For over 40 Years Turner's has been outfitting Shooters, Hunters and Anglers across Southern California and we are happy to announce our **Full Service Archery Department** to meet the needs of Archers from Beginners to Pros. Whether you're a seasoned bow hunter or a parent with little ones curious about this great sport, **Turner's** can now get you the gear you need for a successful day in the field or on the range. **Turner's** is an Authorized Dealer of Bowtech, PSE, Elite & Hoyt Bows. We not only have a large selection of arrows and all the accessories you need from the industry's top manufacturers, we are also a full service pro shop that can assist you with the complete setup, tuning or repair of your archery equipment. We welcome you to stop in our new archery department to meet our experienced Archery Technicians. Test the latest bows on the market in our test range or bring in that old bow of yours and let our pros get it back in shooting condition.

**NEW! NEW 20 YD

NOW OPEN
IN OXNARD,
FOUNTAIN VALLEY
& WEST COVINA!**

Once again I hope this finds everyone well. As with most of you, I have been a little locked down with work, COVID and wildfires. There has been little changed from previous months as most clubs continue to be locked down and unable to hold regular shoots except for members. I suppose that on the bright side this has given us all a chance to finish some much needed maintenance in preparation for next season. As we resume our regular lives on November the 4th I think we can all look forward to some holiday fun as well.

I truly do hope that all have kept safe during the wildfire season. It seems that fires have been especially bad this season in all of the western states. Certainly our thoughts are with those families that have lost firefighters in these wildfires as well as those who have lost property and been displaced. I think this time of year always reinforces the need to be careful in the woods and use common sense about fire. The idea that someone would accidentally start a massive and destructive wildfire that has already claimed the life of a Big Bear Hot Shot while enjoying a "gender reveal" party (insert disgusted eye roll emoji) is just beyond my understanding. Please use common sense. That being said, lookout for possible monetary and preference point refunds from DFW. Although deer tags will not be part of this program, it seems that DFW plans on enacting some sort of refund program. At the very least they are talking about refunding preference points. Points are probably worth more than the money! So far I have heard Elk and Antelope and I would assume sheep. Take a look at the DFW website for more details. I really don't want to see anyone losing out on a once in a lifetime hunt because of government closures.

I want to say my own special thank you to Diane Gulman and the entire Gulman family for their very generous donation of taxidermy mounts to the CBH/SAA Big Game club. I'm sure Rodney and Craig will have more to add, but this was an incredible donation of a lifetime body of work. Joe Dotterer, Lawren Wylie and I caravanned over to the Gulman home and were able to load most of the collection and bring it to the club to be cleaned and categorized. Their trophies will now be used as part of the CBH/SAA Big Game Club Measuring Chairperson's clinic supplies. All of the recent collections and the Pope & Young supplies will be used to train future CBH/SAA BGC qualified

measurers. We are still looking for a small (10 to 12 foot) box trailers to haul all of this gear. If anyone has or knows of one for sale then please reach out.

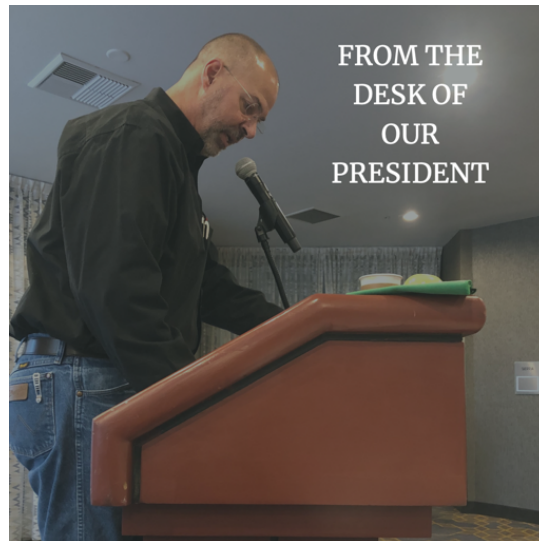

Although the 2020 tournament season was a bust, we are still looking at getting back to a full schedule in 2021. The State Indoor may be difficult, but more details to follow. Watch the newsletter and social media sites for last minute details. Be aware that we are all working diligently to host these important state tournaments, but must also be respectful of various clubs and shops and the legalities of holding large gatherings throughout the state. That being said, be sure to check out the NFAA Marked Yardage Nationals at Break the Barriers tournament this month. It's next weekend so it may be over by this reading, but it should be fun. Many areas of this state and the rest of the country have different restrictions and have had success hosting large tournaments. If you have the ability to get up to Fresno then check it out. Break the Barriers is a great cause and it should be a fun shoot.

I'm sure Robert Moore will have some additional information on the recent legislative session in Sacramento, but it has seen some nice wins for the moment. Using a little known time limit/filibuster rule in the State Constitution, Republicans were able to kill the Iconic African

Species (Stern) act. This bill would have restricted the importation of any body parts of many African animal species into California. This would have done significant harm to the African hunting trips that many of our members enjoy. We also saw the death of the Wild Lands Protection (Kalra) legislation. This proposed bill would put additional restrictions on development and use of many of California's open spaces. Our concern was the possibility of additional access restrictions for hunters and fisherman. The bill was very broad and dangerously vague. With a lot of lobbying from various NGO's including CBH/SAA we saw this one die on the vine as well. Huge thanks to Bill Gaines of Gaines and Associates for his tireless commitment to our interests as well the entire outdoor sports community here in California.

With most of the state shut down and a six day a week work schedule, I can honestly say I haven't done much hunting. I have seen some great pictures

Continued on page 5

Continued from page 4 - from many of you and congratulations to everyone. Even those that did not harvest had the pleasure of being outside enjoying everything nature has to offer. Don't be shy about contacting a Big Game Club measurer and getting started recording some species. It's always nice to be recognized for a successful hunt if the animal makes the score. Even if the score is not quite there, it's fun and interesting to experience the process. With that I will close and wish everyone great success and safety in the rest of this year's hunting season and thank you for all that each of you do for archery in California. All the Best!

FROM OUR HISTORIAN SCOTT WALKER

My articles in the past few months have been in reference to the Founding Fathers of CBH; How many Founding Fathers were there and who were they? As I reached out to receive response to these questions, I realized that many people knew some of the Founding Fathers but nobody knew exactly who they were, or more importantly, what they did. Where can we find this kind of information? well, to tell you the truth, it is right under our noses. It starts in the California Bowhunters Record Book. We can also find this information in the CBH 50 year and 75 year anniversary books. These books not only contain a history of our club, but they talk about the men in CBH who made history and who also started CBH and SAA.

In the early 1940s, there were two separate Archery associations in the state of California: the Southern California Field Archery Association and the Northern California Field Archery Association. On May 5, 1943, Roy Hoff of the Southern California organization and Bill Childs of the northern group met in Sacramento with other concerned bowhunters at a legislative meeting of the Fish And Game Commission. These two men, as presidents of their separate organizations, decided that for the overall advancement of archery in California, the north and south should join forces to form one state archery organization. Out of this meeting the California Bowman Hunters was born. The prime objective of the California Bowman Hunters during its first few years was to obtain a bow hunting season for deer in California. Through the combined legislative efforts of the CBH and the Associated Sportsmen of California, such a bow season was eventually instituted in 1949. This deer season, exclusively for bowhunters, continues to this day.

In 1962, under the leadership of CBH president Doug Walker, three new CBH state offices were created. These included, Second VP Field, Second VP Hunting, and Second VP Target. At this time it became the responsibility of the Second VP Hunting to coordinate all the hunting programs for CBH. That same year the California Big Game Record Club was established to start keeping records of the big game animals taken by bowhunters within the state of California.

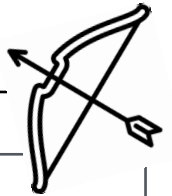

In 1967, the California state archery Association merged with California Bowman hunters, forming the organization we know today as CBH/SAA.

Throughout the years, CBH/SAA has continued to promote legislation to improve archery and hunting as well as the means to better expose the sport of archery to the general public. Their mission is dedicated to promoting and protecting archery and bowhunting rights in California.

So who are the founding fathers of CBH? Well I think we definitely need to say that it was Roy Hoff and Bill Childs. In addition, I don't think we can ignore the innovative changes made by Doug Walker that expanded the club and enabled CBH/SAA to serve the diversity of its members and more effectively represent the different aspects of archery. (I may be a little bit biased about that last one.)

EASY CATFISH TACOS RECIPE WITH SLAW

BY J BARR

Ingredient Checklist

1 pound skinless catfish fillets, cut into 16 pieces
 3/4 cup whole buttermilk
 1/2 cup fine yellow cornmeal
 1/2 cup panko (Japanese-style breadcrumbs)
 2 tablespoons Cajun seasoning (such as Slap Ya Mama)
 3/4 teaspoon kosher salt, divided
 1/4 cup mayonnaise
 2 tablespoons fresh lime juice (from 1 lime)
 1/4 teaspoon black pepper
 2 cups shredded napa or green cabbage (from 1 small cabbage)
 8 (6-inch) yellow corn tortillas, warmed
 2 radishes, cut into matchsticks (1/4 cup)
 1 ripe avocado, thinly sliced
 2 tablespoons fresh cilantro leaves
 2 tablespoons minced fresh chives
 Lime wedges
 Hot sauce, to taste

Directions:

Preheat oven to 450°F with oven rack 6 inches from heat.

Combine catfish and buttermilk in a medium bowl; cover and chill 20 minutes or up to 1 hour

Whisk together cornmeal, panko, Cajun seasoning, and 1/4 teaspoon of the salt in a shallow dish.

Drain catfish; discard buttermilk. Working in batches, dredge fish in cornmeal mixture. Place fish on a wire rack set inside a rimmed baking sheet.

Bake in preheated oven until it's golden brown and flakes with a fork, 20 to 25 minutes.

Meanwhile, whisk together mayonnaise, lime juice, pepper, and remaining 1/2 teaspoon salt in a medium bowl. Add cabbage; toss to coat.

Place 2 pieces of catfish in each tortilla. Top with cabbage mixture, radishes, avocado, cilantro, and chives. Serve with lime wedges and hot sauce.

MADISON RONEY

BY J BARR

If it swims in freshwater or saltwater, flies, slithers, crawls or runs in the mountains, deserts or roaming our lovely golden rolling hills of California, chances are it's been hunted or harvested by Madison and if it hasn't then they better hide.

Congratulations to Madison on her recent take and small game entry of this very impressive carp that was not taken in the Delta of **16lbs.** WOW congratulations young lady.

For those who would like to be entered into the small game club records please go to <http://cbhbhc.com/SmallGame> or reach out to any committee member in your area. There is a \$3.00 per entry fee as you will see it on the form online or mailed to you.

Once again, a big congratulations to Madison Roney on her 16lbs. 0oz. carp, looking forward in seeing what you come up with next.

CALIFORNIA BOWMEN HUNTERS BIG GAME CLUB POSITION STATEMENT

The California Bowmen Hunters-Big Game Club (CBH-BGC) has historically utilized the Boone & Crockett (B&C) / Pope and Young (P&Y) Measuring system (copyrighted 1887) to record trophy animals taken with a bow and arrow in California. CBH-BGC received copyrighted, but revocable, permission many years ago to utilize not only their scoring system, but their score forms, affidavits, and use of the term 'Fair Chase'. Both P&Y and B&C require an almost identical code of conduct and ethical requirement listed under their respective Fair Chase Affidavits for any animal submitted to their record programs.

On June 14, 2020, your CBH-BGC voted unanimously to continue to align with Pope and Young and Boone and Crockett's Fair Chase requirements and measuring system. Under their rules of "Fair Chase" neither club allows any animal harvested using electronic rangefinding bow sights (Garmin, Burris, IQ, etc.) for entry into their records program. This would violate number III of B&C's Fair Chase Affidavit, as well as #7 of P&Y's Fair Chase Affidavit. (<https://www.boone-crockett.org/bc-position-statement-fair-chase> - <http://www.pope-young.org/fairchase/default.asp>)

While the use of such electronic sights may be legal in California, they, unfortunately, will not be accepted into the CBH-BGC records program, as they clearly violate our rules of Fair Chase. This should, in no way, minimize the trophy taken or the hunter who utilizes such equipment; we (CBH-BGC) simply must maintain the integrity of our records program and continue to practice and encourage Fair Chase.

The Rules of Fair Chase for P&Y and CBH-BGC:

The term "Fair Chase" shall not include the taking of animals under the following conditions: ()

- 1. Helpless in a trap, deep snow or water, or on ice.*
- 2. From any power vehicle or power boat.*
- 3. By "jacklighting" or shining at night.*
- 4. By the use of any tranquilizers or poisons.*
- 5. While inside escape-proof fenced enclosures.*
- 6. By the use of any power vehicle or power boats for herding or driving animals, including use of aircraft to land alongside or to communicate with or direct a hunter on the ground.*
- 7. By the use of electronic devices for attracting, locating or pursuing game or guiding the hunter to such game, or by the use of a bow or arrow to which any electronic device is attached with the exception of lighted nocks and recording devices that cast no light towards the target and do not aid in rangefinding, sighting or shooting the bow.*
- 8. Any other condition considered by the Big Game Committee as unacceptable.*

In closing, the Fair Chase concept extends beyond the hunt itself; it is an attitude and a way of life based in a deep-seated respect for wildlife, the environment, and for other individuals who share the bounty of this vast continent's natural resource.

Thank You for your Donations to the CBHSAA Legislative Defense Fund!
By Robert Moore- Legislative Coordinator

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, your Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford. Again, I would like to thank those listed below in addition to those that donated previously for their support.

THIS MONTH'S DONATIONS INCLUDE:
