## ARCHERY DEPARTMENT NOW OPEN! IN 5 LOCATIONS

For over 40 Years Turner's has been outfitting Shooters, Hunters and Anglers across Southern California and we are happy to announce our **Full Service Archery Department** to meet the needs of Archers from Beginners to Pros. Whether you're a seasoned bow hunter or a parent with little ones curious about this great sport, Turner's can now get you the gear you need for a successful day in the field or on the range. Turner's is an Authorized Dealer of Bowtech, PSE, Elite & Hoyt Bows. We not only have a large selection of arrows and all the accessories you need from the industry's top manufacturers, we are also a full service pro shop that can assist you with the complete setup, tuning or repair of your archery equipment. We welcome you to stop in our new archery department to meet our experienced Archery Technicians. Test the latest bows on the market in our test range or bring in that old bow of yours and let our pros get it back in shooting condition.

**NEW!**

## NEW 20 YD ARCHERY RANGE NOW OPEN! IN OXNARD & FOUNTAIN VALLEY

## Legislative Information

### By Robert Moore

A FGC meeting was held October 17<sup>th</sup> 2018, in Fresno. Agenda items of note: 1. Consider approving agenda and order of items 2. Public comment for items not on agenda Receive public comment regarding topics within the Commission's authority that are not included on the agenda. 9. Recreational take of red abalone

Discuss proposed changes to regulations to extend the fishery closure sunset date for the recreational abalone fishery. (Section 29.15, Title 14, CCR) 13. Marine non-regulatory requests from previous meetings Consider non-regulatory requests submitted by members of the public at previous meetings.(A) Action on non-regulatory requests I. Request to explore potential abalone/urchin impacts resulting from proposed expansion of Wheeler North Reef II. Request to issue north coast market squid research permits III. Request to review regulations and policies for harvesting giant keyhole limpets IV. Recommendation to separate the Commission into two bodies Petition to separate Commission into Marine and Terrestrial Commissions, would take a constitutional amendment. 14. Petitions for regulation change (marine and wildlife/inland fisheries) Consider requests submitted by members of the public to adopt, amend or repeal a regulation. (Pursuant to Section 662, Title 14, CCR) Several petitions include the request for no hunting in the fire areas due to decrease in habitat. (A) Action on current petitions (B) Law Enforcement Division (C) Wildlife and Fisheries Division, and Ecosystem Conservation Division I. Update on efforts to eradicate nutria in California (D) Marine Region

16. Strategic planning Discuss and consider action on proposed mission, vision and core values, and discuss next steps in the strategic planning process. CONSENT ITEMS 17. California sheephead Consider authorizing publication of notice of intent to amend regulations concerning the filleting of California sheephead on vessels at sea. (Subsection 27.65(b), Title 14, CCR) 18. Recreational take of purple sea urchin (emergency) Consider adopting a 90-day extension of the emergency regulations concerning recreational take of purple sea urchin.

(Section 29.11, Title 14, CCR) 20. Commercial use and possession of native rattlesnakes Consider comments received on the June 11, 2018 15-day notice and adopt the regulations concerning the commercial use and possession of native rattlesnakes for biomedical and therapeutic purposes. (Sections 42, 43, 651, and 703, Title 14, CCR) 21. Cascades frog Receive and consider approving Department request for a six-month extension to submit its status review report on the petition to list Cascades frog (*Rana cascadae*) as an endangered or threatened species under the California Endangered Species Act (CESA). (Pursuant to Section 2074.6, Fish and Game Code) 23. Wildlife Resources Committee Discuss updates and recommendations from the September 20, 2018 committee meeting. Consider approving new topics to address at a future committee meeting. (A) September 20, 2018 meeting summary I. Receive and consider adopting recommendations (B) Work plan development I. Update on work plan and draft timeline II. Discuss and consider approving new topics 24. Sport fishing (annual) Discuss proposed changes to regulations concerning sport fishing report card requirements for marine and inland waters; clarification that inland waters do not include bays; an increase in fishing opportunities for black bass in Perris Lake; and corrections to authority and reference citations.

Note: Proposed regulations for sport fishing report card requirements are for both marine and inland waters. (Sections 1.53, 1.74, and 5.00, Title 14, CCR) 26. Jerusalem Creek Ranch PLM Consider revoking, suspending or reinstating the Jerusalem Creek Ranch Private Lands Wildlife Habitat Enhancement and Management Area License.

(Pursuant to Section 601(e), Title 14, CCR) 27. Bullfrogs and Non-native Turtles Receive an update on the stakeholder engagement plan and consider approving an updated timeline. 28. Wildlife and inland fisheries non-regulatory requests from previous meetings Consider non-regulatory requests submitted by members of the public at previous meetings. 29. Commission administrative items Discuss and consider action on the upcoming meeting agenda items and rulemaking timetable, and identify any new business for discussion at a future meeting. (A) Next meeting – December 12-13, 2018 in Oceanside Adjourn

The next Wildlife Resources Committee will be held Thursday January 10<sup>th</sup> in Ontario. No agenda has been posted at this time.

Final result for a couple of bills we have been watching, **AB 2151** (Gray) – Hunting: Antelope, Elk, Bear, and Bighorn Ram Tags: Resident Apprentice Tag would reduce the fee for a resident apprentice (youth) antelope, elk, bear, and bighorn sheep tag to \$20. AB 2151 would not make any changes to the cost of an apprentice deer tag, [Signed by Governor](#). Continued page 5

## Eighty-Three Years Behind the Bow

by Roy DILL

Archery has been a significant part of the 92 years of my life, in fact, 83 years of it since I shot my first Ben Pearson arrow from a lemonwood bow. Starting with hunting ground squirrels and rabbits in the hills and canyons in San Diego, an odyssey in this sport begin.

My self education - or self destruction - of the fine points of archery continued until about 1940 when, while roaming the forest of Balboa Park in San Diego, I discovered a band of archers engaged in battle with black and white targets attached to straw bales. This turned out to be my introduction to organized archery or, the San Diego Field Archers.

A few weeks later I returned to the site of the battle armed with my trusty lemonwood bow and remaining four Ben Pearson arrows ready to join the fray. However, I was informed that all warriors - no matter how enthusiastic - must meet certain qualifications. So, these kind people set me up with my own target, out of the way, for my own good and theirs. This is when my appreciation of the sport of archery and the exceptional people involved begin. Even though I was just a little squirt showing up from nowhere they welcomed me with open arms. They soon became aware that my equipment and shooting form were not up to the high standards of my enthusiasm. Thus began years of tutelage and friendship with the extraordinary citizens of the archery nation.

The first thing I learned was how much I did not know. My newfound archery friends were generous with their time and patient in teaching me the basic archery rules and proper form. Continued on page 6

## SOUTHWEST INDOOR

BY GARY MCCAIN

The NFAA Southwest Sectional Indoor will be held the entire month of January. You will be competing against shooters from California, Arizona, Colorado, Utah, Nevada, New Mexico and Hawaii. It will be a double 300 round both rounds do not have to be shot the same day. This is a list of shops that are hosting please call for times and dates. This list will also be posted on the NFAA website under tournaments. If your local shop would like to host this event please have them contact me. (Gary McCain NFAA Director for CBH/SAA 661-809-0947)

This list will be updated as need on the NFAA webpage.

### Legislative Information- continued from page 5

**SB1487** (Stern) Iconic African Species Protection Act would enact the Iconic African Species Protection Act and would prohibit the possession of any part, product, offspring, or dead body of African elephant, African lion, leopard, black rhinoceros, white rhinoceros, giraffe, Jentink's duiker, plains zebra, mountain zebra, hippopotamus, and/or striped hyena, [Vetoed](#)

DFW has hired Jen Bennet (Cordaro) for the departments R3 coordinator position. Recruit, Retain and Reactivate (R3) hunters and anglers. DFW and conservation groups have been meeting for several months to organize a plan for implementation. A meeting held October 25<sup>th</sup> DFW presented a first draft on the main overall (macro) plan review and discussion. DFW is not reinventing the wheel for this but has researched out what other states have done and are doing (best practices) under a national R3 effort. Once this has been finalized then micro plans will be developed. These micro plans will be "on the ground work" such as media visibility for promotion, reaching out to HEI graduates that may have not bought a license yet, Share program utilization etc. CBHSAA is recognized as leader in the bowhunting and archery community so the question is How and What are we going to do in the R3 effort?

### Eighty-Three Years - Cont. from page 5.

Of course patience and form can only go so far until it becomes obvious the equipment is a factor contributing to one's shooting ability. With my mentor's guidance and donation of some used arrows and a beautiful previously owned yew wood recurve bow backed with sinew (circa 1929), my arrows begin to group on the target bale instead of the surrounding hillsides. I was not even a member of the club yet so I reckoned it was about time I joined. I scratched up enough moola to pay my dues and became a proud member of the San Diego Field Archers.

My shooting improved thanks to the encouragement of all the club members, especially Frank Eicholtz who was president of the club. However, my archery adventure was interrupted when I graduated from high school in 1944 and received an invitation from the US Government offering an all expense paid trip to see the world. I could not refuse. I landed on Luzon in the Philippines just as the war was ending. From there my outfit was shipped to South Korea where I had the opportunity to observe an archery tournament and was impressed with the ritual performed with each four foot arrow shot from their six foot bamboo bows. If we went through the same ritual it would take over a week to complete a 28 target field round.

**Roy at San Diego Field Archer 1948 (on the right)  
Roy On The Cover of Archery Magazine 1948  
(below)**

When discharged from the army I re-upped in the San Diego Field Archers with new equipment and was shooting better than when I left. I started shooting top NFAA mail tournament scores. Frank Eicholtz gave me a custom made bow and Hugh Rich provided me with 2018, 31 inch, Easton aluminum arrows. I placed second to Dr. Erwin Pletcher in the 1947 California State Field tournament. I could not afford attend the 1947 National Field tournament in Salt Lake City but that was soon remedied by generous club members who took up a collection to help cover my expenses. In addition, club members Mart and Beda Mathews provided the transportation. I placed second -again- to Doc Pletcher. A few years later I paid back the loan, but I have never forgotten the kindness of those very special people.

1948 was a very eventful year for me. I field tested several of Frank Eicholtz fiberglass backed bows that Frank wanted tested under my 60 pound, 31 inch draw. The final results ended up in one of the finest bows I have ever owned. I had the privilege of making friends and shooting the bow with what I believe to be the icons of California's distinguished archers including Frank, Hugh Rich, Doc Pletcher, Roy Hoff, Stew Foster, Babe Bitzenburger, Doug Easton, Lucille Shine, Nubie Pate, Tom Jennings, Cap Gregory, Rube Powell, Larry Hughes, and many others who selflessly shared their wisdom in trying to help me become a better archer and respectable competitor. I sometimes became very upset with myself when not shooting well. I learned it certainly did not improve my shooting or my reputation, but only reflected immaturity. Continued on page 8

**Doc Pletcher Scoring, with Roy Pulling**

In 1948 I won the California State Field Championship in Visalia. I was now ready for the NFAA National tournament. This time I had enough \$ ( without a loan ) to purchase my Greyhound bus ticket from San Diego, across country, to Two Rivers, Wisconsin. The trip proved a little exciting halfway across the country when I transferred buses. They were transferring some of the passengers luggage -including mine- into another bus which I was to take onto Two Rivers. While watching them make the transfer I did not see my suitcase or archery equipment. I cornered one of the guys in a Greyhound bus uniform and expressed my concern. To make a long story short, we found my stuff in a pile to be loaded on another bus. I figured, from that point on, Someone from above was watching over me and the rest of my journey was going to be successful.

The field archery ranges in Two Rivers were beautiful. They were set up in the forest and partly along the shores of Lake Michigan with a wind that presented a challenge on the long targets. I met, shot with, and made new friends I will never forget. I not only had a memorable experience, but I won the national championship. I do not even remember the bus trip home. I was one happy 22 year kid floating home on cloud nine. Shortly after returning from Two Rivers, Frank Eicholtz suggested I should take advantage of my championship and consider giving archery exhibitions to promote the sport of archery.

I thought it was a good idea so I involved my younger brother, Bob, who was a pretty good sharp shooter and a better bowhunter than me. We put our act together, fine tuned it with Frank's help, and started giving exhibitions in the San Diego area. A talent agent saw our act and got us bookings in a local nightclub, in the Pasadena Auditorium, a TV appearance and a movie short filmed in Griffith Park.

Hugh Rich then steered us onto a talent agency in Los Angeles, National School Assemblies. They scheduled lyceum type programs in schools, colleges and city clubs such as Lions, YMCA, and similar organizations throughout the United States. They wanted an entertaining and educational program of about one hour. Bob and I put a program together consisting of trick and precision shooting, the history of archery, the equipment, the art of shooting, bow hunting, archery organizations and clubs, and the various target rounds and tournaments. We auditioned and signed a contract to tour the country for three years.

In those three years we performed in all but eight states sometimes giving two or three performances a day miles apart. We met hundreds of archers who invited us into their homes, fed us and became our friends. We learned, for sure, archers are very special people. Those three years were years of positive growth for me learning to appreciate the great country in which we live and meeting the people who make it so.

Whether we were stuck in a blizzard in Utah, had a flat tire in Oklahoma, out of gas in Connecticut, or just plain lost anywhere, there was always someone to offer help. I could write a book just about those three years.

I decided it was time to settle down, finish my education on the GI Bill and think about raising a family. Bob continued touring the country with his wife, Gerrie, for one year until he received an invitation from Uncle Sam to join the army and help quell a little "dust up" in Korea. ( Bob actually went on a night patrol with bow and arrow backed up by six guys with automatic fire power.) I finished my education with a BS from San Diego State and an MBA from Pepperdine University, married a gal from La Jolla, helped raise three sons, and ended up- so far- with eight grandchildren and one great.

I won the California State Field Championship in 1950 and 1951. In 1982 I was inducted into the California Archery Hall of Fame and later served on the CAHF board for about six years, three years as chair. In 1991 I won the State Field Traditional Championship and in 1990, 91, 92 and 93 I won the State Indoor Traditional Indoor Championships.

Archery has been a significant part of 83 of the 92 years of my life. A famous US General said "Old soldiers never die, they just fade away." Old archers never die. The medals get dusty, the trophies get tarnished, the bowstring becomes frayed and the limbs get creaky, but the treasured memories of the friends made and exciting times of 83 years behind the bow are indelible and never fade away.

## 2018 Traditional Rendezvous at Rancho Neblina By Richard Barron

This past weekend, September 29-30 Rancho Neblina held its annual 3D trad shoot, I and a few other PRA members attended the shoot.

Rancho Neblina is one of my favorite 3D shoots, yes its a bit of a drive to Petaluma and across the some what scary San Rafael- Richmond bridge to the other side of the bay, but it is a beautiful area.

Rancho Neblina, in Two Rock Valley, is just west of Petaluma CA. You take Bodega Road west from Petaluma. (Bodega Bay is where Alfred Hitchcock filmed the movie "The Birds"). Two Rock Valley is farm land, actually cattle land. Rolling hills with oak woodland forests, it's beautiful California landscape, it's a throw back in time to images of "early California". Things in Two Rock Valley haven't changed as fast as in Los Angeles in the last 100 years.

But I have to say, Rancho Neblina is worth the drive. It's 600 acres of "sound of music" rolling hills, pastures and wooded areas. It's a two day shoot, with 3 - 20 target 3D archery courses. You shoot 40 on Saturday and 20 Sunday. Targets are set up in natural settings and well placed, unmarked yardage. They have a few novelty targets, which are fun. There is a lot of walking in the hills and after 40 targets, I was more than ready for a beer. They also have an unusual couple of targets set up, a "Par 2 Target". The target (a large buffalo or elk) is set out about 200+ yards in the field (long distance), the archer has 2 shots to make the target, but you can not go past the target, if you do, you score zero. You shoot the first shot as far as it can go, then go for the target on the second shot, it's a "par 3" for women archers.

The shoot is two arrows, and scored 10 and 8. What I would normally call the "8" ring is now the "10" score and what would normally be a "5" is now an "8". It's a little odd, but makes for faster scoring and higher scores. Continued on page 9

Left - Iseral Avina takes aim.

Above - Richard Barron and Spencer Gonzalez with Andie

Below - Lee Hazelquist at Par 2 target

2018 Traditional Rendezvous continued from page 8  
 Archery Golf! . . . they have a 9 “hole” archery golf course at Rancho Neblina. Off to the side, in another “pasture” is a golf corse set up. The “holes” (3 D target) are set up from 302 yards, par 4 to a 128 yard par 3. They have a flag at the target so you can see where you need to shoot and the pasture grass is mowed to create a “fairway”. It’s very fun to see how far you can send an arrow down a fairway. I was able to shoot 5 under par ! Its VERY fun!

Above - Colleen Hazelquist taking aim at leopard  
 Below - It is a cattle ranch and sometimes you have to move them  
 Right - John Scordo aims for the ram

### Life is GOOD! By Pam Severtson

It’s been a long three months and we have a long way to go, but you know, LIFE IS GOOD! I cannot begin to THANK those of you who have assisted us in the rebuilding efforts at Straight Arrow Bow Hunters.

Whether it be in the financial aspect or the physical aspect, it has meant so much to us. I know there are so many of you that live so far away that it is not reasonable for you to assist. Your positive thoughts are greatly appreciated and we hope that we can return to you, an awesome Western Classic Trail Shoot in 2019.

We have a long way to go with building safety walls and backstops, along with moving a part of the course. But, we will continue on with the rebuilding and will have, along the way, some good laughs and great memories that will forever be in our minds.

From the bottom of our hearts, “THANK YOU” again and look for the registration for the 2019 Western Classic Trail Shoot to be open in January.

Cody Morelock and kids Jessi and Ezra -Pam Severtson’s son and two grandkids pictured mowing the Straight Arrow lawn. He donated the mower.

## State Target Tournament 2018

**By Karen Keating**  
**Photos by Karen Keating**  
**and Thomas Batinich**

**KAREN KEATING**  
**2ND VP TARGET**

The heat was on as over 400 archers competed in the State Target (900 round) tournament in September. We had 12 clubs host the State Target Tournament: Black Mountain Bowmen (San Jose); Central Coast Archery (San Luis Obispo); Diablo Bowmen, new host for 2018, (Clayton); Impact Archery (Clovis); Lodi Bowmen (lone); Oaktree Archery (Newhall); Nevada Sportsman's (Nevada City); Oranco Bowmen (Chino Hills); Salinas Bowmen; San Diego Archers; San Francisco Archers (Pacifica); and Santa Ynez Valley Bow Club (Buellton). Sadly, Redding had to cancel their State Target Tournament due to the Carr fire.

To compete for awards in any CBH Tournament, archers must have both an active CBH membership and an active Membership in either NFAA or NAA. Archers who only have an NAA membership but not a CBH membership are placed in the "guest" category. Similarly, archers who only have a CBH membership but not a NFAA membership are also placed in the "guest" category.

I was able to speak with many archers at these events...here are some of their archery stories...

Johnny Silva is the President of Santa Ynez Valley Bow Club is taking a year off from archery due to injuries from work. He was an avid rifle hunter for elk. He wanted to hunt bear, but at that time, archery hunting season was the only thing open. He started hunting with a bow the following year. He has been very involved with Santa Ynez Valley Bow club. He was range master in 2008 and is the current president of the club...a role he has held for the past 5 years. He also helps with the Archery Youth Program for the City of Santa Maria through their Parks and Recreation Department. His favorite shoot is The Pow-Wow shoot in Lake Isabella.

John Fischer (BHFS) was a competitive rifle shooter. He began shooting a bow for a change of pace about 5 years ago. He is currently the Chairman for Archery Sportsmen's Association in Santa Lucia. His favorite shoot is the Fresno Safari.

Tom Chamberlain is Past-President of Santa Ynez Valley Bow Club. He's been shooting BHFSL since the 1970's! He didn't shoot this year due to an injury.

Jay took up archery about 8 years ago after Johnny Silva introduced him to it. He was a rifle hunter before archery. He is the current range master at Santa Ynez Valley Bow Club. He likes all the shoots he has attended.

Sheilah and Scott Bomar met at an archery shoot. They have been married for 16 years! Sheilah was an archery hunter first. Scott was always a target archer.

Steven Adam is a current IBEP Instructor. He is also the Director of Safety and Education at Santa Ynez Valley Bow Club. He started shooting 40 years ago. He used to primarily hunt but now does target archery. He enjoys the challenge of archery both mental and physical. Redding was his 1<sup>st</sup> shoot. He has competed at the Local, State, and National level. He owns an indoor archery range in Santa Maria (at Santa Maria Gun Club). Redding is his favorite shoot.

Aaron Davis (FS) was a rifle hunter before he took up archery. He's been involved in archery for the past 20+ years. He enjoys all the Kern River shoots, Fresno Safari, and the Western Roundup in Redding.

Jerry Rynders has been involved in archery since he was a youngster. He is a Vietnam Veteran. He started shooting Traditional Style about 6 years ago. He is now retired. His favorite shoot is the Chamberlin Traditional Shoot.

Eric T. Mueller has been shooting a bow for 25 years. He got back into archery about 6 years ago. He holds the current State Record for Longbow Division: Wood Arrows shot at Youth Distance. Continued on page 11

**State Target Tournament** -Continued from page 9

Alex Mueller started shooting a bow at age 5. He enjoys the community of archery and being with like-minded people. Alex believes "Archery is the perfect balance between exercise and mental strength".

Marsha Quan got into archery when her son left for college. Marsha shot the State Target Tournament using 3 different bow styles over two weekends: FS, BHFS, and Recurve. She shot at Black Mountain Bowmen and San Francisco Archers.

This year I chose to shoot at Oranco Bowmen where temperatures reached up to 104 degrees on Saturday, 9/15/2018. Sunday was slightly cooler at 100 degrees. There were over 100 archers competing during the weekend. We were lined up under tree shade with two feet of shooting space between archers. Thank you to Davidah Batinich, who kept me cool in the blistering heat. She exemplified the true spirit of CBH archery. Chriss Boles and his team were very organized throughout the weekend event. A lot of preparation work went into the event before the archers arrived. A big THANK -YOU to: Todd Dancer, Max Burks, Bill Waltz, Pete Whitworth, Dave Bacon, Don Bridgewater, Al Wiscovitch, Dale Boyer and Chriss Bowles for putting on a terrific shoot.

14 New State Records set! All results found at CBHSAA.net

Six of the New State Records occurred in the Longbow Division shot at youth distances, which was a new division for 2018. Perhaps the most amazing State Record that was broken occurred at Nevada Sportsman's by Caleb Quiocho (cub). This young archer put in a performance that will likely stand for many years to come. He shot an 899 with 50 X. Congratulations Caleb!

In closing, let me say "THANK-YOU" to all the clubs and their members who helped throughout the tournament. Without your help, we wouldn't have this tournament. Additionally, I want to say THANK-YOU to all the archers who participated in this event and supported CBH. Looking forward to 2019!

## **CBH/SAA Annual Meeting and Banquet** by Pam Severtson

Enclosed is the CBH/SAA Annual Meeting and Banquet flyer. This year it is the Big Game Club's time to shine on Saturday evening.

Come enjoy a nice time with friends, stories of hunting, awards to the Grand Slam winners and of course, the raffle!!!

If you are inclined to start getting involved, even if just a little bit, in the happenings in CBH/SAA, come to some of the meetings. We have the legislative meeting on Friday afternoon from approximately 1pm to 4pm, the general meeting starts at 8am on Saturday and usually runs until noon with breakout meetings in the afternoon, if need be.

Then, we wrap it up on Sunday with starting at 8am and continuing until business is done that afternoon...sometimes at noon, sometimes at 2pm or 3pm...

Let me know if you will be there, I can have a guest packet made for you so you can follow along.

If you are just interested in the fun activities on Saturday evening, GREAT! Just complete the dinner form and return by the deadline. If you don't have a dinner ticket, you may not be able to attend the dinner, at least not have a seat....seating will be limited. Hope to see you there!

## **Looking for a last minute Christmas present???**

By Pam Severtson

Are you looking for a last minute Christmas gift? Have you thought about the CBH/SAA 75 Year History Book or CBH/SAA Buckle?

The hard backed, numbered books are \$40., the soft covered are \$30, the buckle and tin are \$25 and the buckle alone is \$20.

You can either go directly to the CBH Store on the CBH website at [www.cbhsaa.net](http://www.cbhsaa.net), far right hand tab with the drop down menu and purchase directly there. It will get mailed out immediately. Or, you can call Pam Severtson, CBH/SAA Secretary at 530-474-3324 and give her a credit/debit card and she can mail it.

But, if you are a late night shopper, please use the website to order....don't want those late night calls to take a credit card and address over the phone.

Thanks all and Merry Christmas to you!!!

### State Target Photo Gallery Continued

President Bill Adams of the California Hunter Education Instructor Association passed away on October 3, 2018.

Bill was a passionate outdoors-man who enjoyed hunting antelope in Wyoming, was a member of El Dorado County Mounted Search and Rescue, was an instructor, and most of all a family man. Bill enjoyed spending time with his wife Shirley, sons Scott and Tom, and his grandchildren.

Friends and family celebrated his life on November 4, 2018.

# CBH/SAA 2019 INDOOR CHAMPIONSHIPS

## 450 Round – 20 Yards – 15 Ends – 3 Arrows Each End

**THANK YOU FOR YOUR DONATIONS TO THE  
CBHSAA LEGISLATIVE DEFENSE FUND!  
BY ROBERT MOORE- LEGISLATIVE COORDINATOR**

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, your Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford. Again, I would like to thank those listed below in addition to those that donated previously for their support.

**This month's donations include:**

**THANK YOU**

**Archery Clubs, Regions, Organizations and Businesses and  
Individuals:**

**THANK YOU**

**David Lee \$25, Richard Neighbours \$50**

**Mark Vander Zon \$20**
