa vs African Countries that have banned hunting. This is a must watch for those that are concerned about our wildlife as it very much applies here in the United States. You may have to watch it two or three times to fully understand the poaching and devastation caused by the anti-hunting laws. Likewise by watching it a couple of times you will better understand the benefits of placing a value on the wildlife and what proper wildlife management and hunting does for them.

Voting in the November Election... Criminals DO NOT obey the laws of our country. Laws, except sentencing laws, only restrict and affect the law-abiding citizen. We have over 20,000 gun laws in this country that only affect those that obey the law. Likewise, none of the gun laws that are on the November ballot will affect the criminal unless it is a law that increases the prison time for the criminal that uses a gun in a crime. More gun laws is not the answer... removing criminals from our free society is the answer. Vote NO on the restrictive gun bills in November.

Until next time... Remember no matter what kind of bow you bend or arrow you shoot we must remain one united family!

Dear Fellow Archers:

Thank you very much for your very generous donation of \$50.00. This will help promote and support the sport of archery for future generations.

Thank you again for your donation and continued support of archery.

Yours in Archery,

Terry Mikesell

### Legislative Information

#### Legislative Information

The next California Fish and Game Commission meeting (CFGC) will be held October 19th and 20th in Eureka. Agenda items of interest include a Wildlife Resources Committee (WRC) update from the Predator Policy Workgroup (PPWG) 25. Adopt proposed changes to non-game animal regulations (Section 472, Title 14, CCR) relates to domestic pigeons and non-native deer. 26. Authorize publication of notice of intent to amend regulations concerning use of GPS collars for hunting dogs (Section 265, Title 14, CCR). Several items that have been recommended from a few members of the PPWG include the elimination of section 366 of Title 14 which would ban archery bear hunting. The PPWG are in continued discussions and will eventually make recommendations to the WRC.

The Wildlife Resources met September 21<sup>st</sup> in Woodland Ca. DFW gave a presentation on their new Human Dimensions Unit (HDU) to support DFW staff and mission. HD Units Vision; to strengthen the Department's capacity to understand and respond to changing trends in constituent values and demographics. HD Units Goal; to incorporate an understanding of public values, opinions and positions regarding fish and wildlife into scientifically-sound management and conservation decisions. Presentation on predator/non game management was an agenda item that had trapping/hunting statistics over a 30+ year time frame. From the presentation the captured data showed a steady decrease in take except coyote. Not sure where this information was obtained as I don't know of anyone polled as to what non game species were taken. An additional presentation on wild pigs by USDA APHIS California Wildlife Services was an overview of the pig status in California and future management issues related to agriculture, disease and native species. DFW provided another presentation on wild pigs related to future management options to address the same issues.

Robert

## 24th Biennial Big Game and Small Game Banquet and Awards

January 14, 2017

Raddison Ontario Airport, 220 E. Holt Blvd., Ontario CA

**ALL RESERVATIONS MUST BE MADE BY January 7, 2017**

## TURNER'S OUTDOORSMAN

Chino Hills • Victorville • Pasadena

## ARCHERY DEPARTMENT NOW OPEN! IN 3 LOCATIONS

For over 40 Years Turner's has been outfitting Shooters, Hunters and Anglers across Southern California and we are happy to announce our **Full Service Archery Department** to meet the needs of Archers from Beginners to Pros. Whether you're a seasoned bow hunter or a parent with little ones curious about this great sport, Turner's can now get you the gear you need for a successful day in the field or on the range. Turner's is an Authorized Dealer of Bowtech, PSE, Elite & Hoyt Bows. We not only have a large selection of arrows and all the accessories you need from the industry's top manufacturers, we are also a full service pro shop that can assist you with the complete setup, tuning or repair of your archery equipment. We welcome you to stop in our new archery department to meet our experienced Archery Technicians. Test the latest bows on the market in our test range or bring in that old bow of yours and let our pros get it back in shooting condition.
