Well team, it's been a long couple of months, so I'll get right to it. In no particular order, there has been a lot in the way of substantive meetings, awards, youth events, and membership marketing. We just finished the annual State Meetings and Big Game Banquet in Visalia; we've had a good tournament and, of course, Vegas. Not to mention, we had a great State Meeting in February, and I think much was accomplished. I think Visalia has now become the de facto meeting place for California, as it is at a nice midpoint in California and is equally inconvenient to just about everyone.

Lobbyist Bill Gaines came down on Friday and gave us a nice rundown on 'all things legislative' in California. Having Bill do these presentations is always nice because of his expertise. He seems to explain things in a simple, understandable way, and he can give context that we (Amanda and I) don't have.

Day one, Saturday, went well with good, detailed reports. Thanks to everyone for keeping reports on track and moving (meaning no one got too long and put anyone to sleep). We moved quickly to a couple of petitions and passed them pretty much unanimously.

We took some time and discussed our new shooting style, and settled on the name *Modern Bowhunter*. [See page 8] This new style is detailed in the new bylaws and should have been relayed to everyone by now; if you aren't sure about this, reach out to those in your club or me. I think the board felt that both NFAA and CBH/SAA had fallen behind the times, we have

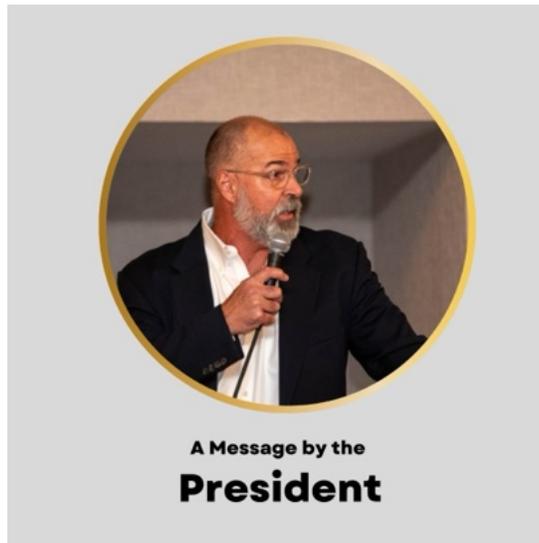

some really great new appointments for CBH/SAA. I am excited to announce that Robert Tehee has accepted the appointment to Vice President of CBH/SAA.

Robert has been a great friend and sounding board for me personally since I first met him at SAB in 2019. Robert jumped into the position of 2<sup>nd</sup> VP of Field and did a great job with resurrecting the State Field Tournament over the last 4 years. I'm excited to have

Robert as second in command and know that if I'm not able to continue as president for any reason, he will be the next in line to bear my cross!

I am equally excited to announce that Mason Farris has been appointed to be the next 2<sup>nd</sup> VP of Field Archery. I have known Mason since the 2021 State

Broadhead at NOMADS and have always been impressed by his knowledge as an up-and-coming top shooter here in California. Mason has always been ready to jump in and help and will do a great job with some of his new ideas for the State Field. I have also been open about setting up a new board position for 2<sup>nd</sup> VP of Traditional Archery in 2026. Do not despair ye single string shooters! You will not be forgotten. After some careful consideration I just think that Traditional Archery (single string styles and classes) needs a solid voice at our meetings and throughout the state. Much of the Traditional archery has been abandoned to some extent at the national level, and there is way too much of it going on in California to ignore any longer. Continued on page 15

### WHAT HAPPENED AT THE CBH/SAA ANNUAL MEETING;

Friday afternoon started the meetings with our Legislative Director, Amanda Duchardt at the helm. She introduced Bill Gaines, who is our representative at the State Capital, fighting for our hunting rights, which he does a darned good job of it too. Bill gave a 3 hour debriefing on what is going on....20 bills are being tracked...there is a temporary hold on the issue of the Catalina Island Deer and a new bill is being sponsored to bring back bear hunting with dogs.

Success with 22 more archery hunting tags for elk! Chronic Wasting Disease is still out there and there was mandatory testing in zone X9 ABC & D7. Other areas were not mandatory, just optional.

Amanda has done a fabulous job of representing CBH/SAA with our legislative issues. She's also got a great team; Chriss Bowles, Jeff Franklin, Brad Belvedere, James Gallagher along with Johnnie Waddles running the IBEP program, which is hunter education. Thanks all!

After the legislative meeting, was the hospitality room where we could all get together and have food, and various beverages, to kick off the general meeting the following two days. It was a bit of a squeeze as the room was a bit small, but that's what hallways are for! 😊 Next year, it will be much better. It was great to see everyone we don't get to see throughout the year. Thanks to Eddie & Micah Thomas and Dale & Toni Johnson who always put on a great evening, much appreciated!

The General Meeting started a couple of minutes after 8am on Saturday with the Pledge of Allegiance and the invocation written by long time ago member, Maryann Twohey. For years it had been recited by Pete Budding, but with the passing of Pete this year, Chriss Bowles delivered the heart felt invocation, that meant so much to many of us, that have lost family and friends over the past year.

Officers reports were presented, from President Chriss reflecting on all of the travels throughout the state representing us at the State Capital, to many clubs and shops and also to the Vegas Shoot. At Vegas, CBH/SAA had a booth, where he answered numerous questions, sold caps, gave out stickers, etc. A very good showing.

For her first meeting, Heather Tucker, our new treasurer, presented her report and the budget and encouraged anyone with questions, to reach out to her.

Another, sort of newbie but not, Bret Scott took over the 2<sup>nd</sup> VP Hunting/Big Game Club Chairman, after the 2024 Broadhead where he realized we were in need of someone to run the program. Bret has taken on the role seriously, pushing for more attendance at the 2025 Broadhead, the \$10k raffle, having measuring clinics throughout the state and he is in need of a Small Game Chairman. If anyone is interested, please reach out to him or Chriss.

The 2<sup>nd</sup> VP, Robert Tehee, is doing a great job with the State Field and the State Marked 3D. This year, Shasta Mountain Archers will host the Marked 3D and the State Field will be held at various locations throughout the state, as a one day event. More info to follow.

One more newbie, 2<sup>nd</sup> VP Target, Tere Johnson has done a great job handling the results of 393 competitors and getting 200 awards out! Let alone acknowledging the 14 new state records! Looking forward to 2025.

Unfortunately, Brian Webb, 2<sup>nd</sup> VP Indoor, was not able to attend, but had just received the last of the indoor packets and working on getting them compiled so we can have results, hopefully in this edition.

Thanks to all of the 2<sup>nd</sup> VP's that do such a great job!

NFAA Director, Alan Eagleton, is waiting for the agenda items from NFAA as NFAA has changed their meeting date again! It is now in September. With Gary McCain's help, we hope to receive the items before the Mid Year President's Meeting. Alan also handled the State Traditional Shoot and although the attendance was down, it was still grand! Curt Stevenot was an archer that weekend and he commended Alan with a "hats off to Alan, it ran smooth".

Gary McCain has now changed hats and is our NFAA Southwest Councilman after Tom Daley's retirement, these two have been 2 peas in a pod for years and we are in great hands with their representation.

Tom Daley is the Hall of Fame Chairman and he was happy to report that the HOF Committee met for a couple hours on Friday (before the Legislative Meeting) and it was a very productive meeting. We will be inducting 5 persons at the 2026 Hall of Fame Banquet and you all will be pleased with the inductees. Those names will be released as the inductees find out themselves. Hope to see a lot of people at the banquet next year.

The donations were awesome this year. So many clubs and regions donate to the various causes and it seems like a race, once one starts donating, the others chime in and it is a great feeling to know that people have generous hearts. Recipients of these donations were; Legislative Defense Fund, Hall of Fame, Archery Foundation (a 501c-3, tax deductible by the way) and the Range Fund.

There were only a few petitions on the agenda this year (not like the 43+ last year). Just a few clean up ones and the majority of discussion was on the new class we are adding this year. It is called Modern Bowhunter. It will be for the Adult class only. The class is listed in this newsletter.

We are pleased to announce that due to the vacancy of the CBH/SAA VP, Robert Tehee has now been appointed as VP and with the vacancy that Robert just left as 2<sup>nd</sup> VP Field, we are pleased to announce that Mason Farris will now be in the 2<sup>nd</sup> VP Field position. Mason is a competitive Barebow archer, raised in archery for his long 25 years of age and has a family resume to back him up (Gary & Sandy McCain's nephew). Archery is in his blood and he will do a great job.

The highlights of the meeting have been hit, you've heard about the Big Game Club Banquet and what a success this was, now let's look forward to the 2026 Hall of Fame Meeting & Banquet. Put this on your calendar for February 20-22, 2026 at the Wyndham Visalia! See you there!

## Big Game Club Report Bret Scott

I'm starting off my report with an important plea: my request that clubs consider a bid to hold the State Broadhead shoot next year, 2026. Remember, you only need to supply the land; the Big Game Club will supply the targets, registration, setup/takedown, etc. Moving it to the middle of the state would be nice so it's more convenient for everyone to participate.

Another topic I would like to touch on is the vacant Small Game Chairman. This position works under the Big Game Club 2<sup>nd</sup> VP of Hunting. The duties include: the carp and tilapia tournaments, recording small game entries, trophies, and helping with the awards at the Big Game Banquet. This is a board position, so you would also attend the state meetings. If you are interested, please let me know.

Are you planning to attend our State Broadhead tournament in May at Oranco? Have you purchased your tickets for the \$10K Raffle? We have acquired a few special prizes that we will

be given out during the drawing. We will also be raffling off a High-end Bow on Saturday night and a Kuiu package on Sunday! I hope to see you there, and bring a friend!

Now, I want to highlight a new award the Big Game Club has created. It is the "Howling Coyote" trophy. You must have taken at least 10 coyotes with your bow to get this trophy. Once you have achieved this, you will get the award at the next Big Game Banquet, held in odd-numbered years. After you receive this award, we will add to your count every Big Game Banquet if you get more coyotes. At this last banquet, we awarded Brad Graf with this trophy, his current total is 56 coyotes! [See photo of Brad on the left.]

Remember that bow fishing season is upon us. Turn in your trophy-size carp and tilapia. Until we get a small game chairman in place, you can send your entries to me, Bret Scott, 11381 Encinas Dr, Riverside, CA 92505.

See you at the next 3D until Hunting season starts!

**WANTED**  
**YOUR STORIES and PHOTOS**  
**Do you have a story to publish? Maybe you have really cool photos that you would love to see in the newsletter...**  
**We would love to read about your adventures and see them here!**  
**The deadline for the June Newsletter is: April 25th!**  
**Send your story to Lori Raupe**  
[lori.cbhsaa@gmail.com](mailto:lori.cbhsaa@gmail.com)

**PLEASE NOTE:**  
**Some Contact Email Addresses on Page 2 have changed!**

## NEW SHOOTING STYLE

### Announced

#### Modern Bowhunter

1. Any site, moveable or fixed, without a lens in the sight and no magnification allowed. Points of attachment shall not be considered reference points. A line running vertically from its top attachment in the pin guard to its bottom attachment in the pin guard would be legal. Sighting reference points, string peep (with or without a lens) and/or kissers button may not be moved during a round. Scopes, clickers and draw check are not allowed. A round or oval housing around the points of reference is not considered a scope as long as no lens is used. No additional pin guard may be used.
2. Release aids will be permitted. In the case of physical disability of the arms or hands, a chew strap may be used in place of fingers or release aids.
3. A pinguard mounted on the sight, and a level mounted anywhere will be legal in this style of shooting.
4. A string of suitable material with a center serving and end servings of the same or different color than the sting may be used. One consistent nocking point only is permitted. Nocking point locators shall not extend more than ½ inch above or below the arrow nock when at full draw. Brush buttons and string silencers properly attached will be legal.
5. One anchor point only is permitted.
6. All arrows shall be identical in size, length, weight, and fletching with allowances for wear and tear.
7. Brush buttons, string silencer, positioned no closer than midway between the nocking point and where the sting touches the wheel/cam, and bow quiver installed on the opposite side of the sight window, with no part of the quiver or attachments visible in the sight window are legal. One straight stabilizer, couple device included if used, which cannot exceed 15 inches at any time, as measured from the back of the bow, V-bar, counterbalance and string dampeners may be used.

8. An archer will not be permitted to change the draw weight of the bow during a round.
9. During a round, no adjustments may be made to the bow, with the exception of sight and its related equipment, unless equipment failure is recognized.
10. Peep verifier and clarifier allowed.
11. Adult class only first year.
12. Backbar may be attached to the stabilizer coupling device or anywhere else on the bow.

## Archery and Mental Health Cover Story Jim Teel (AKA “Carp Killer”) Range Captain/Oranco Bowmen

When most people begin shooting field archery, they approach it as a sport. And practice makes perfect, right? The more you practice, the better you get. As you hone your archery skills, the natural progression is to begin competing in tournaments to measure yourself against other archers. But what drew me to archery had nothing to do with competition or even fitness, for that matter. I happened to stumble upon archery in a very round-a-bout way. And the difference it made in my life was nothing short of life-changing.

Ten years ago in February, I suffered the traumatic loss of my 17-year-old son, Jacob. If you're a parent yourself, then the first thought that probably went through your mind as you read that statement was probably something along the lines of "I couldn't even imagine..." And the truth is ***I don't want you to***. The thought alone is enough to bring any loving parent to their knees. The painful truth is that it is far worse than you could possibly imagine.

I was in a very dark place, for a very long time, before I found archery. As a veteran, I had access to support groups and a variety of antidepressants, none of which ever really solved the problem. And even though I relied heavily upon the medication I

took every single day, my mental health wasn't really improving, and I doubted that I would ever be free of the depression that utterly crippled me.

During a trip to Big Bear Lake with my girlfriend, Leigh Anne, I discovered how much better I felt when I was on the water. We rented a canoe and spent the day fishing for trout. I don't think we even caught anything that day, but being on the water felt much better than anything I'd tried until then. I decided to purchase a canoe of my own, and I made a habit of going to the lake.

Within the first few months, I found Big Bear had a substantial carp problem. Some mornings, the carp were so thick that they would literally hit the side of the canoe as they swam away from my silent approach.

"If I had a bow and arrow," I reasoned, "this would be child's play" ...or so I thought. So I bought a bow, got the necessary bow fishing gear, and began bow fishing right along with my regular fishing gear. It didn't take long for me to decide that I only wanted to bow fish and stopped taking my other fishing equipment altogether.

I was hooked.

I didn't know how to articulate it at the time, but the time I spent on the water, hunting down carp and repeating that sequence of drawing a bow over and over again, was providing me with a degree of peace that I never thought I would find again.

When the summer ended and there were no more carp to shoot, I knew I needed to continue shooting a bow. So I looked online for an archery club and found Oranco Bowmen.

(Continued next page)

### Archery and Mental Health cont from pg 13

I shot as often as possible and applied all of the points of instruction (generously offered by members) I received along the way. At the time, I didn't understand why I felt just a little bit better every day I had a bow in my hand. But the longer I shot - the better I felt on a day-to-day basis. So, I continued to shoot.

Like many archers new to the sport, I was reluctant to shoot any tournaments, reasoning that I wasn't good enough, etc. But I was talked into it by a community that welcomed me with open arms. I didn't win any awards straight out of the gate, but I did make a lot of friends and I always enjoyed the time I spent on the range.

I was in the process of finally healing and I didn't even know it.

A couple of years after I joined the club, I was able to wean myself off the medications I'd relied so heavily on for *so many years*. And I owe that to the sport of archery and the community that promotes it. Without knowing what to call this relationship between archery and my steadily improving mental health, the improvements in my quality of life were undeniable. I drank less, and I could see firsthand how my participation in the sport was very systematically reducing my depression and increasing my sense of well-being.

**Somatic movement** is the term for a form of mindful physical activity that focuses on the internal experience of the body rather than external goals or performance. Some of its benefits are:

- **Stress and Anxiety Reduction:** Somatic movements can help release tension, improve breathing patterns, and promote a sense of calm.
- **Increased Body Awareness:** By paying attention to sensations and movements in the body, individuals can gain a deeper understanding of their physical selves.
- **Improved Mobility and Flexibility:** Exploratory movements can gently stretch and release muscles, enhancing mobility and flexibility.
- **Emotional Release:** Somatic movement can facilitate the expression and release of emotions that may be stored in the body.
- **Enhanced Body-Mind Connection:** By cultivating a mindful approach to movement, individuals can strengthen their connection between their physical and mental states. (Continued on page 18.)

### **President's Message continued from page 3**

I am in the process of writing a job description for the position as I write this and will be presenting that as a permanent change to the constitution at the next meeting. More to follow as it develops. Overall, a very productive meeting.

Thanks to Bret Scott and the Big Game Committee for a first-class awards banquet. We had some great animals turned in by many of our old favorites and we even saw some new faces. Congratulations to all the winners! You know who you are. It was nice to finish up early this year and give everyone time to walk around and talk. Overall, a great banquet with very worthy recipients. If Bret has not already touched on this then be advised we are looking for more people to get involved as measurers. See Bret about the specifics, but there are going to be a few measuring clinics going forward and it's a great way to get involved and learn something interesting along the way. The CBH Big Game Club is an important part of our history and our future. Check out the website and see how you can get involved.

I did want to give a huge thanks to Lodi Bowmen for hosting the CBH State Traditional Championship in February. Bryn Borris, Bill Midgely, and their entire team have been huge supporters of CBH with the State Broadhead and State Trad over the last few years. Lodi is a first-class club and range and definitely worth going to when you have a chance. The State Trad was down in attendance a little this year, but was still a great time for everyone who went. Thanks to Alan Eagleton and his team for running a first-class event. I am also happy to report that there were no "incidents" or "shenanigans" (I just love that word) this year, and I heard great reports from all who shot. Great job, team, and thanks to everyone who went and supported this event.

Vegas 2025 was a productive stop on my tour in the first quarter. We set up a nonprofit booth at the vendor show once again this year, and it was nice to see the people who had stopped by. Once again, we partnered with SAB and the Redding team right next to us to promote NFAA, CBH/SAA, the Redding shoot, and all things archery in California. The Vegas Shoot was new to the Paris/Horseshoe/Planet Hollywood complex this year, and things were a little different than in years past. Sadly, we chose a space that had us tucked back in a corner of the vendor area. We will be more visible next year. Thanks to Cherry Valley Bowhunters for feeding me on Friday night. A couple of plates of spaghetti, and I was ready to go. They undoubtedly saved me at least a hundred bucks in food costs with that one meal alone IYKYK! (*If You Know You Know*, for those that don't know. If you know what I mean.)

Thank you, Timalyn Enright, for a great meal, and to Kyle Miller, for a tasty Old Fashion! The attendance looks like it was really good, but be prepared if you go next year as the prices are steep. Vegas is a great shoot and an important stop for top shooters. If you want to see the newest, greatest, and best in archery, then Vegas is definitely that place. Thanks to Johnnie Waddles for sitting with me and helping talk up California Archery. I always appreciate the help!

In between the big events, I squeezed in an opportunity to participate in the Conejo Valley Archer's Traditional Archery Festival. This is a fun and competitive event organized along with the Bombardier Trad Shoot that they hold every year. Thanks to Wendell Wright and the whole Conejo team for having me and allowing CBH to man a booth for Saturday. It was another great opportunity to talk with a lot of Traditional Archers and hear some candid feedback, as well as talk with some of the top Trad archers in the area. Continued Next Page.

**President's Message continued from page 15**

Conejo has a beautiful range and can host a variety of shoots and a number of different types of shooting. It was really great seeing a club working to enhance traditional archery here in California. Go check them out when you have time.

On Saturday March 15<sup>th</sup> I took a trip to Catalina Island to help Lt. Ryan Cordero of the CDFW put on an Intro to Archery program for a group of young kids from the Island. For those of you not familiar, Catalina is a small island off the coast of L.A. and is not without its controversy. Luckily, this time, we were just there for the fun. Thanks to Al Wiscovitch, President of Oranco Bowmen, for going with me and helping out with the whole project. It makes it a whole lot easier when you have an extra experienced archer who is also a bit of a local who knows the area. Catalina is the center of the Mule Deer eradication project, and it certainly made for some interesting discussion when in the presence of the conservancy personnel. We had a lot of fun showing the sport of archery to the kids, and not surprisingly, they are all ready to start their own archery team. Another group of happy campers!

I did attend one Fish and Game Commission meeting in February, just before the State meetings, and will be looking to attend the next one on April 16<sup>th</sup>. Happy to report that we are just a few weeks from getting the Big Game tag allocations finalized and see some improvement in AO Elk tags as well as some additional General Season Sheep tags for the entire hunting community. Thankfully, the coyote issue was tabled until the May WRC meeting. WRC will be on May 15<sup>th</sup> and will undoubtedly be a spirited discussion about coyotes. I would love for the hunting community to appear at that meeting and jump in on the discussion. If you can only attend online, that's better than nothing.

I genuinely believe we can put this to rest at that meeting, but you never know. Read up and be informed.

The bear bill, AB1038, is in play and will be heard in committee on April 29<sup>th</sup>. Follow the Houndsmen online and listen to HOWL for Wildlife for even more information as it becomes available. Getting hounds back for bear hunting would be a huge help especially as it relates to Human-Bear Conflict. More to follow as it becomes available. Please keep an eye out on SB 818 as well. This would be a huge win and is a big reach, but getting hounds back to run Mountain Lions is on the table. This isn't a hunting bill per se, but it does get hounds back to at least haze lions out of the urban areas and help protect citizens and domestic animals. As we get ready for the next hunting season in April, it will soon be time to get started on the 2026/2027 regulatory cycle. We will be looking to pursue some improvements in the bear regs and some other tag allocations. Make sure to see your CBH Regional Legislative Rep for more details, see how you can get involved, and let your ideas be heard.

As I head into April and May, I will look to continue my involvement in Sacramento as well as visiting more of the California Archery Pro Shops. There are always a lot of great CBH/SAA activities and shoots to attend. Make sure to get the State Broadhead on your calendar. We will be at Oranco Bowmen in Chino this year, and it should be one of our biggest ever. Get your 10K drawing tickets now! They will sell out, and they're already going quick. A few new rules that should make it a fun shoot and some really sharp award buckles for the winners! Registration is open on the website now, so get signed up today. Make sure to notify the club beforehand if you're camping, as we expect it to be crowded. Continued Next Page.

**President's Message from page 16 ~** On May 31<sup>st</sup> there is two of our Youth Outdoor Adventure days at both Raahauge's and Compton Hunt and Fish Club. The southern California teams will split duties at those two venues to share archery with kids. It should be a long but rewarding day for everyone involved.

State Field is coming up quickly in June, so make sure to mark your calendars and don't miss out. State Field is going to be three venues this year in order to accommodate more shooters with less travel. Kings Mountain, Oranco and Nevada City will all be hosting this year. With all of these venues and spaced out for convenience I would expect we will see quite a few more archers and some great competition. Don't miss out! There is a whole lot going on right now, see the CBH/SAA website and calendar for more details.

I have a small announcement to make as I close tonight because I don't want anyone to be surprised. Effective at the end of 2025, we will end the printed and mailed newsletter. After December, the newsletter will be available only by email to your inbox. There will be no change for those getting the emailed or digital newsletter now. I know some of you have voiced your opinion and would like to get it in your regular mailbox. However, it is just not a cost that we can continue to absorb. The snail mail version of the newsletter costs CBH/SAA over \$20K per year in printing and postage. This is not an effective use of the organization's money. I encourage everyone to send Secretary Pam Severtson your latest greatest email address if you have not already done so. This will ensure you are getting the electronic version of the newsletter. At that point you can either print it out or read it on the screen...that is up to you! Believe me, it will be the same newsletter in the same format with the same great information' it will just be an email attachment rather than a paper copy.

[www.cbhsaa.net](http://www.cbhsaa.net)

This should free up some extra cash to continue offering great archery programs and representation for the entire California archery community.

In closing, I encourage everyone to get your hunting license for 2025/2026. Even with all the doom and gloom about dwindling deer herds and missing antelope, our great state still has a lot to offer. And don't miss the big game drawing deadline in June. As always please continue to support our local California archery pro shops. There are a bunch of really great shops in California, and all of them offer good professional service for all of your archery and bowhunting needs.

Lastly, I would like to congratulate the new board of directors at State Archers of California (SAC), USA Archery's state affiliate. Most of their board are also NFAA members and very fine target archers helping to grow Olympic-style archery programs. Best of Luck to Ken Downey and his team as they work right along with us to grow the great sport of archery in California! Until next time, shoot straight and stay safe!

## Proud Sponsors of the 2025 State Broadhead Tournament

**Archery and Mental Health continued from pg 14** Now, if you're an archer - then you probably just read that section and said silently to yourself, "*That's archery.*" And you'd be right. Turns out, that by repeating that sequence of minding all of the details that accompany a perfectly released arrow, you gain something far more profound than the thrill of an arrow hitting the mark...you gain peace of mind. The same can be said for people who embrace similar sports where all of your attention has to be focused on a combination of factors to ensure proficiency.

Take surfing, for example. If you're going to do it well, you can't be thinking about anything other than staying on that surfboard. There's no time to think about financial woes, the fight you just had with your significant other, or anything other than *staying on that board*. A perfectly released arrow also demands that same level of heightened awareness. It's an endless pursuit of fleeting perfection. You never *arrive* per se, and every new arrow you nock onto your bowstring requires the same level of attention as the one before it. You may never find yourself on the podium for a state championship and you may never unseat one of the big shots in Las Vegas. But every single person who continues to shoot will reap the rewards of a mind more at ease.

If you have anxiety due to money or relationship problems...go shoot your bow. PTSD weighing on you like a Mack truck? Go shoot your bow. Difficulty finding peace? **Go and shoot your bow**. There will always be those individuals who excel in any given sport. I've won a couple of competitions here and there, and don't get me wrong - it does feel good to be celebrated for that brief moment in time. But the lasting effects of shooting your bow

every week are where the real rewards are found. The friendships you make along the way are equally important. Most of my best friends are within the field archery and bow fishing communities. I put a lot of my time and energy into supporting my club because I know that the lifeline I received will be needed by someone else in the future.

To be part of the team and part of the community that provides that healing environment is quite simply my greatest honor.

I wanted to remind all of you that the healing ability of this sport and of this community should be what you value the most. You can only put an award on your wall and show it off once in a while to a house guest. But what you get out of archery on a personal level is by far the greatest reward. I've put off writing this article for a long time for personal reasons. I didn't want to identify myself by the tragedy in my past. But it's been long enough now and I feel it needed to be said. So thank you for taking the time to read this long overdue testimonial.

I'll see you on the range...or on the water.

Jim Teel started a YouTube channel when he saw there wasn't a lot available in terms of helpful instruction for bow fishing. He shares what he has learned along the way in terms of gear and philosophy, going back from his days when he was shooting from a canoe. Now he bow-fishes in style with a beautiful, newly won, 17-footer [1754 Tracker with a 60hp Mercury outboard motor]. Won in a raffle at Big Bear last year. Here's a link to his channel if you'd like to check it out yourself: <https://youtube.com/@carpkiller8777?si=c7j3585ar3x4tDIH>

### CBH/SAA State Broadhead Championship Tournament General Working Mechanics

1. This tournament is designed to appeal to the bowhunter. It is designed to offer the Archer the benefits of using their hunting equipment in a tournament. **NFAA rules do not apply to this event.**
2. The State Broadhead Tournament shall be a one or two day event held on Memorial Day weekend.
3. The 2nd Vice President of Hunting or his delegate shall govern this tournament.
4. The range for this event shall be laid in such a manner as to simulate hunting conditions when possible.
5. Archers must use hunting Broadheads for this event which is keeping with California State Fish & Game Laws on Big Game Hunting.
  - A. Scoring:
    - 1) Vital—10 Kill-8 Wound-5
    - 2) An arrow must be in the target to score, except a “pass-through” which must be witnessed and scored as witnessed by other shooters in the group.
    - 3) “Bounce-ins and Glance-offs” shall not score.
    - 4) “Antlers” do not score.
    - 5) Shaft of arrow must touch the line for higher score.
    - 6) Double scoring is required.
    - 7) This shall be a one-arrow tournament at unmarked yardages.
  - B. Divisions and Styles of Shooting:
    - 1) Divisions
      - a) Seniors (65+)
      - b) Adult (18-64):
      - c) Junior (12-17):

      - b) Non-Sight (NS)
      - c) Bowhunter Release (BR) up to 7 fixed pin, Max 12” Stab Front, Backbar OK.
      - d) Hunter Release (HR) Bow must be camo or matt finish, Quiver must be attached to bow, Any sight ok, No stabilizer restriction
      - e) Recurve (No Sight) (RC)
      - f) Longbow (No Sight) (L)
      - g) Junior Class will be Sights/Non Sights
  - C. Awards:
    - 1) CBH/SAA Membership (Regular or Associate) is required to compete for awards.
    - 2) Guest Class is one Class (Male and Female combined) and there will be no awards.
    - 3) No awards will be mailed.
    - 4) Cubs and Peewees Participation Awards Only
  - D. Tackle
    - 1) Mechanical Broadheads must be operational
    - 2) 12” stabilizer restriction on Bowhunter Release Class Only.
    - 3) Bow Quivers are allowed in all styles.
    - 4) No magnifying scopes are allowed.
    - 5) No compound over 80 pounds peak draw weight. Recurves and longbows have no weight limit.
    - 6) NO RANGE FINDING DEVICES ALLOWED!!
    - 7) Broadheads must be dulled and meet Fish & Game Codes at all times during the shoot.
    - 8) Practice blades are allowed if they meet Fish & Game Codes (7/8 minimum diameter)
    - 9) Broadheads may be subject to size testing at any time during the tournament.
    - 10) All bows shall be limited to 300 fps with a 3% tolerance for differences in chronographs.
    - 11) Arrow speed may be checked anytime during the tournament.
    - 12) Longbows: any type of arrow shaft is allowed.
    - 13) Longbows: will be shot off the shelf
    - 14) Clickers allowed in all styles.
    - 15) All bows and broadheads must be inspected on Saturday morning.
  - E. Miscellaneous:
    - 1) Cubs and Peewees will shoot field points only
    - 2) Parents will be responsible for the supervision of their children at all times.
    - 3) All protests to the Protest Committee will be in writing within thirty (20) minutes of the end of the tournament each day and include a \$25 fee which will be returned if the protest is upheld.
    - 4) There must be a minimum of three shooters per target at all times.
    - 5) Top shooters from each style will be grouped on the 2nd day of the tournament. Cubs and Peewees will not be allowed to shoot in top flight groups. NO EXCEPTIONS
    - 6) **NO TARGET OR SIGHT NOTES ALLOWED (SIGHT TAPES OK)**
    - 7) No discussion of yardage prior to shooting. Discussions afterwards must be done in a manner to ensure that other archers who haven’t shot will be assisted .
    - 8) No one is allowed on the tournament course before or after the tournament shooting hours except for tournament officials
    - 9) Spectators will only be allowed with unanimous approval of the group.
    - 10) Rule violations can result in disqualification.
    - 11) Cell phones allowed, pictures and promotion on social media encouraged.
    - 12) Tournament officials will have communication devices for emergencies and range duties.
    - 13) Unsportsmanlike conduct can result in disqualifications.

**Thank You for your Donations to the CBHSAA Legislative Defense Fund!  
By Amanda Duchardt - Legislative Coordinator**

The CBH/SAA Legislative Team would like to extend our wholehearted thanks to all those who donated to the Legislative Defense Fund. It is our goal to promote wildlife conservation and protect our archery and hunting heritage within the state political system. With your donations, the CBH/SAA Legislative Team can attend important meetings and address issues that are impacting our sport. We can also meet our financial obligations to Gaines and Associates, who represent us in the state capital and FGC meetings throughout the State. Additionally, it is our responsibility to cover any legal expenses when we need to retain a legal team to protect us and our sport. This is why your donations, in any amount, are so important. Again, we thank those listed below, in addition to those who donated previously, for their support!

This Month's Donations Include:  
Mark Gera \$100, William Eskridge \$100  
THANK YOU!
