OBTAINING A TAG CAN SEEM IMPOSSIBLE:!
 LIKE BEING IN 4 STATES AT ONCE

So What is Hunting All About? Rodney York

We have discussed issues of hunting heritage, and friendship, now we will spin into yet another realm. It seems these days one must stretch themselves far more than was needed in the seventies... Back then a person could decide one day to go hunting, even in another state; and the next day arrive there and purchase a license and tags. These days one applies in several (7) states annually for multiple species without much of a chance in drawing. Back in those seventies a non-resident pronghorn and elk tag totaled \$50. This year in California as a resident just the application fees were over \$300. Sadly as predicted, hunting has become a “rich mans' sport”. Hopefully those in their 20’s will experience a chance to draw a tag and hunt their dream hunt before they themselves perish. As for me I took the song, “The Bear Went Over the Mountain”, literally and I am still looking to see what I can see. The differences in terrains, habitats, cultures and foods draw me to exotic new locations annually, if only with camera in hand. Capturing a burr cutters’ sassy attitude bears similarities with that of a junior-high girl before her first prom. And the cutters white outlined eyes rival the mascara and dazzling eyeshadow of the teenager. And then for those successful hunters there are records programs. Our State Banquet is scheduled for **February 26th-28th** @ Ontario Gateway Hotel, 2200 E. Holt Blvd. Plan to attend the BGC General Meeting on the 27th (1:00-5:00) and Reception from 5:30-6:30 with Banquet Dinner beginning at 6:30. Continue to watch online as more information becomes available.

Also the 32nd Biennial Pope and Young Convention will be held at the Nugget Casino in Sparks, NV **April 14th - 17th of 2021**. At least three members of your *Big Game Committee* plan to attend. Let us know if you’d like to tag along.

Finally, your *Big Game Committee* has secured around thirty antlers, horns, tusks and beards for our mobile measurers training clinic. Since we were unable to have our State Broadhead Shoot funds are extremely low. We are gladly accepting donations (\$100 and more) made out to **California Bowmen Hunters Big Game Club**. On the other hand if you have a 6 or 7 foot wide trailer 10 to 14 feet long and 7 foot tall and would like to donate it; we would be pleased to speak with you immediately. Send donations to Terry Mikesell, PO box 491990, Redding, CA 96049-1990, or call 559.877.2701

TRADITIONAL ARCHERY TACKLE HUNTING EFFECTIVENESS

RODNEY YORK

On a recent hunting trip for elk a gentlemen approached and asked if a longbow or recurve would be effective in harvesting an animal; especially one the size of an elk. He was assured of the lethality of both the recurve in hand and the 2 blade, single-bevel broadhead aligned on the front end of the projectile. Still with some doubt remaining he stated he would like to see evidence of the same in person. Some days later he did indeed get his request as he witnessed the fallen elk we dressed out together. The bull was evidence of course, but the 2 blade broadhead had also broken a rib on both the entrance and exit side, as well as shattered the off shoulder. These results were not of surprise to the writer, but the normal of what he had come to expect. Note below various results of harvests over the past year.

Traditional Archery continued from page 6 - It is also true of the writer's first hand experienced results for other species including bear, moose, caribou, mountain goat and pronghorn. When choosing to hunt with traditional equipment one places the main emphasize on friendships and the time afield. One also acknowledges and accepts their skill set as well as both their personal limitations and that of their tools of choice. Hopefully, the chart below will help to verify and answer any questions of the effectiveness using traditional equipment.

*Shafts used were either Black Eagle .400 or Victory .350 with 3) 4" or 4) 2" feathers.

*All Harvests were with arrows 28.5 - 29" 600 / 650 grains [28-34% F.O.C.]

COVER STORY
Luke's Golden Moment
JBarr

Long time CBH member Luke Volonte from northern California was on an outing when he noticed the huge "Golden - Mantled Ground squirrel" at a distance. It was not long before Luke closed the distance and a shot presented itself, Luke took aim quickly then let one fly. Congratulations on this huge but small target. Luke has several small game listed and well on his way in earning the Golden Eagle Award. Congratulations once again and looking forward to your next entry.

If your interesting in adding your latest small game adventure please, registering your small game go to <http://cbhbgc.com/SmallGame> then click on Small Game Rules/Small Game Club Application then click on the GREEN tab at the bottom of the rules and fill out the form with your photo its that simple.

Fall Hog Harvest

Deconstructed Duck

The next time you are at a dinner or other event where wild ducks are served whole, take note of how many people can eat the legs. If the breasts are cooked to the proper temperature, they will be moist and tender, but the legs will be sinewy and barely edible. Most of the animals we cook and eat are best when prepared in parts, rather than as whole critters. Ducks and geese are no exception. The breasts should be cooked quickly and served medium-rare, but the other parts should cook much longer and at a lower temperature. The solution is to disassemble your ducks before cooking them.

Breaking down dishes into their basic parts, known as "deconstructing," is popular at many restaurants. Waterfowl are perfect candidates for this cooking style. For this recipe, the legs are braised for 2 to 3 hours before the rest of the bird is grilled. *MAKES: 6*

INGREDIENTS

- 3 large ducks, skin on or off
- 1/2 cup coarse salt
- 1/2 cup brown sugar
- Olive oil
- Salt and freshly ground black pepper
- 2 stalks celery and 2 carrots, roughly chopped
- 1 medium onion, roughly chopped
- 3 garlic cloves, minced
- Chicken, beef, or game broth (or substitute wine, beer, or a combination of any of these liquids)
- Sauce of your choice
- Butter

DIRECTIONS

[STEP 1] Prepare a brine by mixing 1/2 gallon of water with the coarse salt and brown sugar. If you want to add more flavor to the brine, do so with dried or fresh herbs and seasonings, but do not dilute the ratio of water to salt. Add ducks to the brine and refrigerate for 6 to 24 hours. Remove ducks from the brine and pat dry.

[STEP 2] Preheat oven to 375 degrees. Using a sharp knife, remove the legs from each duck at the body. Place legs in a bowl and toss with enough olive oil to coat them, then sprinkle with salt and pepper. Arrange legs in a lightly oiled roasting pan and brown in the preheated oven for 30 minutes, turning over after 15 minutes.

[STEP 3] Once the legs are browned, add carrots, celery, onion, and garlic to the pan, along with a half inch of broth, wine, or beer. Cover with foil or a tight-fitting lid, lower the oven temperature to 325 degrees, and braise for 2 to 3 hours or until the meat pulls away from the bone with minimal pressure. Some legs will be done faster than others. After the first hour of braising, check every 30 minutes to make sure there is still liquid in the pan. When done, allow the legs to cool completely. This step can be done up to a few days before cooking the rest of the duck parts.

[STEP 4] Before grilling the duck bodies, fillet the breasts, split the birds down the breastbone into two halves, or "spatchcock" them by removing the backbone and pressing down flat. Place on a well-lubricated grill and cook to desired internal temperature. Medium-rare is 130 to 135 degrees at the center of the breast. A few minutes before the meat is done, add the already-cooked legs to the grill and heat to serving temperature.

[STEP 5] If desired, brush with a sauce of your choice or melted butter. Arrange breasts and legs on plates and serve.

Championships**
Dawnel Scott

Thank you to all the host sites past and present. This event cannot be a success without all of you. Unfortunately, several sites have opted to not host this event in January because of the uncertainty associated with COVID-19.

To help the sites as much as possible, the 2021 CBH State Indoor Championships will run throughout the month of January—archers may shoot whenever the host has availability. Some sites have been able to determine dedicated dates/times while others have not been able to do so.

All registration must be on-line; there will be no on-site registration and monies handled by the host site. New and renewed membership must be completed on-line.

- The archers will register on-line by choosing the host site and will pay their registration fees through PayPal.
- The host site will receive a copy of your registration.
- It is the archer’s responsibility to schedule a date and time with the host site. The host site will schedule your time and date with the following restrictions—at least three archers or a host personnel witnessing the scoring.

Events may still cancel pending current state and local restrictions, so stay in touch with your host site. Dawnel Scott, 2nd VP Indoor 510-501-6571

**STRAIGHT ARROW BOW HUNTERS
HALLOWEEN SHOOT & CLUB
CHAMPIONSHIP**
BY PAM SEVERTSON

Of course, the day before our fun shoots, the weather was perfect! No wind, no smoke and no heat. But no, can’t hold out for one more day. We had sustained winds at 25 mph and gusts at 40-50 mph.....However, with that being said, we still had 35 archers that wanted to play!

SOME OF THE RAFFLE PRIZES

Come mid morning though, 4 of the archers had to leave Another fire had started 20 miles south of us and those 4 were possibly affected, so they had to leave. But not without us giving the 2 kids the decorated pumpkins for the ride home (fire is out now, and their home was safe). Continued on page 10

KIDS RAFFLE TABLE

Straight Arrow Bow Hunters from page 9 - It didn't take long for everyone to complete the course with spooky paper targets to shoot at. By 12:30 everyone was off the course. We did a fun event for the club championship portion. The committee thought of movie quotes and you had to guess which movie those quotes came from. We had 28 for the adults and 14 for the kids. If you guessed a quote correctly, you received an additional raffle ticket for the awesome raffle we had!

There was also chili, hot dogs, spaghetti, desserts, candy and candy and more candy, there for everyone to munch on. We all had a great day. Who wouldn't? Outdoors, either shooting a bow or listening to the stories of how that arrow (or arrows) didn't score well because of the wind, LOL. Thanks to ALL of the helpers who put this together-can't do it without you

On to the next shoot, the Turkey Shoot on November 15th and then the Christmas Shoot on December 20th.

Mobile Measurers Clinic Rodney York

One of the goals your California Big Game Committee set; three or four months back was to create a Mobile Measurers Clinic. The main idea here was to secure antlers, horns, skulls, tusks, beards and spurs for the purpose of training (or refreshing) those CBH members who wished to measure animals for our record keeping program. We are thrilled we are at least three quarters of the way to our goal. This is all becoming a reality because our outstanding members and measurers who have stepped forward to make their trophies available for training and learning. We wish to thank each of you who have already donated and in particular wish to publicly express our gratitude to the **Grosenbach** and **Gulman** family. The two families donated at least 85% of our measuring examples. As you can see from the photographs included here.

We still need your help! In particular we need hog skulls, tusks, turkey beards and spurs as well as a couple more bear skulls. Please contact Rodney (559.877.2701) with your contributions. Our next need is for a covered utility trailer with 15" wheels and preferably in the 5x10' length. Look elsewhere in this newsletter for more details on how you can assist your Big Game Club moving forward.

Committee Measurements AND Big Game Club Moving Forward

Your Big Game Club made a second attempt to reach out to individuals who had harvested outstanding animals by sending them an invitation to make an appointment to have their representatives scored. All of the animals from the two year awards period that could place in the top three for each species were asked to have their animals committee scored. This consisted of three measurers gathering and agreeing on each measurement before it is recorded. This is the safest way to ensure entries are done accurately and in the fairest method available. Measuring plains are mapped out and then taken from marked locations that are prescribed by *Pope and Young / Boone and Crocket*. Then each column is added up, checked and re-added before penciling in a subtotal. Once the subtotal is agreed upon any differences in the left and right side measurements are deducted for an ending allowable score.

Continued on page 12

Committee measurements from page 11

The next step is to send all forms and recorded data to our Measuring Chairman — Bret Scott. He in turn scrutinizes each entry for any possible errors that may exist. Once this has taken place and all is in order the entry is accepted and recorded into the all time records. As you can tell there is quite a lot of time, energy and expense that goes into recording animals - all done by measurers who volunteer throughout our state.

Please come and help us celebrate this outstanding collection of animals harvested across our state at the 29th California Bowmen Hunters Awards Banquet. It is slated for February 27th at the Ontario Gateway Hotel 2200 E. Holt Blvd., Ontario, CA. The State meetings will begin on February 26th with a Big Game Club Meeting arranged from 1:00 - 5:00 pm on February 27th. This will be followed by a reception from 5:30 to 6:30. The awards banquet dinner will begin at 6:30.

Those of you that **harvested animals** should seek out a certified measurer and get your entry to Bret Scott - 11381 Encinas Drive - Riverside, CA 92505

2020 Small Game Committee

CHB/SAA Board of Directors has approved the following committee members for our Small Game Club. Please welcome your new committee.

Chairman William J Barr

J Barr <wbwestmark@sbcglobal.net>

Amanda Duchardt

Gilbert Olivas

Rodger Cady

Scott Dayton

Wayne Raupe

We want to thank these individuals for stepping forward and carrying the torch forward with their efforts. If you live in, or north of Sacramento and have a burning desire to assist; please contact J Barr directly, he would love to speak with you! The more involvement we have from our northern hunters the stronger our organization. This would be true for our Big game Committee as well. If your interest lies there please contact Rodney at York@ry69bgc@gmail.com

Thank You for your Donations to the CBHSAA Legislative Defense Fund!
By Robert Moore- Legislative Coordinator

I want to thank those that have donated funds to our Legislative Defense Fund. With your donations, your Legislative Team, representing the six DFG Regions, can attend important meetings and react to issues that are impacting our sport. We can also meet our Financial Obligations to Gaines and Associates who represent us in the state capital, at all DFG meetings, and up and down the state when and where needed. Their goals are to promote wildlife conservation and protect our archery and hunting heritage within the state political system. However, we are, and always will be, responsible for all costs over and above their obligation to us. That is, when CBH/SAA has to retain a legal team to protect us and our sport, it will be at our expense. This is why your donations are so important to the Legislative Defense Fund in any amount you can afford. Again, I would like to thank those listed below in addition to those that donated previously for their support.

THIS MONTH'S DONATIONS INCLUDE:
Archery Clubs, Regions, Organizations and Businesses:
Yuba Sutter Bowhunters \$313
