PRESIDENT'S MESSAGE

A quick update from the President's office. Hope this short article finds everyone well. It's already turned into a very hot summer and doesn't look like an end is in sight. With hunting season in full swing please make sure you're safe out there. I have seen some pretty cool pictures coming out on social media of some nice bucks. As always, I am wishing everyone lots of success. We made it through another State Field event, and I want to recognize some folks. A huge thanks to Mason Farris for his leadership and organization. As Second VP of Field he has a big job

Chriss Bowles

just like the other Second VP's and it really does take a lot of tedious work to get scores, awards, and records completed. Mason has turned into a great archer and is emerging as a strong leader on our CBH team. Give him a shout when you can. Thanks of course to all the venues for this year's event. Great job Oranco, King's Mountain and Straight Arrow!

Also, I want to take a moment to thank VP Robert Tehee for his work with Team Whiskey this year again. Robert was able to attend two of the Whiskey events and share some information about CBH, who we are, and what we stand for. Robert does a great job at these events and is a very good spokesman. Team Whiskey is a great fundraiser for cancer victims and has shown it to be a well-organized, non-competitive, destination archery event.

We completed the Mid-Year President's meeting in Visalia, and I think it was productive. We will be looking to put next year's meeting on a video call in order to save money and make it more convenient for everyone.

We have the State Traditional flier up on the website and in this newsletter, and ready to go for 2027. The shoot will be at Fresno and promises to be a great shoot. Fresno always puts on a first-class event, and I am really looking forward to it. Get signed up early. Gabrielle is working with the last few shops and venues to get everything ready for the State Indoor. Keep your eyes open for the flier coming soon. We should have most if not all the same venues as last year but take a look for the flier on the website and in the newsletter when it becomes available.

It's been an exciting couple of months on the legislative front, and I know Amanda will have a detailed report in the Legislation section. Have a read! Suffice it to say that we are winning more than we are losing. That being said, please feel free to reach out to any of the legislative team with any ideas or concerns you may have. If it's something we can tackle, we will do it for sure. If it's not going to happen, we will take a moment to tell you why.

I will be traveling to Sacramento for the Hunting Conservation Coalition meeting in a week or so and will most likely try to attend the Wildlife Resource Committee (WRC) meeting in September. WRC promises to have some spirited discussion surrounding this year's big game package as well as some discussion surrounding mammal trapping. More in my report next month.

Last thing in the report is this year's 900 as well as other shoots up and down the State. We have very few people signed up for this year's 900 and from what I hear shoot numbers are down in a lot of areas and at the club level. I would like to do everything we can to help raise attendance for every shoot in the state. Feel free to let me know if you have any ideas or thoughts. Shoot me an email. Some folks may be perfectly happy with their numbers and that's fine. If not, then let me know what we can do to help. We have seen a precipitous decline in Hunter Education numbers as well as hunting license sales statewide. I could easily blame it on cost, but I would like to see what else is driving the decline.

Until next time, shoot straight, best of luck hunting and please be safe!

Amanda Borsada

LEGISLATIVE DIRECTOR

Greetings CBH/SAA friends and family!

Welcome to your comprehensive legislative, regulatory, and tournament update for September 2026!

Sportsman's Caucus Events

Participating in key legislative events like the Sportsman's Caucus Shoot (June 24) and Social Event (August 3) gives archery and bowhunting a direct, tangible voice in the State Capitol.

A massive thank you to the Maya Archers crew, Mark Rubio, Johnnie Waddles, Carlos Rodriguez, Robert Williams, Sharyn Granville, John Laubinger, Chriss Bowles, Richard English, and the rest of the team, for setting up, managing, and hosting the live archery demo and booth on June 24. Their dedication year after year is incredible, and we truly could not do this without their support. By providing safe, expert instruction to state leaders, they directly showcased the passion and discipline of our archery community. Notable attendees and their staff included Representatives Heather Hadwick (R – District 1) and Lori Wilson (D – District 11), Senator Steven Choi (R – District 37), and newly appointed CDFW Director Megan Hertel. Richard English also represented CBHSAA at the August 3 Sportsman's Caucus Social Event, which was attended by Representatives Heather Hadwick and Jeff Gonzalez (R – District 36), along with key legislative staff. Consistently showing up at these events builds vital relationships with lawmakers and ensures our community's priorities remain front and center in Sacramento.

California State Legislative Updates

We are in a race to finish up the legislative session at our State Capitol.

Here are the key August–September Legislative Calendar Deadlines:

- August 14: Last day for fiscal committees (Assembly and Senate Appropriations) to meet and report bills out of committee to the Floor (includes Suspense File decisions).
- August 21: Last day to amend bills on the Floor.
- August 31: Last day for any bill to pass the Legislature (end of legislative session).
- September 30: Last day for the Governor to sign or veto bills passed by the Legislature.

Through our government relations team at Gaines & Associates, CBHSAA is actively monitoring and steering legislation affecting bowhunters, archers, and conservationists across California:

- AB 1912 (Archery Deer Season: Concealed Firearms) – SUPPORT: Co-sponsored by the CBHSAA and the California Deer Association, this crucial bill corrects a frustrating legal disparity. While current regulations allow CCW permit holders pursuing other big game species during archery season to carry a concealable firearm for personal safety, state law has long denied that exact same protection to archery deer hunters.

<https://cbhsaa.org>

Leg Report Continued

- AB 1912 (Archery Deer Season: Concealed Firearms) – SUPPORT cont: AB 1912 would repeal this prohibition, giving archery deer hunters a legal means of self-defense against immediate threats like illegal marijuana cultivation sites or aggressive apex predators.
 - Status Update: AB 1912 passed off the Senate Floor on August 10 and is now back in the Assembly for a Concurrence Vote. If approved, the bill would move straight to the Governor's desk.
- AB 1722 (CESA Take Prohibition: Self-Defense) - SUPPORT: This bill protects individuals from civil, administrative, or criminal penalties for taking or attempting to take a protected species if they acted in good faith and used necessary, reasonable force to protect themselves or another person from immediate bodily harm. The individual must notify the Department of Fish and Wildlife (DFW) within 24 hours of the encounter.
 - Status Update: Amended in both the Assembly and the Senate, AB 1722 is currently in the Senate Appropriation Committee.
- SB 1305 (Grizzly Bear Reintroduction Study) – OPPOSE: CBHSAA has joined a strong wildlife conservation coalition opposing this bill, which mandates California Department of Fish and Wildlife (CDFW) evaluate the feasibility of reintroducing grizzly bears to California. Adding North America's dominant terrestrial apex predator would severely escalate an already intense predator crisis. It poses massive public safety concerns for outdoor recreationists and would further suppress California's fragile deer herds, which are already in steep decline due to heavy predation from black bears and mountain lions.
 - Status Update: SB 1305 is in the Assembly Appropriations Committee, was placed in suspense on August 5.
- AB 2207 & SB 1021 (Youth & Disabled Veteran Programs) - SUPPORT: AB 2207 establishes a limited hunting tag transfer program allowing voluntary, intrafamily tag transfers to youth, as well as organization-facilitated transfers to disabled veterans and youth with serious medical conditions. SB 1021 requires the Fish and Game Commission to establish a program to expand big game, wild pig, upland, and migratory bird hunting opportunities for resident youth facing life-threatening illnesses.
 - Status Update: Senate Appropriations Committee placed AB 2207 in suspense file on August 3. SB 1021 remains in suspense file in the Assembly Appropriations Committee.
- SB 1397 (Mountain Lions: Human-Mountain Lion Conflict Program) – SUPPORT: This bill is a proactive effort to expand non-lethal deterrence methods and scientific research to prevent mountain lions from habituating to human communities.
 - Update: The bill has been placed in suspense in the Assembly Appropriations Committee.

California Fish and Game Commission Updates:

The next FGC Meeting is August 12-13 in Sacramento. For more information on how to attend in person or virtually, visit: <https://fgc.ca.gov/Meetings/2026>. CBHSAA and our partners at Gaines & Associates continue to monitor the meeting agenda for items of note and will provide updates in future newsletters.

Federal Activities of Note:

CBHSAA signed onto a coalition letter opposing a proposal by the U.S. Fish and Wildlife Service (USFWS) that could significantly weaken protections for federally protected wetland easements in the Prairie Pothole Region—North America's most important waterfowl breeding habitat. These wetlands produce most of the our continent's ducks and support the hunting opportunities that waterfowl hunters have invested billions of dollars to conserve through Duck Stamp purchases, hunting license revenues, and other conservation funding.

The current drain tile setback rule (2024) simply ensures that permanent wetland easements purchased with public conservation dollars cannot be indirectly drained or degraded by nearby drainage systems.

Weakening that rule would jeopardize critical breeding habitat, undermine decades of conservation success, and threaten future waterfowl populations and hunting opportunity continent wide.

For more information on this USFWS proposed rule change to Drain Tile Setbacks, visit:

Joining the WOLF Coalition & Advocating for Balanced Wolf Management

CBHSAA joined Western Justice's Wildlife Oversight and Land Use Front (WOLF) Coalition, advocating to delist the gray wolf from the Federal Endangered Species Act

(ESA). The ESA was designed to protect imperiled species and remove them from federal oversight once recovery goals are met, a milestone the gray wolf has successfully achieved. Across the country, expanding wolf populations are creating measurable impacts on public safety (including hunters), livestock, game herds, and rural economies.

The WOLF Coalition brings together national and state organizations representing ranchers, hunters, outfitters, wildlife professionals, and rural communities, to support practical, science-based management that balances ecological health with human livelihoods. You can also join the coalition as an individual (free to join) and view the full member list at <https://wjjustice.org/wolf>.

To see how wolf recovery affects local communities on the ground, watch Western Justice's documentary series, "Wolves: True Conflict" at <https://wjjustice.org/wolf>. The first episode was filmed in Washington state, while Episode 2 will focus on California. Learn more about Western Justice's mission at <https://westernjustice.info/>.

2026 State Unmarked 3D Championship Updates

Mark your calendars for November 8, 2026, at Cherry Valley Bowhunters. Online registration is now open! Dust off your bows, practice your yardage estimation, and come join us for a fantastic competitive shoot. Please share the event flyer with local clubs and shops. Raffle prizes are coming together! Come support Cherry Valley Bowhunters and the CBHSAA Legislative Defense Fund!

Are you looking to highlight your home range and bring the state's top archers to your neck of the woods?

CBHSAA is actively seeking host clubs for our 2027 and 2028 State Unmarked 3D Championship tournaments. To make hosting as seamless and profitable as possible for your local club, we offer immense operational flexibility:

- Flexible Tournament Dates: Pick a weekend that fits your club calendar and local weather patterns perfectly.
- Flexible Host Fees: We will work with your club to establish a mutually beneficial fee structure.
- Piggyback Options: To minimize administrative work and maximize attendance, clubs have the option to piggyback the state tournament format right onto an existing, established club shoot.
- Please contact Amanda Duchardt for more information or to express your club's interest.

As always, your knowledge and experience are our greatest assets. If you have questions about these bills or want to get more involved, please reach out to the Legislative Committee.

Scott Walker

Across the museum grounds worked Dr. Saxton Temple Pope, a young physician and instructor at the University of California Medical School. At first, Pope knew Ishi only indirectly, as a medical curiosity spoken of in academic corridors. Their lives ran parallel but did not yet intersect.

That changed one ordinary afternoon.

Looking out from a medical building window, Pope noticed a small man seated in the courtyard below, utterly absorbed in his work. Ishi was shaping a bow from a length of yew, his movements deliberate, precise, and unlike anything Pope had ever seen. The doctor watched for some time, struck not by spectacle but by craftsmanship—the calm authority of hands that knew exactly what they were doing.

Curiosity overcame formality. Pope went outside and approached. There was no shared language, no greeting as Pope understood it. Yet as he watched Ishi work, something passed between them—an unspoken recognition of skill and intent. Pope did not interrupt. He observed. Ishi allowed it.

That quiet moment marked the beginning

HISTORIAN

When Ishi arrived in San Francisco in 1911—silent, alone, and carrying the weight of a vanished people—he was placed under the care of anthropologists at the University of California. He lived quietly at the Museum of Anthropology, demonstrating ancient skills to curious scholars who struggled to understand his world.

Ishi and Pope Hunting Trip

of an extraordinary friendship.

Pope, trained in modern medicine, would become a student of one of the last Stone Age hunters in North America. From Ishi, he learned how bows were truly made, how arrows flew, and how hunting was bound to respect, patience, and restraint.

What began as a physician's curiosity became a lifelong devotion—and through Pope, Ishi's ancient knowledge would ripple forward, shaping modern archery and bowhunting for generations to come.

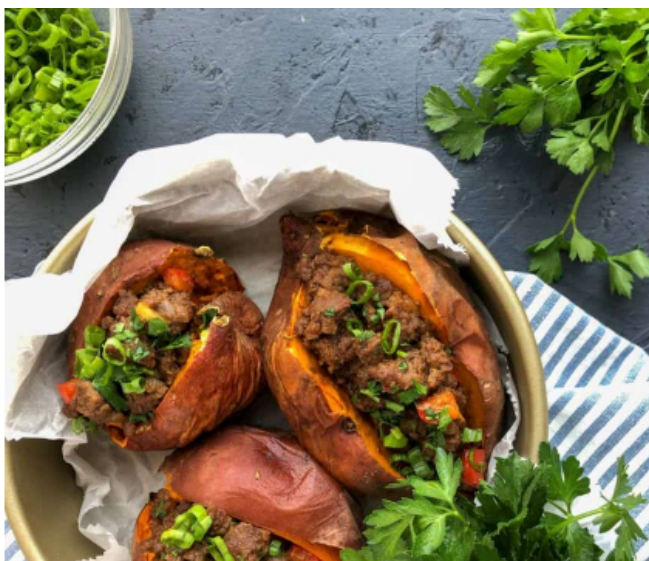

Dr. Saxon Pope meeting Ishi for the first time. Hope you enjoyed it as much as I did.

On The Archer's Table

Sloppy Joe Stuffed Sweet Potato

This recipe is from the Frizzled Leak food blog. Mike Cleavenger is the chef we trust for a fantastic meal. Bring this all-American classic into your weekly rotations. This recipe, sloppy joe stuffed sweet potatoes, will be a great go-to menu item which is easily made with your favorite ground game meat.

INGREDIENTS:

4 medium-sized sweet potatoes
1 tablespoon of ghee or avocado oil
1 onion chopped
2 cloves garlic chopped
1 pound beef ground
1 red bell pepper chopped
1 cup BBQ sauce Whole30
¼ cup green onions sliced
¼ cup parsley chopped

**The deadline for the
October Newsletter is:
September 10th!
Send your photos, stories,
and/or articles to
Lori Raupe
cbh.newsletter@cbhsaa.org
Thank you in advance!**

INSTRUCTIONS:

Preheat oven to 350 degrees.

Individually wrap sweet potatoes in aluminum foil. Place on a parchment-lined baking tray and bake at 350 degrees for 1 hour. (depends on the size of the sweet potato)

In a large cast-iron skillet over medium-low heat add in ghee or oil and sweat the onions and garlic until translucent. 2-3 minutes.

Add in the ground beef and break apart with a spoon. Cook the meat until completely brown. There should be no visible pink.

The chopped bell pepper goes in next and cooks for 2 more minutes.

Pour in 1 cup of Whole30 BBQ sauce and cook for 5 minutes until everything mixes together and heats through.

Spoon the sloppy joe mixture into the sweet potatoes and top with green onions and parsley.

ANNUAL CBH STATE TARGET/900 TOURNAMENT

Calling all California archers! Join us for our annual CBH State Target/900 Tournament, hosted across 10 locations throughout September, giving you the flexibility to compete at a range near you.

This classic target archery competition tests precision and consistency across 90 arrows at three distances, and it's open to archers of all ages and skill levels – from first-time competitors to seasoned veterans. Whether you're bringing the whole family or looking to test yourself against fellow California archers, there's a spot on the line for you. Registration is open now – find a location near you and sign up today!

HOST THE JANUARY 2027 CBH/SAA INDOOR 450 CHAMPIONSHIP

Bids for the State Indoor must be given to the 2nd VP of Indoor as soon as possible for September online publication. Your range must have current range certification and a current NFAA charter or shop license to be eligible. This is accomplished and verified through your online account at the NFAA website.

Hosts are paid \$15 per entry plus expenses, if requested. There will be online registration with optional onsite registration again in 2027.

Send your request to be a host to
Gabrielle at

Have you considered donating to the CBH/SAA Legislative Defense Fund?
Now is the time!

With your annual donation of \$100 (e.g., ~\$9/month or cumulative \$100/year donation) to the CBH Legislative Defense Fund, we would like to thank you with a gift of the CBH/SAA Legislative Defense 2026 Challenge Coin. This year's coin memorializes our ongoing efforts to ensure timely completion of the Bobcat Management Plan and restoration of bobcat hunting in California based on science.

To donate, visit <https://cbhsaa.org/Legislative/Donate>. Thank you for your support!

THANK YOU for your donations to the CBH/SAA Legislative Defense Fund

The CBH/SAA Legislative Team would like to extend our wholehearted thanks to all those that donated to the Legislative Defense Fund. It is our goal to promote wildlife conservation and protect our archery and hunting heritage within the state political system. With your donations, the CBH/SAA Legislative Team can attend important meetings and address issues that are impacting our sport. We can also meet our financial obligations to Gaines and Associates, who represent us in the state capital and FGC meetings throughout the State. Additionally, it is our responsibility to cover any legal expenses when we need to retain a legal team to protect us and our sport. This is why your donations, in any amount, are so important. Again, we thank those listed below in addition to those that donated previously for their support!
